*Statement*—The Maine Industrial School for Girls is not a house of correction, but is designed as a refuge for girls between the ages of seven and fifteen years, who, by force of circumstances or associations, are in manifest danger of becoming outcasts of society. It is not a place of punishment, to which its inmates are sent as criminals by criminal process—but a home for the friendless, neglected and vagrant children of the State, where, under the genial influences of kind treatment and physical and moral training, they may be won back to ways of virtue and respectability, and fitted for positions of honorable self-support and lives of usefulness.

The Institution is a corporation composed of the original corporators and associate subscribers. By them its affairs are committed to a Board of Managers. The State is represented on the Board by the Governor, Secretary of State and Superintendent of Common Schools. It has provided by statute law for the custody and education of wayward and exposed girls therein, and aids in their material support.

RENDITION OF FUGITIVES FROM JUSTICE.

Applications for requisitions upon the executive authority of another State for the delivery of, and return of, any offender who has fled from the justice of this State, must be in writing and must come from the County Attorneys and must be accompanied by the following documents and proofs:

1. Two duly attested copies of the indictment found against the offender; or, if no indictment has been found, two duly attested copies of the complaint and warrant, together with affidavits to the facts constituting the offense charged.

2. There must be in every case sworn evidence that the person charged is a fugitive from justice; that is, that he has fled from the State to avoid arrest. If there has been any former requisition for the same person, growing out of the same transaction, it must be so stated, with an explanation of the reasons for asking a requisition; and if the criminal is known to be under arrest for any other offense, this fact must appear. If the offense was not of recent occurrence, sufficient reasons must be given why the application has been delayed. No application will be granted unless the County Attorney shall state in writing that he believes there is sufficient evidence to convict the offender of the crime charged; and that the requisition is not asked to aid in collecting a debt or enforcing civil remedy

against a person who has left the State, but solely to aid in the administration of the criminal law.

Requisitions will be mailed directly to the Governor upon whom made, unless there be very special reasons for doing otherwise; but the authority of the agent appointed to receive the offender will be sent to the County Attorney for delivery, who must see that the agent makes return of it within a reasonable time to the Executive Department, with a statement of the manner in which his duty has been discharged.

The County Attorney should designate the name of the person he desires appointed as agent to receive the criminal, and instruct him to make prompt return of his doings to the Executive Department.

Mandates upon requisitions from other States will not be issued unless they are accompanied with documents, affidavits and statements conforming substantially to the foregoing regulations, and the officer will be directed to allow the offender arrested reasonable opportunity to assert any legal rights he may have in the premises.

The proper expense of rendition of fugitives to this State will be audited by the Governor and Council, and paid from the State Treasury on receiving evidence that the agent has faithfully discharged his duty.

The expense incurred in this State for the return to other States of fugitives from justice, will be paid by the agents of such States.

## PARDONS.

---

A petition for pardon should be addressed to the Governor and Council. The Secretary of State will issue a notice fixing the time for the hearing by the Governor and Council, and forward the same to the petitioners, in order that they may have the same published two weeks, at their own expense, in some newspaper published in the county where the convict was tried. The petitioners must also give written notice to the County Attorney for the county where the case was tried, stating the pendency of the petition and the time fixed for the hearing; and at the hearing must furnish the Governor and Council with a certified copy of the indictment and record of conviction.
