1881.

TWENTY-FOURTH ANNUAL REPORT

OF THE CONDITION OF THE

SAVINGS BANKS

OF THE

STATE OF MAINE.

1880.

AUGUSTA:

SPRAGUE & SON, PRINTERS TO THE STATE.

1880.

REPORT.

To the Honorable the Governor and

Executive Council of the State of Maine:

The State Bank Examiner has the honor to herewith present the Twenty-Fourth Annual Report :

In conformity to the law of the State, each of the State banking institutions has been visited during the year, and a careful and thorough examination made, a trial balance taken, as indicated by the abstract of the examination, which forms a part of this report, the bonds, stocks, notes, cash, and other securities examined, and the books proved to exactly correspond with these vouchers.

BANKS OF DISCOUNT.

There are but two banks of this character acting under authority of the State, whose affairs are not entirely closed, viz :

THE EASTERN AND MERCANTILE BANKS OF BANGOR.

Both of these have surrendered their charters, and are redeeming the outstanding circulation, and will soon make a final settlement.

SAVINGS BANKS.

There are three savings banks that have practically closed their affairs during the year, viz: the Bucksport, Hartland, and North Anson.

October 3d, the receiver of the Bucksport Savings Bank made a final dividend of $11\frac{1}{4}$ per cent., making an aggregate of $71\frac{1}{4}$ per cent. paid the depositors in settlement.

The trustees of the North Anson Savings Bank, in October, 1879, voted a final dividend of its funds, and, in January last, voted to surrender its charter.

The treasurer of the Hartland Savings Bank, November 1st, reported the amount due depositors to be \$14.00, and cash on hand \$14.00.

There are two banks whose affairs are being settled by receivers, and the following table gives their condition November 1st:

NAME OF THE BANK.....	NEWPORT.	SOLON.
Name of the Receiver.....	John W. Hobart.	H. M. Bodwell.
Date of Receiver's appointment....	October 23, 1878.	December, 1875.
Amount of assets turned over to Receiver (face value).....	\$81,023 59	\$37,628 40
Amount received for assets collected and sold.....	67,012 05	35,230 15
Amount of assets uncollected.....	14,011 54	1,638 64
Amount of claims allowed to depositors .	90,613 69	35,308 34
Amount of claims allowed beside those of depositors.....	906 07	35 42

BANK EXAMINER'S REPORT.

NAME OF THE BANK.....	NEWPORT.	SOLON.
Name of the Receiver.....	John W. Hobart.	H. M. Bodwell.
Date of Receiver's appointment....	October 23, 1878.	December, 1875.
Number of dividends declared.....	Two.	Four.
Rate of each.....	25 per cent. each.	60, 25, 8 and 5 per cent.
Amount paid depositors	44,963 16	34,478 01
Amount to other persons.....	906 07	35 42
Amount allowed for expenses in settle- ment of the affairs of the bank	343 24	176 57
Estimated per cent. that will finally be paid depositors.....	65 to 70 per cent.	100 per cent.

BANKS WITH DEPOSIT ACCOUNTS REDUCED.

On account of the depreciation of values during the years of 1877 and 1878, thirteen savings banks availed themselves of the relief afforded by law, of reducing their deposit accounts. Seven of these have already been able to wholly or partially restore the amount so reduced to the credit of depositors, viz :

Androscoggin County, reduction 20 per cent. ; restored 10 per cent.

Auburn,	“	15	“	“	10	“
Bridgton,	“	25	“	“	27	“
Calais,	“	25	“	“	10	“
Dexter,	“	50	“	“	25	“
Franklin County,	“	25	“	“	10	“
Skowhegan,	“	25	“	“	12½	“

The indications are that, within a short time, nearly all the banks, whose deposit accounts were reduced, will be able to restore the full amount to the credit of their depositors.

THE WISCASSET SAVINGS BANK.

On account of the peculiar financial condition of the town of Wiscasset, and its natural relation to this bank, an application was made to Hon. Charles Danforth, one of the Associate Justices of the Supreme Judicial Court, for a temporary injunction, to restrain the payment of deposits, until a hearing could be had. This injunction was granted in June, 1879, and a hearing ordered for July 3d, at which time the injunction was so far modified as to authorize the payment of 20 per cent. of the deposits. Subsequent hearings have been had, at the several sessions of court in Lincoln county, and the injunction, in its modified form, has been continued.

The trustees of this bank have most earnestly and faithfully labored to protect the depositors from loss.

The bank has loans, secured by mortgages of real estate located in the town of Wiscasset, to the amount of \$22,000. At the time these loans were made, the security was ample. The notorious fact that the town has been unable to meet its obligations, has rendered this security uncertain; and its sufficiency contingent upon the successful or unsuccessful result of the negotiations now pending between the town and its creditors.

With an estimated value of the assets of this bank, which, upon careful examination, is regarded sufficiently low, the bank has a surplus, above all liabilities, of \$12,677.40, and

with the earnings of another year it can pay its depositors dollar for dollar, without realizing from its loan on mortgages of real estate.

GENERAL CONDITION.

The great ordeal to which the savings banks were subjected in 1877 and 1878, has not been destitute of beneficial results, it having demonstrated, to the satisfaction of managers and depositors, that moderate profits, with perfect security, are to be preferred to high rates of interest from hazardous investments, and that an ample reserved fund is of greater importance than the amount of the dividends.

The conservative disposition which characterizes the present management of the savings institutions of our State, is a gratifying assurance of the general determination to make them, in fact, an absolutely safe depository for the savings of the people.

There are at present fifty-five savings banks in active operation in the State. In the abstract of the annual examinations, a statement is given of the resources of each bank as it existed on the day of the examination. The estimated and market value of the assets, by which the surplus above liabilities is determined, is based upon the record of actual sales just previous to the date of the examination, and there is, of course, no uniformity between valuations made in May and those of November. As there has been almost a continuous appreciation of values during the year, the surplus given to the banks which were visited early in the year is considerably less than the amount which could be realized by a sale of their securities at the date of this report.

DEPOSITS.

During the year of 1878, the deposits of the savings banks decreased.....\$3,725,320

In 1879, the decrease was..... 186,363

The present year there has been a net increase of \$1,968,-183—as appears by the abstract from the report of treasurers, made on the first day of November.

This increase would have been much greater, had not the difficulty of making suitable investments compelled the banks to refuse new deposits, or restrict them to limited sums.

RESERVES.

The aggregate of the reserved fund held by the banks November 3d, 1879, was.....\$519,721.98

November 1st, 1880, it amounted to..... 607,629.63

While this is a most satisfactory result, the safety of depositors is so dependent upon this safe-guard to secure against losses, it would seem wise to so amend the law that this fund shall amount to ten per cent., instead of five per cent., of the assets of the bank, before an extra dividend be declared.

INVESTMENTS.

It has been the aim of trustees of savings banks, to so invest the money intrusted to their keeping, that it should be absolutely safe, and, also, earn a reasonable rate of interest.

While mortgages of real estate have ever been regarded as the best possible security, the experience of bank officers

has demonstrated, to their satisfaction, that the availability of money loaned on real estate mortgages, is inadequate to meet, at all times, the demands of depositors, whose deposits by them are regarded as a loan on call. The mortgage loans have, in consequence, been gradually reduced, and investments in securities more easily converted to cash have been made.

Investment in railroad stocks, except such as are incorporated under the laws of this State, and are unincumbered by mortgage, is wisely prohibited by our statute; although, by some banks, certificates of stock, not within the exception authorized by law, are held. The dividends are so entirely dependent upon the earnings, and the net earnings are so contingent upon the economical management of the roads, that there must always be great instability in the value of this class of property. The propriety of investing the deposits of savings banks in railroad stocks, is, at least, questionable.

Some of the banks continue to make loans on names alone. Although no losses have been reported from such loans, it is, nevertheless, a violation of the law, to which the attention of the officers of such banks has already been called. It is hoped that these loans will soon be collected, and no new transactions of this character be negotiated.

Although the investments in public funds and railroad bonds have been made in consideration of the interest to be received from such investments, it is, nevertheless, the fact that the recent advance in these securities has materially increased the "surplus above liabilities" of most banks, but

this appreciation of values is of too uncertain a nature to be regarded as a permanent element of strength.

The great increase of deposits, and the difficulty in making safe and more remunerative investments, has necessitated the temporary depositing of large sums in national banks, at an exceedingly low rate of interest, for monthly balances.

DIVIDENDS.

The fifty-five savings banks have made dividends the past year as follow :

One.....	6	per cent.
Nineteen.....	5	“ “
One.....	$4\frac{3}{4}$	“ “
Twelve.....	$4\frac{1}{2}$	“ “
Five.....	$4\frac{1}{4}$	“ “
Sixteen.....	4	“ “

One has made no dividend, having been enjoined.

By holding securities issued at a time when money commanded a higher rate of interest, the banks have been able to conform to the requirements of the statute in the payment of taxes, and increasing their reserve fund, and to make dividends, the average rate of which is fully equal to the current rate paid on prime mercantile paper at commercial banks.

As it is hardly possible to invest new deposits sufficiently advantageous to do this, it would, perhaps, be wise to amend the law, so that all regular semi-annual dividends be restricted to two per centum, thus removing all competition between banks in respect to dividends.

STATE TAX.

It is undeniably right that the deposits of savings banks should contribute in some degree to the support of the government, under the authority of which these institutions exist, and from which they receive protection. The bonds issued by municipalities and railroads years ago, bearing high rates of interest, form an important factor in the resources of the banks. These securities are rapidly maturing, and investments at much lower rates of interest only, are possible. The earnings of the banks must, of necessity, grow correspondingly less, year by year. Bonds, of sufficiently unquestionable value to be held by savings banks, bearing $4\frac{1}{2}$ per cent. interest, can only be purchased at a premium.

It seems important that the attention of the Legislature be called to the fact that the present State tax, assessed and collected without expense to the State, must amount to, at least, 20 per cent. of the revenue received from such safe investments as are afforded the banks at the present time.

DUTY OF TRUSTEES AND OFFICERS.

The efforts of the managers of savings banks should be directed to the disposal of such real estate as they have been obliged to acquire by foreclosure, which, in several banks, form a large per cent. of the assets.

The present activity in business, and the great appreciation of values, afford savings banks an opportunity to prepare for the reaction, which is not unlikely to follow. Everything of doubtful value should be eliminated from their assets as

rapidly as possible, and the safest securities substituted; income should only be regarded as of secondary importance.

In order that the annual examination may be entirely satisfactory, it is necessary that once, at least, during the year, a trial balance shall be taken of the "Individual Ledger." The end of the bank's year would, perhaps, be the most convenient time. The annual examination should involve a comparison of the footings of this trial balance.

In conclusion, it gives me pleasure to express my highest satisfaction with the general management of the savings banks, and to say that the officers are entitled to the commendation of all who are interested in the welfare of these institutions.

FRED E. RICHARDS,

Bank Examiner.

CAMDEN, Dec. 1st, 1880.
