HOUSE.

No. 25.

STATE OF MAINE.

The Committee on the Judiciary, to which was referred the Annual Report of the State Commissioner for the sale of Intoxicating Liquors for the year 1866, have had the same under consideration, and ask leave to Report that the usual number of copies thereof be printed.

Per order.

CHARLES E. WELD.

IN SENATE, January 25, 1866.

Read and accepted. Sent down for concurrence.

FRANKLIN M. DREW, Clerk.

STATE LIQUOR COMMISSIONER'S REPORT.

To the Honorable Governor and the Executive Council of Maine:

I herewith submit to you, as by law required, my Fifth Annual Report.

In conducting the business of the State Liquor Commission another year, I have endeavored to carry out the clear intent of the law, and have furnished to the City and Town Agencies in this State, pure analyzed liquors, whenever legitimately ordered. Special care has been taken to purchase for the agencies such liquors as are suitable for the purposes contemplated and at the lowest market price. And I believe that satisfaction has generally been given.

Prices have not been stable and will be liable to fluctuate with the rise and fall of gold as well as from other causes. There has been quite a heavy business done in domestic liquors on which evidently no revenue tax was ever paid, and they have sometimes been sold much below the market value of sound and reliable articles obtained from legitimate sources. But it has not been safe to deal in them, if it were honorable and just to do so, and a large portion of them on examination have been found to be crude and very imperfect, and therefore excluded from all agencies properly conducted.

The town agencies generally, are well managed, and I judge to the satisfaction of the communities where they are located. But I regret occasion to state that, to this general fact, there have been some exceptions, and the law, which requires that all liquors purchased for town agencies shall be analyzed and certified to be pure by a competent Assayist, has been openly violated and set aside. The instances, however, of persistent violation are few, and less, perhaps, than might be expected, when it is considered how many are engaged in effecting sales of cheap and gross adulterations in every part of the State, the heavy bribes offered and the various methods adopted to bias and mislead those who have charge of

agencies, to secure their patronage. It is to be hoped that the Municipal Boards, responsible in these cases, may yet be induced to set the matter right and correct an inconsistency so palpable and repugnant to every sentiment of obligation and honor.

That there is a growing sentiment favorable to the State Commission is apparent from the annual increase of the orders made upon it, and from the fact that only a single town in the State has drawn on the State Commission of Massachusetts during the year past.

And it is gratifying to note that, notwithstanding the remoteness of so many towns from this office, the annual changes in the Municipal Board and the appointment of new agents, the business relations between them and the State Commission have uniformly been of a most pleasant and agreeable character. To the friends of temperance and good order the fact will be as gratifying as it is creditable to those who have the supervision of our agencies, that no fancy liquors are ordered for them, and only such as are held to be necessary for medicinal and manufacturing purposes, as will appear from my account of sales included in this report.

EATON SHAW, Commissioner.
