SENATE.

No. 26.

---

ARTICLES OF AGREEMENT made this twenty-eighth day of January, A. D. 1867, by and between John L. Stevens and John S. Sayward, both of Augusta, in the county of Kennebec, co-partners in business under the name of Stevens & Sayward, on the one part, and the Joint Special Committee of the Legislature on Public Printing, in behalf of the State of Maine, on the other part, witnesseth:—That said Stevens & Sayward on their part hereby agree to execute the printing for the State of Maine for the current year, and until otherwise directed by the Legislature, promptly and in a faithful and workmanlike manner on the following terms and conditions, viz: For composition, plain, fifty cents per thousand ems, including script work; for composition, rule and figure, one dollar per thousand ems; for presswork per token of two hundred and fifty sheets of book work, with sixteen pages of octavo, or twenty-four pages of duodecimo, printed on each side, one dollar—but any excess of a token shall be charged pro rata for the number of quires contained in such excess; for pamphlets or printed books of sixteen pages or less, composition, plain, sixty-two cents, and double price for rule and figure—no blank to be reckoned less than one thousand ems;—for other presswork not otherwise provided for in this contract, per token as defined in the preceding section, one dollar; and anything less in quantity than a token to be charged for a full token; but any excess of a token shall be charged pro rata for the number of quires contained in such excess.

And said Committee in behalf of the State on the second part agree to pay the prices above stipulated on the terms and conditions before named. And it is further mutually agreed by and between the parties to this instrument, that in the execution of the

work provided for in this contract, the following rules and regulations shall be observed, to wit :

That in printing bills, resolves, &c., where a saving may be properly effected in the amount of composition by adopting half title pages and including the order for printing, or other matter, on a page containing other matter instead of full title, such mode shall be adopted ; that in all cases where blank leaves shall occur in the work hereafter to be executed, the printer shall not be entitled to charge for composition on the pages of such blank leaves : that in all cases where the two houses of the Legislature shall order the printing of the same document, the printer shall not be entitled to charge but for one composition unless the type shall have been actually distributed. In printing blanks where immaterial alterations shall be necessary there shall be a charge for one composition only.

It is expressly agreed that this contract does not include the printing of the Reports of the Decisions of the Supreme Judicial Court, but that it shall apply to all other printing for which the State is held to pay.

Paper to be furnished at cost without bonus or commissions.

This contract shall take effect and be in force from and after its approval by the Legislature.
