# REPORT

To the Hon. SIDNEY PERHAM,  
*Governor of the State of Maine:*

The undersigned, Bank Examiner, in discharge of the duty devolving upon him by the requirements of law, has examined the several Banks of Discount and Deposits and the Savings Institutions in the State, and has the honor to submit herewith his report of their condition and business for the year ending November 1st, 1872.

## THE BANKS OF DISCOUNT AND DEPOSIT

Are the same as reported last year. By an act of the last Legislature the capital stock of the Veazie Bank of Bangor was reduced from \$150,000 to \$75,000. The bank has conformed to the law, paid out the surplus and is now doing business on the reduced capital.

A detailed statement of the condition of these banks at the time they were visited will be found under the appropriate head. The aggregate of their liabilities and assets was as follows:

LIABILITY.	
Capital stock.....	\$370,000 00
Circulation.....	8,245 00
Deposits.....	289,508 78
Due on dividends.....	2,216 00
Due to banks.....	33,321 85
Profits.....	61,905 49
	<hr/>
	\$765,197 12

ASSETS.	
Loans .....	\$569,084 97
Bonds and stocks.....	29,200 00
Real estate.....	14,000 00
Due from banks.....	63,634 79
Cash on hand.....	89,277 36
	<hr/>
	\$765,197 12

The outstanding circulation now amounts to \$8,245, the larger part of which will accrue to the profit account, only \$369 having been redeemed the past year.

The charters of these five banks now doing business will all expire in October, 1875. The National Banking System proves so acceptable, giving a uniform currency in all parts of the country, it is not probable that the government prohibition on State circulation will be removed, nor is this desirable; and as the income of State banks without circulation is insufficient to induce capitalists to invest in them, the presumption is that the stockholders will not ask for a renewal of their charters.

Some action of Congress by which new banks could be organized, based on government four per cent. bonds with an equal amount of circulation, would be acceptable and could be made profitable.

THE AMERICAN BANK OF HALLOWELL,

Is now the only other State bank in which the public has any pecuniary interest. This bank failed and was placed in the hands of Receivers in 1865. Since that time the Receivers have been in litigation with the creditors and stockholders of the bank, paying large sums in expenses and costs.

In 1870 the Receivers stated that the whole amount realized from the assets of the bank was.....	\$27,467 91
And that they had paid out to redeem liens and mort- gages and for expenses and services.....	15,434 54
And to such creditors of the bank as would receive twenty-five per cent. cash and re- lease their claims, the sum of.....	3,214 01
Being a total paid out of.....	18,648 55
Leaving on hand then.....	8,819 36
Since that time the S. J. Court ordered an assessment of forty-two dollars on each share of stock, from which source the Receivers have credited.....	10,649 26
Leaving a balance at this time of.....	\$19,468 62

The outstanding claims against the bank is about \$30,000. The amount now on hand would pay a dividend of about .63 on the dollar. As the further sum to be realized is uncertain, and must be small, it seems proper that some action should be had to give

to the numerous creditors the small amount due them and to close the affairs of the bank.

### SAVINGS BANKS.

The number of Savings Banks now doing business in the State is fifty-four, five having been organized during the past year, namely :

- Bethel Savings Bank, Bethel.
- Boothbay Savings Bank, Boothbay.
- Houlton Savings Bank, Houlton.
- Lubec Savings Bank, Lubec.
- Winthrop Savings Bank, Winthrop.

The aggregate of deposits and profits held by these banks on the first Monday of November last was \$26,154,333.03.

The investments as compared with 1871 are as follows :

INVESTMENTS.	1871.	1872.
Loans on Real Estate.....	\$5,415,233 82	\$6,246,323 77
" Collaterals, &c.....	5,163,526 26	5,518,314 83
Invested in Real Estate.....	243,737 74	229,450 42
" U. S. bonds.....	1,446,536 16	1,268,701 05
" State of Maine bonds.....	328,389 50	334,700 00
" other State, county and municipal bonds	4,837,436 36	6,257,176 72
" Railroad bonds and stocks .....	4,071,608 29	4,940,627 53
" Bank stock.....	456,546 00	574,461 25
" Miscellaneous stocks, &c .....	116,590 01	120,933 65
Cash .....	708,198 31	663,643 81
	\$22,787,802 45	\$26,154,333 03

From the foregoing statement of aggregates, and from the details of the condition of the several banks, the following facts are obtained. There has been within the year an increase in the deposits of \$3,366,530.58. The total amount of deposits in the Savings banks of the State exceeds the total of the capital, circulation and deposits of all the National banks of the State by nearly \$2,000,000.

The increase of depositors the past year has been 11,909, which

is seventy-eight per cent. of the increase of the year previous, while the increase in deposits during the same time has been but little more than half that of the preceding year, showing the deposits to be in much smaller sums and indicating a reduced income of the laborers of the State.

The average to each depositor is \$321.63 (last year \$328.30.)

The total number of depositors who have a balance of \$500 or less is.....	68,327
The amount standing to their credit is.....\$8,768,613 03	
The number exceeding \$500 and not more than \$1,000 is.....	7,074
The total amount of their deposits is.....\$5,581,188 00	
The number of depositors with balances exceeding \$1,000 and not more than \$5,000, is.....	5,674
Their deposits amount to.....\$9,886,225 00	
The number who have balances exceeding \$5,000 is together holding deposits amounting to.....\$1,900,307 00	245

The average to each depositor whose balance exceed \$500 is \$1,337, and as compared with last year (\$1,220) has increased, while those of the smaller have decreased from \$146.69 last year to \$128.32 this year.

The fifty-four savings banks have paid the past year, dividends amounting to \$1,384,510.32, and taxes to the United States of \$69,779.91, and to the State of Maine of \$119,159.08. The banks are also setting aside a reserve fund of at least one half of one per cent. per annum, and provided losses do not first occur, the reserve will soon become of sufficient amount to be sure *guarantee* of regular uninterrupted dividends. A large saving will be made the coming year in consequence of the change of the law of Congress taxing savings banks.

The law of last winter requiring of the savings banks a tax to the State of one half of one per cent. is eminently just to other tax payers; and although the per cent. is small, the total is more than could be realized from the same property in any other way. Any attempt to enforce a tax in a different manner would ruin the savings banks of the State. The amount realized this year is \$119,159.08, which distributed over the State for the benefit of schools, gives to each scholar about fifty cents.

The semi-annual examinations now required by law to be made by the Trustees, proves beneficial, ensuring to some, a familiarity

with the situation and character of their securities which is necessary in order to properly guard the interests of the depositors. The responsibility resting on the managers of savings banks is great. They have in their charge the all of many persons, pecuniarily, and though the amount to each be small, it is of vast importance to them.

Great caution should be exercised in authorizing the formation of new institutions. The character of the managers, the location and prospects of a growing and remunerative business, should be understood. The formation of new savings banks in remote and sparsely populated sections is not wise, the business of such being too small to ensure competent officers and proper attention to the interests of the institution.

It is recommended that as little legislation as possible be had touching savings banks, as all such has a tendency to disturb timid depositors and cause the withdrawal of their funds. None such is needed at present, unless it be to ensure a more prompt payment of the tax to the State.

The result of the examinations in the main have been very satisfactory. The banks appear to be in a prosperous condition, and as far as is known their investments are safe and paying remunerative interest. The practice of late of investing in the securities of the West, remote and *unknown*, is of doubtful policy. The past furnishes no precedent to the enormous amount of corporate indebtedness of the country, (especially the West,) and no clear-sightedness can foretell the result. Rather than to make such investments, it would be better for the State and safer for the banks to loan on the security of names under proper legal restrictions.

WILLIAM PHILBRICK.

SKOWHEGAN, December 31, 1872.

## BANKS OF DISCOUNT.

## EASTERN BANK—BANGOR.

AMOS M. ROBERTS, PRESIDENT.

EDWIN, CLARK, CASHIER.
