Dear Senator Gratwick, Representative Hymanson and Members of the Joint Standing Committee on Health and Human Services;

The Department of Health and Human Services, Office of MaineCare Services is required by Title 22: HEALTH AND WELFARE; Subtitle 2: HEALTH; Part 5: FOODS AND DRUGS Chapter 603: PRESCRIPTION DRUG ACCESS HEADING: PL 1999, C. 786, PT. A, §3 (NEW) Subchapter 1: MAINE RX PLUS PROGRAM HEADING: PL 1999, C. 786, PT. A, §3 (NEW); 2003, C. 494, §1 (RPR) § 258 to report annually on the Maine Rx enrollment and financial status.

### Background

The Maine Rx program allows qualified Maine residents to buy drugs at a discounted rate (or the same rate that MaineCare will pay). These residents are not eligible for MaineCare and have an income level up to 350% of the federal poverty limit. The eligible citizens receive a discount card that is honored by most community pharmacies. The pharmacy receives an incentive payment for accepting the card and providing low income Mainers with this benefit. Retail chains that have their own discount program do not accept the discount card. The Department does not pay for any portion of the drug, but does pay its Pharmacy Benefit Manager a fee for processing the claims.
