# REPORT.

*To the Honorable the Governor and Executive Council of  
Maine:*

The State Bank Examiner has the honor to present the Twenty-Ninth Annual Report.

It is a fact complimentary to the officers of the savings banks of this State and gratifying to the public, that during the recent years of depression in general business these institutions have continued to grow larger and stronger and the close of the present year finds them in a better condition than ever before to withstand the ordeal of a financial panic. With the dawn of better times already visible, an era of unprecedented prosperity to them seems assured.

The present number of depositors in the fifty-four savings banks is 109,398. Of this number 86,571 are depositors of less than \$500 each, and the average amount of the whole is \$320.95 to the credit of each account. This is an increase of 3,718 accounts and a gain of \$9.51 to the average balance.

At the close of last year there were 20,788 depositors of more than \$500 each, while now there are 22,827. This indicates that the large increase of deposits has not come wholly from the saving of small earnings, but that persons who have a surplus income, desiring to keep their funds as nearly in hand as possible, have become depositors, until the conditions of business so change as to make it more profitable or less dangerous to invest for themselves. Whenever the opportunity for private investment becomes sufficiently promising, these funds will leave the banks.

The aggregate of deposits in the savings banks November 1, 1884, was.....	\$32,913,835 16
May 1, 1885, it was.....	33,996,182 84
November 2, 1885, it was.....	35,111,600 04
The increase the first six months was.....	1,082,347 68
And during the last half of the year.....	1,115,417 20
The increase for the full year has been.....	2,197,764 88
The reserved fund increased between November 1, 1884, and May 1, 1885 .....	71,992 90
And between May 1, 1885, and Nov. 2, 1885..	72,610 05
And at the close of this year it amounts to..	1,220,571 14

or a little more than 3 per cent of the deposits.

Regular semi-annual dividends have been paid by all the savings banks, as follows:

One bank.....	6	per cent per annum.
Six banks.....	5	“ “
“ “ .....	4½	“ “
Forty-one banks .....	4	“ “

These dividends amounted to \$1,368,035.85, and at the close of the year there remained in the banks \$861,986.36 in undivided profits.

The investment in United States bonds has decreased during the year from \$4,739,840.58 to \$4,421,784.12.

There has been an increase of holdings in State, county and city bonds of \$1,145,471.90, the aggregate being \$12,057,730.99.

The aggregate of railroad bonds owned by the savings banks is \$5,329,536.47; a gain during the year of \$966,155.01.

The amount invested in railroad stock and stock and bonds of other corporations is \$1,322,366.78. This shows a slight increase since last year.

The savings banks own national bank stock to the amount of \$1,708,111.83, or \$124,574.61 more than last year.

The real estate owned amounts to \$1,133,979.84. The uninvested cash November 2 was \$1,016,509.58.

The loans on mortgages of real estate have increased during the year from \$5,216,929.17 to \$5,645,969.08 ; while all other loans show a decrease of \$389,105.57 ; the aggregate being \$4,219,574.47.

The savings banks have the present year paid the State Treasurer for tax on deposits, \$206,184.77 ; this is \$14,367.14 in excess of any previous year.

The municipal taxes aggregate \$14,610.74.

The Receiver of the Newport Savings Bank, J. W. Hobart, Esq., expects to make a final dividend of 5 per cent within a short time, which will give depositors 75 per cent of the balance to the credit of their accounts at the time of its suspension.

The People's Twenty-Five Cent Savings Bank of Bath, by order of court dated December 20, 1884, declared a special dividend of 5 per cent, amounting to \$19,929.54, and the same has been paid to depositors whose accounts were reduced by decree of the Supreme Judicial Court in April, 1883.

The Wiscasset Savings Bank (which was enjoined by the court for a period that included three dividend days), on the 2nd of February last, declared a special dividend to its depositors of 6 per cent, which amounted to \$5,957.17.

The Portland Trust Company commenced business the first of the year and its progress has been highly satisfactory to its management. Its business consists of receiving deposits, loaning money, buying and selling investment securities for savings banks, trust funds and private investors. It also accepts and executes legal trusts, and acts as agent for countersigning bonds, paying coupons, &c. The security offered by the terms of its charter has attracted deposits from all parts of the State, which now exceed \$350,000.00 ; and this confidence is confirmed by the character of the Board of Trustees directing and managing its affairs. From the earnings of the first year the company has carried a satisfactory amount to the credit of its surplus fund, after reserving a sum sufficient to pay a dividend in January to the stockholders.

The People's Trust Company of Farmington was chartered by an act of the Legislature, approved February 24, 1885, and organized the 5th of September last.

Its officers are :

GEORGE W. WHEELER, President.

DANIEL M. BONNEY, Secretary and Treasurer.

GEORGE W. WHEELER,	} Trustees.
HIRAM HOLT,	
JAMES R. MARSTON,	
GEORGE M. CURRIER,	
DANIEL M. BONNEY,	

At this date it can hardly be said to have commenced business. The following is a statement of its affairs November 2 :

Liabilities.		Resources.	
Capital stock (paid in),	\$50,000 00	Loans on names . . . . .	\$11,000 00
Demand deposits . . . . .	9,177 05	Loans on collaterals . . . . .	10,488 00
Profits . . . . .	1 05	Expense account . . . . .	176 09
		Cash on hand and on deposit . . . . .	37,514 01
	<u>\$59,178 10</u>		<u>\$59,178 10</u>

Many thousands of the very highest-priced bonds held by the savings banks will mature during the next two years. These should be replaced by others equally choice and dividends should be so reduced that a portion of the earnings may be applied to the premiums which must be paid for such securities. The character of the assets should be considered first, the income therefrom afterwards. Depositors are pleased with generous dividends, but they demand absolute safety.

When the old law in relation to the investment of funds held by savings banks of this State was amended, and additional facilities given to the managers for investments, discussion arose as to the advisability of certain provisions of the law. Among these was the question of Car Trusts. At the time there was evidently a wide and marked difference of opinion in regard to these securities, both parties believing honestly in their views. The Legislature granted the banks

the right to make these investments, but probably, owing as much as anything to the information brought out by this discussion before the Legislature, the officers of these institutions have been cautious in reference to investing the funds in this particular security.

Experience has shown that the views (undoubtedly honestly entertained) that they would always be held by the courts to be a first lien upon the property, taking precedence even of first mortgages, has proved erroneous, as shown by the experience of the car trust holders in the New York and New England Railroad Company, and in the New York, Chicago and St. Louis Railroad, known as the "Nickel Plate," and others of like kind, in which cases the courts have not held as was expected, and losses have been entailed and are likely to be entailed on the holders of these bonds.

One investment craze (if this term may be used) seems to follow another, and now our people are being offered, in large quantities, the bonds of water companies, located all over the country, north, south, east and west. The interest on these bonds in many cases is represented to be guaranteed to the company by a contract for water for the city or town wherein the water company is located. If experience of our Maine investors in reference to contracts with cities like Evansville, Ind., is of any value, then it can be readily seen that it is possible for cities to break and repudiate these contracts, and the first ones to suffer will be the bondholders, temporarily or permanently. These water companies seem to be organized by operators, who in many instances place upon the works built more bonds than the entire cost of the works, and then, by offering and selling these 6 per cent bonds at or below par to the investor, who is greedy for a high rate of interest, the operators pocket at once a handsome profit, leaving the bondholder the entire risk of the business. If the works are successful, the holder of the bonds does not secure the profit, but the operator, who holds the stock of the company, does. So it would seem that if there is any loss,

the bondholder must stand it, and if there is any profit, the operator, through the stock, will get it.

No simple investigation by means of letter writing will in many cases procure the evidence that investors should have to judge of the value of these securities, and, by a suspension of judgment in relation to them for a while, our people will be safe and avoid losses similar to those entailed through some of the car trust investments.

Unless these securities are absolutely guaranteed by a city whose bonds are within our statute regulating the investment of savings bank deposits, and whose credit is above suspicion; or are issued by a corporation engaged in supplying water to some city or town located within the borders of this State, where reliable information regarding its affairs may be readily obtained, I would suggest that savings bank managers delay the purchase of these securities until the experience of years has shown either their desirability or non-desirability as an investment for trust funds.

The board of trustees of a savings bank is its ultimate governing power. The statutes of this State provide that the trustees shall have the entire supervision and management of the affairs of the institution; and they further provide that they may receive such compensation for their services in making examinations as may be fixed by the corporation. The statute thus contemplates that responsibilities and duties are attached to the position of trustee.

Every member should be familiar with the investment laws and with the current transactions of the bank. Their meetings should be frequent and their examinations thorough and exhaustive; they should take nothing for granted and incur no risks that can be avoided.

Investments and loans should be made only by vote of the full board, for the determination of five intelligent men is far safer than the judgment of the most sagacious one among them.

In declaring dividends, they should not be influenced in the least by the action of the management of any other savings

bank ; and before they determine the rate, all assets which stand upon the books at an excessive value should be charged down to their actual worth ; a liberal reduction should be made in the premium account ; the full amount required by law should be carried to the reserved fund ; and then whatever profits remain should be divided ; but in no case should the collection of unpaid interest be anticipated for the purpose of dividends.

The object of savings banks should never be to pay large dividends, but to afford an opportunity to people of small incomes to combine their savings in order that they may be invested so as to earn some interest and be available always, when the emergencies of life necessitate its use.

SECT. 119. Such institutions and associations are under the charge of the bank examiner for the purposes of examination. He shall visit every savings bank, institution for savings, and trust and loan association, incorporated by authority of the State, twice in every year, and as much oftener as he deems expedient. At such visits he shall have free access to the vaults, books and papers, and thoroughly inspect and examine all the affairs of each of said corporations, and make such inquiries as are necessary to ascertain its condition and ability to fulfil all its engagements, and whether it has complied with the law. He shall preserve in a permanent form, a full record of his proceedings, including a statement of the condition of each of said corporations, a copy of which statement shall be published by such corporation immediately after the examination of the same, in a newspaper in the place where it is established, if any, otherwise in a newspaper published in the place nearest thereto.

SECT. 120. The examiner may summon all trustees, officers or agents of any such corporation, and such other witnesses as he thinks proper, in relation to the affairs, transactions and condition thereof, and for that purpose may administer oaths; and whoever, without justifiable cause refuses to appear and testify when thereto required, or obstructs said examiner in the discharge of his duty, shall be fined not exceeding one thousand dollars, or imprisoned not exceeding two years.

SECT. 121. If, upon examination of any such corporation, the examiner is of the opinion that it is insolvent, or that its condition is such as to render its further proceedings hazardous to the public or to those having funds in its custody, he shall apply, or if, upon such examination, he is of opinion that it has exceeded its powers or failed to comply with any of the rules, restrictions or conditions provided by law, he may apply to one of the justices of the

supreme judicial court to issue an injunction to restrain such corporation in whole or in part from proceeding further with its business until a hearing can be had. Such justice may forthwith issue process for such purpose, and after a full hearing of the corporation, may dissolve or modify the injunction or make the same perpetual, and make such orders and decrees to suspend, restrain or prohibit the further prosecution of its business, as may be needful in the premises, according to the course of proceedings in equity; and he may appoint one or more receivers or trustees to take possession of its property and effects, subject to such rules and orders as are from time to time prescribed by the supreme judicial court, or by any justice thereof in vacation. Such receivers or trustees shall annually, in November, and at such other times as the examiner requires, make a report to him of the progress made in the settlement of the affairs of said corporation; and the examiner shall seasonably give notice of the time and furnish blanks for the report.

SECT. 122. After a decree of sequestration is passed, as provided in the preceding section, the court, or any justice thereof in vacation, shall appoint commissioners, who shall give such notice of the times and places of their sessions as the court or such justice orders; receive and decide upon all claims against the institution, and make report to the court at such time as the court orders, of the claims allowed and disallowed and of the amount due each depositor, which shall be subject to exception and amendment, as reports of masters in chancery. On application of any person interested, the court may extend the time for hearing claims by the commissioners, as justice may require. When the amount due each person is established, the court shall cause others than depositors to be paid in full, and after deducting expenses, the balance to be ratably distributed among depositors.

SECT. 123. All attachments of the property of the bank shall be dissolved by the decree of sequestration, and all pending suits discontinued and the claim in suit presented to the commissioners, unless the court, or some justice thereof in vacation, on application of the plaintiff within three months from said decree, passes an order allowing the receiver to be made a party to the suit, and that the same may be prosecuted to final judgment. After decree of sequestration, no action at law shall be maintained on any claim against the bank, unless the court or a justice thereof in vacation, on application therefor within the time above named, authorizes it, and in such case the receiver shall be made a party; any judgment recovered as herein provided shall be added to the claims against the bank.

Claims, when barred 1873, c. 45 § 3.

SECT. 125. Whenever a savings bank, institution for savings, or trust and loan association, is insolvent by reason of loss on, or depreciation in the value of any of its assets, without the fault of its trustees, the supreme judicial court, in term time, or any justice thereof in vacation, shall, on petition in writing, of a majority of the trustees, and the bank examiner, setting forth such facts, appoint a time for the examination of the affairs of such corporation, and cause notice thereof to be given to all parties interested, in such manner as may be prescribed; and if, upon an examination of its assets and liabilities, and from other evidence, he is satisfied of the facts set forth in said petition, and that the corporation has not exceeded its powers, nor failed to comply with any of the rules, restrictions and conditions provided by law, he may, if he deems it for the interest of the depositors and the public, by proper decree, reduce the deposit account of each depositor, so as to divide such loss pro rata among the depositors, thereby rendering the corporation solvent, so that its further proceedings

will not be hazardous to the public, or those having or placing funds in its custody; and the depositors shall not draw from such corporation a larger sum than is thus fixed by the —proviso. court, except as hereinafter authorized; *provided, however,* that its treasurer shall keep an accurate account of all sums received for such assets of the corporation held by it at the time of filing such petition; and if a larger sum is realized therefrom than the value estimated as aforesaid by the court, he shall, at such times as the court prescribes, render to the court a true account thereof, and thereupon the court, after due notice thereof to all parties interested, shall declare a pro rata dividend of such excess among the depositors at the time of filing the petition. Such dividend may be declared by the court, whenever the court deems it for the interest of the depositors and the public, whether all, or only a portion, of such assets has been reduced to money; and any such dividend may at any time, in the discretion of the court, be declared to be a final one. No deposit shall be paid or received by such corporation after the filing of the petition until the decree of the court reducing the deposits as herein —proceedings, if petition is denied. provided. If the petition is denied, the bank examiner shall proceed to wind up the affairs of the corporation as provided in section one hundred and twenty-one.

Examiner to make annual report to governor and council. 1877, c. 218, § 37.

—to be laid before legislature.

SECT. 126. The examiner shall, annually, by the first day of December, make a report to the governor and council, of the general conduct and condition of each of the banks visited by him, making such suggestions as he deems expedient. Such report shall be printed and laid before the legislature at its next session, and one copy sent to each savings bank in the State by the Secretary of State.

Examiner to report violations of law. 1877, c. 218, § 38.

SECT. 127. If, in the opinion of the examiner, any savings bank or its officers or trustees have persistently violated any provision of this chapter, he shall forthwith report the same, with such remarks as he deems expedient, to the attorney general, who shall forthwith

institute a prosecution therefor in behalf of the State. The penalty for such violation, unless otherwise prescribed, is not less than one hundred, nor more than five hundred dollars.

SECT. 130. Whoever, not authorized by law, advertises his business as that of a savings bank, or receives deposits under pretence of conducting a savings bank, forfeits one hundred dollars for each offence; but nothing in this chapter prohibits any person from advertising his business as a banker, and offering to take and taking deposits to be loaned upon such terms and conditions as the depositor may prescribe.

SECT. 131. The powers, privileges, duties and restrictions, conferred and imposed upon any savings corporation, by whatever name known, in its charter or act of incorporation, are so far abridged, enlarged or modified, that every such charter or act shall conform to this chapter; and every such corporation possesses the powers, rights and privileges, and is subject to the duties, restrictions and liabilities herein conferred and imposed, anything in their respective charters or acts of incorporation to the contrary notwithstanding. But nothing herein affects the legality of investments made, of transactions had, or the payment of interest at a rate not exceeding six per-cent on deposits made, prior to the dividend next following March eleven, eighteen hundred and seventy-seven.
