THE LAWS AND REGULATIONS

RELATIVE TO THE

MAINE STATE LIBRARY.

The State Library shall be under the management and control of the Governor and Council as a Board of Trustees.

The Library shall be kept open every day in the year, Sundays and the usual public holidays excepted, during the usual business hours.

Books may be taken from the Library by the Governor, Members of the Council, and of the Legislature, Judges of the Judicial Courts, Secretary of State, Deputy Secretary of State, Adjutant General, Attorney General, Land Agent, Reporter of Decisions, Counsel engaged in argument of causes before the Law Courts in the Middle District, Superintendent of Public Buildings, Superintendent of Common Schools, Superintendent of the Insane Hospital, Chaplains, Secretary and Assistant Secretary of the Senate, Chaplains, Clerk and Assistant Clerk of the House, Secretary and Members of the Board of Agriculture during the session of the Board, provided that this privilege to the members of the Legislature, and those officially connected therewith, shall be limited to the time the Legislature shall be in session.

Any person taking books from the Library shall first give sufficient personal security for their return within twenty days.

No person authorized to take books from the Library shall be permitted to have at any one time more than three volumes, nor shall the same be retained more than three weeks, and all shall be returned on or before the first day of January annually.

The following books shall not be taken from the library room, except for the use of either House, or of the Committees of the Legislature during its session, or for use in the Supreme Judicial Court in term time: all books presented by the United States or any of the States; all works, books and documents relating to the laws or legislative proceedings of the United States, or other States or countries; all digests, reports of decisions, and works relating to the science of the law, and Vattemare's exchanges.

Every person shall be answerable for all damage done by him to any book, and in case of the loss of any volume belonging to a set, the person answerable therefor shall procure a new volume or pay in money the value of the set.

Actions for the breach of said regulations may be brought by the Librarian in his own name for the use of the State, and in case of his death or removal from office, the action shall survive and be prosecuted by his successor.

REPORT.

To the Legislature of Maine:

The Librarian of the State Library is required by law to report annually to the Legislature the receipts and expenditures on account of the library, with a list of all books, maps and charts, acquired during the preceding year, and make such suggestions in relation to the library as shall lead to its improvement.

In obedience to the foregoing requirement, I have the honor to present to your honorable body the following annual report and exhibit of additions made to the library during the year ending December 31, 1872.

I entered upon the discharge of the duties of Librarian the middle of October last. Nine months and a half of the year, which is covered by this report, had already transpired in the term of my predecessor. This report is made from memoranda and entries made by him. The exhibits, which follow as a part of this report, are as correct as was possible for me to make under the circumstances. No doubt there are mistakes in names of persons and titles of books. It has been an exceedingly difficult task to collect together the lists of exchanges, donations, &c.

It will be noticed that there have been but few purchases of books the past year. It has been customary to make the purchases near the close of the year. It had not been done when I came to the library. I felt that I could not do it with that care and discrimination, which should be exercised, until I had become better acquainted with the library and found out what class of books was most needed. Early in the spring I shall endeavor to make such additions, by purchase, as the ever increasing demands of the library may require, and the funds will warrant.

The total amount of funds received by me for the use of the library was nine hundred and seventeen dollars, (\$917)—consisting of the amount drawn and unexpended by Mr. Woodward,

former Librarian, being four hundred and seventeen dollars (\$417,) and five hundred dollars of the annual appropriation which is undrawn from the Treasury.

The expenses, since I have had charge of the library, for books and incidental charges, have amounted to thirty-six dollars, (\$36) leaving a balance now on hand of eight hundred and seventy-one dollars (\$871).

It will be seen that our volume of exchanges is constantly on the increase, and the books which we receive from other States by exchange are of incalculable value to the library. It is to be hoped that this system of exchanges may be still enlarged and liberalized.

By donation we have received many valuable books, among the most valuable of which are a large number of Masonic works. For these, great credit is due to the Hon. Josiah H. Drummond, and also to Hon. J. T. Woodward, my predecessor. To them and to all other donors of books to the library my grateful acknowledgments are hereby tendered for their liberal gifts.

The number of books in the library is increasing very rapidly ; more room and more shelves are very much needed. The shelves are all full, and when the books are all in, *very much crowded*. It is impossible to classify and methodize books as they should be until there is more room provided. I call special attention to this matter. Also a new catalogue of the library is very much needed, a finding catalogue, that is the books should be so classified that any person by referring to the catalogue could readily find any book in the library. I hope to be able to perfect a system which shall be satisfactory.

I have no doubt, gentlemen, that you have a just appreciation of the value and importance of a good State Library. It is an institution in which we all take a just pride. I therefore commend the interest of the Maine State Library to your favorable consideration, feeling that you will take pleasure in providing for its increasing wants.

J. S. HOBBS, *Librarian*.

The following lists embrace the volumes of new books received and added to the Library since December 31st, 1871.
