OF THE

LAND AGENT

OF THE

STATE OF MAINE,

FOR THE YEAR ENDING

NOVEMBER 30, 1879.

AUGUSTA:

E. F. PILLSBURY AND CO., STATE PRINTERS,
1880.

REPORT.

LAND OFFICE, AUGUSTA, December 1, 1879.

To the Honorable Governor and Council:

In compliance with the provisions of law, I herewith present the Annual Report of the operations of the Land Department during the past year.

Under the statutes and enactments for encouraging emigration to, and settlement upon, the public lands, the State has pursued a policy that has resulted in peopling a vast territory of unreclaimed land.

Liberality and comprehensiveness have characterized the legislation of the State from early history, and the results are manifested by thriving towns and villages enjoying in large measure social and material prosperity, equaling that of an older and organized commonwealth.

With great uniformity successive legislatures have followed a line of policy, unrestricted by partisan and sectional views, deferring to calls for encouraging by every reasonable method not inconsistent with public faith, by donation of township after township to supply the increasing wants of the pioneer, who had resolved upon this as of all other modes for founding a home for his family, and, as a rule, few mistakes have been made.

The State on her behalf having, at the out-set, opened roads, thereby furnishing facilities for reaching the wild lands of Aroostook, her citizens have availed themselves of the opportunity presented, and the result is, we find, what was an unbroken wilderness, a happy and prosperous community.

Not only the opening of roads, but by donating money and lands for building bridges, erecting mills, encouraging education.

Such rapid development has called for constant and unremitting attention and has received a response in corresponding ratio.

To what extent the expanding settlements may reach is a problem for the future, now that the State has reached the limit of territory heretofore offered for encouraging industry, perseverance:

and thrift; yet there is encouragement for others who may prefer to adopt agricultural pursuits as a means to an end.

For, as stated, labor, having in the main accomplished a mission that has been requited with unexampled prosperity, has a limit, and capital, though slow to follow, has entered the field, as has been manifested by the erection of starch factories at Presque Isle, Washburn, Ashland and other points, furnishing a ready market for the surplus potato crop, which is abundant, at an outlay comparing most favorably with the cost for procuring any other crop for domestic use.

In fact, when, in previous years, the demand was limited by the extent of lumbering operations, and those contingent and dependent upon market for encouragement and success, necessarily left the products of the farmer upon his hands, thereby discouraging a pursuit which requires a permanent stimulant to insure success.

Now that the county enjoys railroad facilities, having their termini at Caribou, attention is turned more directly to agricultural matters, and, as the forest recedes, accelerated industry will invite capital, offering to it safety, permanence and profit.

Still farther on we may look for encouraging signs of railway facilities, connecting at or near Mattawamkeag, with the European and North American Railway at one of those points.

The route will be exclusively upon American soil, and shorten transit and time one-half at least as compared with the tedious and circuitous route from our State into and out of the Province of New Brunswick.

SALES AND CONVEYANCES—ISLANDS.

All right, title and interest the State may have in Little Bamuda, Saddle, Job's, Ensign, Horse Head Islands in Penobscot Bay; Mark Island and the small islands, and bare rocks in the vicinity of these islands, or in the group of islands of which these are a part in East Bay, sold to Frances L. Lazell of Rockland for \$50.00, Jan. 3, 1879.

SALE OF TIMBER.

Sale of right to cut timber until the year 1884, as reserved by "Resolve relating to an appropriation for Common Schools" approved March 21, 1864, and "Act to aid in the construction of the European and North American Railway," approved March 3, 1868; and of "An Act additional to Chapter Five of the Revised Statutes, relating to the Public Lands," approved February 19, 1878, and order of Council, dated October 29, 1879.

Timothy McDonald, Corinth, three-fifths in common and undivided of timber on township Numbered 6, Range 18, W. E. L. S., in the County of Somerset, \$600.00 by note payable September 1, 1879. Lien retained to secure payment.

TREATY LOTS.

Under the late treaty of Washington, authorizing the appointment of commissioners to locate grants, and determine the extent of possessory claims, and of resolve approved April 12, 1854, a conveyance was made, August 15, 1879, to Peter McKenzie, of all that part of lots numbered one, section four; and four, section three, Maysville, which was not intended to be conveyed by the Land Agent in his deed to Sewell Henderson, dated March 20, 1855, and described in the report of said commissioners as follows: "Excepting so much as was conveyed by said Henderson to Peter McKenzie, January 7, 1854."

SETTLING LANDS.

Under the resolve, approved February 13, 1879, entitled "Resolve to facilitate the settlement of public lands and closing the Land Office," endeavors have been made to accomplish the objects intended by the resolve, therefore, in pursuance of this, and other resolves and acts, authorizing such conveyances to be made, 37,899 acres have been conveyed by deed, as shown, described, and tabulated in schedules annexed.

SURVEYS.

In response to the obligation imposed in the State deed to the European and North American Railway Company, they have caused to be surveyed, township seventeen, range nine, in the county of Aroostook, into lots of one hundred acres each, part of which have already been contracted, others applied for and may be occupied on the ensuing year.

CONCLUSION.

With respectful deference to popular opinion, that all duties pertaining to the Land Department can be brought to an early termination without detriment to interests connected therewith; I would not omit this opportunity for expressing an opinion, and commending to favorable recognition, the systematic arrangement of the archives of the office by my predecessors, and valuable suggestions by the then executive, who comprehended the importance to the State for availing ourselves of the original plans, field notes, copies of deeds and contracts, and other important data connected

with early and later surveys made by authority of Massachusetts in this State.

The admirable compilation and arrangement in bound volumes for preservation and future reference, needs only a corresponding recognition for their protection, safety and exhibition when information shall be desired, to demonstrate the wisdom and forecast of the authorities referred to.

ISAAC R. CLARK.

Land Agent.

APPENDIX.

APPENDIX.

Total acres, 821.21.		Amount, \$287.41.					

The desire and calls for information, often expressed, has prompted the publication of a schedule of Islands, as they have been reported by the Land Agents in annual reports of 1876 and years following. Hence the reason for reproducing the list as published in previous reports, and consolidating the same into the Land Agent's Annual Report of the present year, for convenient reference, and response to inquiries touching the history, conveyances, grantees, location and occupancy of the Islands, as have been found within the bays and inlets, and along the coast of Maine.

SCHEDULE F.

List of Islands along the coast of Maine conveyed by Massachusetts prior to the year 1853.

ISLANDS.	Acres.	Where Situated.	Purchaser.	Date of Deed.	Recorded.	
					Vol.	Page.
A island.....	7	In Taunton Bay.....	William Ingalls	June 15, 1786.....	1	407

*These islands are held under titles derived from the DeGregorie Grant.

†Conveyed in lots to settlers by Maine and Massachusetts in separate deeds and at different times.

‡It appears by the plan of this island that 164 acres were conveyed to George Chilcott of which no record can be found in the land office.

‡This island was conveyed by Massachusetts to Cotton Tufts, February 7, 1787. Tufts conveyed to Richard Hunnewell and Hunnewell re-conveyed to Massachusetts.

SCHEDULE G.
