*Statement*—The Maine Industrial School for Girls is not a house of correction, but is designed as a refuge for girls between the ages of seven and fifteen years, who, by force of circumstances or associations, are in manifest danger of becoming outcasts of society. It is not a place of punishment, to which its inmates are sent as criminals by criminal process—but a home for the friendless, neglected and vagrant children of the State, where, under the genial influences of kind treatment and physical and moral training, they may be won back to ways of virtue and respectability, and fitted for positions of honorable self-support and lives of usefulness.

The Institution is a corporation composed of the original corporators and associate subscribers. By them its affairs are committed to a Board of Managers. The State is represented on the Board by the Governor, Secretary of State, and Superintendent of Common Schools. It has provided by statute law for the custody and education of wayward and exposed girls therein, and aids in their material support.

(i) If the offence charged is not of recent occurrence, a satisfactory reason must be given for the delay in making the application.

1. In all cases of fraud, false pretences, embezzlement, or forgery, when made a crime by the common law, or any penal code or statute, the affidavit of the principal complaining witness or informant that the application is made in good faith, for the sole purpose of punishing the accused, and that he does not desire or expect to use the prosecution for the purpose of collecting a debt, or for any private purpose, and will not directly or indirectly use the same for any of said purposes, shall be required, or a sufficient reason be given for the absence of such affidavit.

2. Proof by affidavit of *facts and circumstances* satisfying the Executive that the alleged criminal has fled from the justice of the State, and is in the State on whose Executive the demand is requested to be made, must be given. The fact that the alleged criminal was in the State where the alleged crime was committed at the time of the commission thereof, and is found in the State upon which the requisition was made, shall be sufficient evidence, in the absence of other proof, that he is a fugitive from justice.

3. If an indictment has been found, certified copies, in duplicate, must accompany the application.

4. If an indictment has not been found by a grand jury, the *facts and circumstances* showing the commission of the crime charged, and that the accused perpetrated the same, must be shown by affidavits taken before a *magistrate* (a notary public is not a magistrate within the meaning of the statutes), and that a warrant has been issued and duplicate certified copies of the same, together with the returns thereto, if any, must be furnished upon an application.

5. The official character of the officer taking the affidavits or depositions and of the officer who issued the warrant must be duly certified.

6. Upon the renewal of an application, for example: On the ground that the fugitive has fled to another State, not having been found in the State on which the first was granted, new or certified copies of papers in conformity with the above rules must be furnished.

7. In the case of any person who has been convicted of any crime, and escapes after conviction, or while serving his sentence, the application may be made by the jailer, sheriff, or other officer having him in custody, and shall be accompanied by certified copies of the indictment or information, record of conviction, and sentence, upon which the person is held, with the affidavit of such person having him in custody, showing such escape, with the circumstances attending the same.

8. No requisition will be made for the extraction of any fugitive except in compliance with these rules.

## PARDONS.

---

A petition for pardon should be addressed to the Governor and Council. The Secretary of State will issue a notice fixing the time for the hearing by the Governor and Council, and forward the same to the petitioners, in order that they may have the same published two weeks, at their own expense, in some newspaper published in the county where the convict was tried. The petitioners must also give written notice to the County Attorney for the county where the case was tried, stating the pendency of the petition and the time fixed for the hearing; and at the hearing must furnish the Governor and Council with a certified copy of the indictment and record of conviction.
