FINANCE AUTHORITY OF MAINE
PROCEDURES PURSUANT TO 10 MRSA Sec. 363

We obtained the Analysis of Savings From and the Benefits of Tax-Exempt Financing Schedule (Appendix B) prepared by the Finance Authority of Maine (the Authority) which details the education bonds issued in 2003, 2005 and 2007 and the use of such tax-exempt debt in 2009 and performed the following:

1. Compared the amount of bonds issued and term of issuance for all issues, as stated in Appendix B, to documents supplied to the Authority by third-parties and found them to be in agreement. We compared the tax-exempt bond yield, as stated in Appendix B, to documents supplied to the Authority by third-parties and found them to be in agreement.
2. For all issues we compared the percentages of the cost of issuance including fees, insurance and professional services, as stated in Appendix B, to an analysis prepared by the Authority illustrating the various costs of the issues and found them to be in agreement. We did not compare the various costs to third-party documentation. We recalculated the percentages and found them to be in agreement with the percentages appearing on Appendix B.
3. Recalculated the total tax-exempt bond yield for all issues in Appendix B.
4. Compared the purpose and use of proceeds as stated in Appendix B to the information set forth in documents supplied to the Authority by third-parties and found them to be in agreement.
5. For the issues in Appendix B, we compared the comparative taxable debt yield to information provided to the Authority by a third-party and found it to be in agreement. We recalculated the excess of comparative taxable debt yield over tax-exempt bond yield.
6. For the issues in Appendix B, we compared the dollar amount of interest earnings forgone by offering student loan borrowers a reduced interest rate, to a monthly analysis prepared by the Authority illustrating the savings from the interest rate reduction and found them to be in agreement. We did not compare the savings to third-party documentation.
7. For the issues in Appendix B, we recalculated the dollar amount of benefits actually received by borrowers and the total savings to borrowers.

The Authority has informed us there were no commercial bonds issued in 2009.
