A FEW WORDS TO HELP YOU IN USING THIS DOCUMENT:

The right hand page is a report of the financial data contained in the Bureau of the Budget's computer system for the program named immediately above the appropriation numbers shown in the heading.

This page is divided into four general areas of information:

- 1. The heading provides:
 - a. The name of the <u>department</u> or independent agency. These departments or independent agencies appear in alphabetical order.
 - b. The name of the <u>organizational unit</u> that operates the program. These units appear alphabetically within the department or agency.
 - c. The name of the program operated by the organizational unit. The programs, too, appear alphabetically within the unit.
 - d. The list of account numbers which collectively provide the financial data displayed below.

2. APPROPRIATIONS & ALLOCATIONS provide:

a. The appropriations or allocations to be available from the "highlighted" fund that is part of the program. The "highlighted" fund will be one of the following:

GENERAL FUND HIGHWAY FUND INTERGOVERNMENTAL TELECOMMUNICATIONS FUND STATE ALCOHOLIC BEVERAGES FUND STATE LOTTERY FUND

This document displays all programs for which funds are appropriated or allocated to accounts in the "highlighted" fund.

It is possible for a program to appear twice - once with the General Fund highlighted and once with the Highway Fund highlighted - if it contains accounts in each,

- b. Resources to be made available to the program by line category, and total, from each fund including the "highlighted" fund.
- 3. AVAILABLE-EXPENDITURES-BALANCES provide:
 - a. A summary of all the resources available to the program from all sources.
 - b. The total program expenditures by line category.
 - c. The balances lapsed or carried forward to the next fiscal year.
- 4. POSITIONS show:
 - a. Legislatively counted position for the "highlighted" fund.
 - b. Positions not counted by the Legislature but part of the "highlighted" fund.
 - c. All positions which are part of the other funds participating in the program.

The left-hand page is supporting narrative and fiscal data for the program shown on the right-hand page. This data is originated by the agency that operates the program. It should be noted that the agency is required to provide this sheet early in the budget document preparation process and may not reflect the "Actual Year" and "Estimated Year" as the final figures as determined by the Bureau of the Budget system and displayed on the right-hand page.

STATEMENT OF MISSION:

To fund retiree health insurance costs deferred from fiscal year 1994-95 to fiscal year 1995-96.

GOALS:

To pay health insurance costs deferred from fiscal year 1994-95.

OBJECTIVES:

To achieve a deferral of state employee retiree health insurance premiums from fiscal year 1994-95 to fiscal year 1995-96.

STRATEGIES:

The appropriation to this program was partially offset in fiscal year 1995-96 by changes in the state employee retiree health insurance plan which allowed for reduced costs.

STATEMENT OF MISSION:

The Productivity Realization Task Force was established to advise, and assist the Governor, and the Legislature in the design, and implementation of changes in state government operations intended to improve the productivity of the work forces, and the efficiency of state services. The task force is solely an advisory group, and had no independent authority.

GOALS:

The task force recommended that the Government reduce, eliminate, or otherwise alter current state programs, and operations in order to achieve the deappropriations authorized in fiscal year 1995-96 and fiscal year 1996-97. The task force was authorized to recommend that the Legislature eliminate or otherwise alter state programs and operations in order to make permanent the Governor's implementation of task force recommendations.

OBJECTIVES:

This program intended to realize \$45,346,780 in savings to the General Fund during fiscal year 1996-97, and like continuing savings in future years.

STRATEGIES:

The Productivity Task Force has expedited, and facilitated the implementation of improvements in State Government operations through the realization of cost savings from increased productivity of state employees, more efficient delivery of services, and the elimination of waste, duplication, and unnecessary programs.

DATE: 12/06/96

STATEMENT OF MISSION:

This account acts as a reserve to stabilize General Fund fiscal operations.

GOALS:

Funds in excess of revenue estimates are placed in this account as a reserve against emergencies in future years.

OBJECTIVES:

The account seeks to achieve a balance not to exceed 4% of the General Fund revenues received in the immediately preceding fiscal year.

STRATEGIES:

This program is authorized under Sec. 1513, of Title 5, MRSA. This provides that one half of the amount of General Fund revenue over final estimates will be placed in this account. These amounts do not lapse, but the total accumulated may not exceed 4% of General Fund revenues received in the immediately preceeding fiscal year.

STATEMENT OF MISSION:

To settle an audit finding with the federal government.

GOALS:

To resolve an outstanding audit issue with the federal government.

OBJECTIVES:

To prevent reductions to federal aid which would have resulted as a penalty for excess charges being levied against federal accounts for the cost of state employee retirement.

STRATEGIES:

Changes in benefits under Maine State Retirement resulted in reduced retirement costs which were recouped by the General Fund. This resulted in an overcharge to federal accounts which did not receive a pro rata share of these savings.

STATEMENT OF MISSION:

This account serves as a mechanism to provide short term financing to the Telecommunications Division from the General Fund.

GOALS:

To stabilize the financial condition of the Telecommunications Fund within the Bureau of Information Services.

OBJECTIVES:

To provide the Telecommunications Fund resources from within the General Fund. This will enable the Division to resolve a large number of accounts payable which could not be paid by the Fund. These funds will be returned with interest to the General Fund. This is not an ongoing program.

STRATEGIES:

The Division will use these funds as a short term working capital advance to pay outstanding liablilities. Revenues, and cash flows have been increased to repay the General Fund with interest. The Fund will be operated as a self supporting entity in the future.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

STATEMENT OF MISSION:

The Bureau of the Budget exists to provide budget and position planning, analysis and control in support of gubernatorial objectives and legislative intent. This role represents a balanced approach for carrying out the program initiatives of the Executive within the limits of legislative oversight for the purpose of achieving the most effective program outcomes and results within available budget resources.

GOALS:

The Bureau seeks to improve and enhance its capability for budget analysis, budget forecasting and program/policy analysis by focusing budget actions and decisions on strategic planning that emphasizes outcomes and results, and by decentralizing as much budget management, measurement and control as is appropriate.

OBJECTIVES:

1) Implement performance budgeting on a pilot basis; 2) Implement a system of position monitoring and management using the concept of Full Time Equivalents (FTEs) for positions authorized and budgeted for less than 52 weeks in a fiscal year; 3) Complete agency access to the computerized Budget Management System for all phases of the budget process including the "downloading" of budget data for internal agency reporting and management purposes.

STRATEGIES:

Performance budgeting will be implemented on a pilot basis using a Steering Committee, Sub-cabinet Team and a joint legislative-executive Task Force. Full Time Equivalents (FTEs) will be implemented from the results of a pilot project using three cabinet agencies. Access to the Budget Management System will be implemented using a team consisting of staff from the Bureau of the Budget, Division of Data Processing and user agencies.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

STATEMENT OF MISSION:

The mission of the Division of Plant Industry is to ensure the health of Maine's agricultural plant resources.

GOALS:

1) Ensure that the level of disease in Maine's potato industry is below the amount which would cause economic injury. 2) Ensure that nursery stock, greenhouse, and other plant material is free of insects and plant diseases that are a threat to Maine producers. 3) Prevent the spread of contagious honey bee diseases and mites in Maine and assure that healthy bees are available for pollination of Maine crops. 4) Ensure that plant material exported to other countries meets the phytosanitary (insect and disease) requirements of those countries. 5) Protect Maine's native ginseng populations while allowing for the production and export of cultivated ginseng.

OBJECTIVES:

1) Assist Maine seed potato producers to meet the 5% tolerance for certification in the Florida test for 85% of their seed lots. 2) Ensure that economic losses caused by insects and plant diseases of significance to Maine producers do not exceed 5% annually. 3) Ensure that the level of American Foulbrood does not exceed 3% and that tracheal and varroa mites are below tolerance in 90% of the hives inspected. 4) Ensure that at least 95% of the shipments inspected for export are found to be acceptable by the receiving country. 5) Ensure that 100% of the ginseng sold outside of the state is cultivated.

STRATEGIES:

1a) Inspect Maine seed potato fields, samples of imported seed, and samples of seed planted in Florida to ensure they meet disease tolerances; b) offer a Foundation Roguing Program to assist seed producers to remove diseased plants. 2) License/inspect all major greenhouses/nurseries at least once/year to ensure they are free of injurious insects/diseases. 3) License/inspect all migratory and resident commercial honey bee operations annually to ensure they meet prescribed tolerances for American Foulbrood and mites. 4) Inspect plant material to be exported for regulated insects/diseases. 5) License ginseng producers/inspect plantings annually to ensure they aren't harvesting wild ginseng.

STATEMENT OF MISSION:

The mission of the Maine Seed Potato Board is to provide an adequate supply of high quality, disease-free "nuclear" seed potatoes of various varieties to meet the needs of Maine seed potato producers.

GOALS:

1) Produce the proper mix of seed potato varieties to meet the needs of Maine seed potato producers.

2) Produce seed potatoes that are free of bacterial, viral and fungal diseases of significance to potato producers.

3) Improve the vigor and productivity of seed potatoes produced at the Porter Farm.

4) Stabilize the Board's financial situation in light of rapidly changing trends in the potato industry in Maine and the U.S.

OBJECTIVES:

1) Ensure that 85% of the contract requests made by producers for seed from the Porter Farm can be met.

2) Ensure that 90% of the seed lots produced at the Porter Farm have a total virus level of 0.5% or less in the Florida test.

- 3) Compare the vigor of 5 tissue culture clones against new clones of the same variety annually and replace any existing clones that are less productive.
- 4) Take appropriate management and program steps to increase the Board's year-end cash balance by \$25,000 per year for each year of the biennium.

STRATEGIES:

1a)Pre-contract production to produce the correct mix of varieties; b) adjust greenhouse production to meet minituber and plantlet requests. 2a)Laboratory test and visually inspect all stages of production for diseases and eliminate infected material; b)apply fungicides and insecticides to control diseases and insects. 3)Conduct research to compare the productivity and vigor of new and existing clones of the same variety and replace existing clones that are less productive. 4a)Pre-contract seed sales to avoid costly over-production; b)seek contract work for minituber and plantlet production to broaden revenues; c)evaluate the need to fill vacant positions as they occur to reduce expenses.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

STATEMENT OF MISSION:

The activities performed under this bureau, with the exception of one and one-half clerical positions, have been transferred to other units in the Department as approved by the Productivity Realization Task Force. Activities performed by the former Division of Regulations have been combined with the duties of the Division of Quality Assurance. A description of the newly formed Division can be found under account 0393, Division of Quality Assurance and Regulations. Animal Welfare duties were transferred to account 0394, Division of Animal Health & Industry.

GOALS:

To enforce rules and regulations in a fair and impartial manner. To emphasize the importance of education to facilitate a safe food supply. To computerize the system of issuing licenses. To encourage the professional development of staff.

OBJECTIVES:

It has become clear that our objectives must revolve around education and direct public service. Enforcement used to be our primary objective, but with increasing diversification within the Department and growing difficulties resolving enforcement cases, we have shifted our philosophy to education. This change has been well received to date, and we will continue to provide education, and support this new cooperation between inspectors and business owners. Enforcement is still an essential factor in protecting public health, but by working together, problems can be prevented or more easily solved.

STRATEGIES:

To organize work more efficiently. Through cross-training and education, less enforcement and more direct help will resolve inspection problems satisfactorily.

STATEMENT OF MISSION:

The program exists to improve the image of Maine potatoes in the marketplace by encouraging potato shippers to make improvements in quality. Those resulting improvements in quality will increase buyer and consumer confidence in Maine potatoes. It is anticipated that the gain in confidence will foster increased demand for Maine potatoes, secure the future of the potato industry in Maine, and assist in the stabilization of the economy in Aroostook County.

GOALS:

The primary goal of the program is to improve the quality of Maine potatoes. Secondary goals include upgrading and strenghthening Quality Assurance programs, reversing a trend that has led to a reduction of farmers, acres planted, and market share. Additionally, the survival of the family farm is also a much desired goal.

OBJECTIVES:

The Department has the following objectives for the biennium: (1) improve the quality of Maine potatoes, (2) provide an easily identifiable logo to promote consumer recognition of Maine potatoes, and (3) maintain and increase Maine's market share in the face of extreme competition from the western states and Canadian provinces.

STRATEGIES:

The Department, in cooperation with the Quality Control Board, will continue efforts to improve Maine's potato market share through market research, consumer focus groups, and continued effort on upgrading standards and strengthening Quality Assurance programs.

BURFAIL OF THE BUDGET FORM

DATE: 12/06/96

STATEMENT OF MISSION:

The 90th Maine Legislature passed the Maine Soil and Water Conservation Act to provide for the conservation of the soil and water resources of the State. The Act establishes Soil and Water Conservation Districts as the local mechanisms to carry out state policies, and the Soil and Water Conservation Commission to oversee that mandate.

GOALS:

1) Continue to provide guidance, leadership, advice, and assistance to Maine's Soil and Water Conservation Districts. 2) Continue to provide assistance to and training for state regulatory staff as they cope with environmental rules and regulations. 3) Continue to provide training, assistance, and education to the private sector on soil and water conservation matters.

OBJECTIVES:

1) Hold and/or participate in training workshops, seminars, and education programs for code enforcement officers and staff members of DOT, LURC, DEP, DECD, Health Engineering, schools, professional groups, etc. on Soil and Water Conservation measures. 2) Assist Districts as they cope with dwindling resources and expanding responsibilities. 3) Assist with the development of technical materials dealing with soil and water conservation.

STRATEGIES:

Approximately 50% of the budget of the Maine Soil and Water Conservation Commission is for basic funding grants to Districts. There is no practical alternative to these grants. Most of the remaining budget is for a single staff member and associated program costs. Privatization would not save any money, and could create a conflict of interest in some cases.

STATEMENT OF MISSION:

The functions are: 1) Solicit and administer federal and state program funds for the arts; 2) For subgrantees, oversee and administer financial and civil rights, ADA and other requirements of the federal government; 3) Develop new sources of income for the arts; 4) Develop collaborative programs with other state and private agencies; 5) Provide an administrative service capable of supporting agency programs.

GOALS:

The major accomplishment is the research into and establishment of a new agency five year plan adopted in March, 1993. The plan was developed to speak to the changed climate of the mid-90's. All programs were studied, rejected, revised, modified or replaced.

OBJECTIVES:

In both years of the biennium, Maine Arts Commission plans to continue to implement a long Range Plan which will feature simplified grantmaking, improved technology-based information on the arts, and greater assistance to help communities locate new resources.

STRATEGIES:

_____.

No alternatives are feasible to continue the program. Receipt of \$800,000 - \$1,200,000 in federal funds is contingent upon a publicly accessible agency which has developed a program with an open planning process. Since a central purpose of the agency is to garner private support for the arts, private funds would be lost without the catalytic effect of the Maine Arts Commission.

STATEMENT OF MISSION:

The Maine Arts Commission provides leadership in developing quality in the arts. The Commission supports art that both affirms and challenges our cultural diverse communities. The Maine Arts Commission recognizes the dynamic relationship among artists, presenters, and audiences, and supports the essential role of the artist. The program is mandated by the National Endowment for the Arts, the 1966 Maine legislative mandate which created the Maine Arts Commission and the 1971 legislation which established the Percent for Art Program.

GOALS:

MAC funds grants to artists and organizations through the following four programs: Project Grants funds projects on a competitive basis involving practicing artists. Advancement Grants fund organizations to advance their future. Education Grants fund artists in residence projects. Direct Grants provide direct support to individual Maine artists.

OBJECTIVES:

In 1993 the Maine Arts Commission created a new five year long range plan. In the next 2 years the agency plans to: a) continue to streamline grantmaking by moving to multi-year funding, b) develop a statewide approach to assist communities with cultural assessment and planning resulting in more non-governmental resources for the arts, and c) improve the technological information base for the arts.

STRATEGIES:

.

No additional actions are required other than those provided by an appropriately sized staff to carry out the tasks listed under functions/goals above.

DATE: 12/06/96

STATEMENT OF MISSION:

The Commission was established to undertake resource planning, management, restoration and propogation of Atlantic Salmon in the rivers of Maine.

GOALS:

Salmon numbers have been declining in North America for the past decade, resulting in a 1993 petition to list the species in New England as Endangered under the Endangered Species Act. Federal Action upon the petition in pending. Due to reductions in funding from General Fund appropriations, the Commission's resources are vastly inadequate to initiate the salmon restoration and rehabilitation programs that are currently being demanded in northern, eastern and southern Maine. The prog. is funded/staffed at a level suitable only for the most basic restoration attempts.

OBJECTIVES:

ODOLOTIVE

A: Maintain Salmon populations and existing fisheries on the Dennys, E. Machias, Machias, Pleasant, Narraguagus, Ducktrap and Sheepscot rivers. B: Restore Salmon populations to the Penobscot and St. Croix rivers. C: Restore Salmon papulations to the remaining historidal salmon habitat (Union, Aroostook, Kennebec, Androscoggin, etc.)

STRATEGIES:

The Commission operates under a Cooperative Agreement with the US Fish & Wildlife Service. A Technical Advisory Committee was established to advises the Commission and the Service on technical matters, to review proposals for cooperative research and to provide assistance in developing and updating salmon restoration plans. The Commission receives funding from Nat'l Marine Fisheries Service and US Fish & Wildlife Service. The Commission participates in regional committees and planning efforts that affect Atlantic Salmon resources throughout New England.

STATEMENT OF MISSION:

Under charter from congress, the fifteen atlantic seaboard states are members of a compact creating the Atlantic States Marine Fisheries Commission. ASMFC is to address fisheries which are predominantly in state waters which are under the jurisdiction of the regional fisheries management councils.

GOALS:

The commission is empowered to adopt fisheries management plans for fisheries which are interstate in nature; those fisheries where the fish species exists more than one state and/or moves from the territorial sea of one state to that of another.

OBJECTIVES:

The commission has in place or is developing fishery management plans for several species important to the economy and ecology of Maine to include shrimp, sturgeon, menhaden and striped bass. These plans include imposing such measures as limiting catch, seasons and gear restrictions on fishermen for the purpose of assurring that fisheries remain healthy. It is imperative that Maine actively participate in the development of plans and their implementation.

STRATEGIES:

Each member state contributes a share of the cost of operating the council. The proportionate share is based on the landed value of fish and shellfish in the state, exclusive of cod and haddock, in relation to the landed value of seafood in the other states. The appropriation also covers the direct expenses of the state members on the commission (the Commissioner of Marine Resouces, a representative of the legislature and a public member).

STATEMENT OF MISSION:

The primary mission of the Human Services Division is to provide legal services for the programs administered by the Department of Human Services.

GOALS:

The Human Services Units will strive to provide high quality legal services in the most efficient and effective manner. In serving the Department, the Unit will strive to protect and promote the health and well being of the people of Maine, to protect the physical and emotional safety of all citizens, to support the provision of basic needed resources and services to people when they can not provide or care for themselves, and will assist in improving the coordination and delivery of services the State provides to children and their families.

OBJECTIVES:

The Human Services Units' major objectives for the biennium are: to boost child support collections figures; to improve the efficiency and effectiveness of the child protective system in the courts; assist the DHS in developing better case management in child protective cases; to increase legal services to the DHS on methods to increase third party liability collections; to provide more legal assitance in the areas of communicable diseases and drinking water; and to enforce laws protecting children and adults from the hazards of lead poisioning and second-hand smoke.

STRATEGIES:

The Units plan the following strategies to meet the objectives: to provide legal representation to the Department through Assistant Attorney Generals who maintain active caseloads in the areas of child protective, child support, health law, income maintainence, elder and adult services, child care licensing and other lawsuits against Department staff; to meet with representatives of the judicial system; to work with the Department to develop systems to streamline caseloads; and to work closely with the Department to determine which duties can be legally reduced or eliminated.

GOALS:

Establish audit priorities that make the best use of limited audit resources; provide support for State Controller's office and other financial managers in preparing financial information; stay current with changes in accounting principles and auditing standards; provide training opportunities for accountants and auditors from other departments; identify additional cost/revenues to the General Fund; maximize use of technological developments to improve audit effectiveness; enhance electronic audit techniques necessary for the new computerized accounting and auditing environments; and continue to respond to the Office of Fiscal and Program Review's requests for management review services.

OBJECTIVES:

Conduct audits according to statutory requirements of Title 5, MRSA, Chapter 11 and federal law implemented by U.S. Office of Management and Budget (OBM) Circular A-128, "Audits of State and Local Governments." Ensure state funds are expended in compliance with law for authorized purposes and are accounted for properly. Audits are also conducted to determine the efficiency of programs and to identify potential cost savings/revenues through cost-benefit analysis, trend analysis, analytical reviews and specific transaction reviews. Audit results and recommendations are communicated to agency officials for response and legislative committees for their review and consideration.

STRATEGIES:

The department will be more proactive in assisting management with development of adequate systems of internal controls; to make maximum use of technology and improve over all audit efficiency allowing more audit services to be provided; to devote more attention to audits by encouraging the State Controller's office to prepare and report the results of the state's financial activities in accordance with generally accepted accounting principles; to assist managers with information which is timely, meaningful, and useful to assist in the decision making process of the legislature and state agencies and to report the results of our audits directly to legislative committees through written and oral reports.

STATEMENT OF MISSION:

The Department of Conservation no longer has 0757 Departmentwide-TQM as an active account for the 1998/1999 Biennial Budget. During the 1994/95 Biennial Budget, the Department of Conservation's mission was to provide responsive, professional and high-value service; to offer a challenging and results-oriented workplace that supports personal and professional growth and recognizes and appreciates the contributions of each individual. We will operate the Department in a manner that exemplifies the best of State government.

GOALS:

The Department TQM Council recognizes the need to communicate effectively with all of its employees in a timely manner. This could be accomplished through an improved computer system and placement of fax machines in the field offices. All of the Bureaus would share common systems which in turn allows for processing program information between Augusta-based staff and the field offices. In addition TQM awareness training will be provided for all employees in this biennum.

OBJECTIVES:

1.) Purchase software to improve computer systems in order to share a common system which processes information within the Department and the field offices. 2.) Provide trainiing in TQM-related processes and support for the work of Process Action Teams.

STRATEGIES:

1. Provide an all-day TQM awareness training which will involve all employees. 2.) Work with the departmental computer committee to establish a plan for upgrade of the current computer system. 3. Establish the first Process Action Team in Communication.

BUREAU OF THE BUDGET FORM

#### STATEMENT OF MISSION:

\_\_\_\_\_

The mission of the Forest Fire Control Division is to take all actions necessary to protect the public, high value property, and forest resources from forest fires and to enforce the State's natural resource laws associated with the forest resource. (12 MRSA 8901 et seq.)

#### GOALS:

----

The goals of FFC are to, on an annual basis: keep acreage losses from forest fires to less than 3500 acres, statewide; to keep forest fire occurrence to less than 1,000 fires; to maintain voluntary compliance with State laws, rules and regulations pertaining to forest resources at the highest possible level; and to gain compliance with the law through enforcement actions when all other avenues have been exhausted.

#### **OBJECTIVES:**

\_\_\_\_\_\_

The objectives of FFC are to: control all forest fires in the first burning period (before 10 AM the following day); maintain the State's forest fire equipment in fire ready condition; maintain a good resource base of non-State cooperating fire fighters and heavy equipment; train and maintain an Overhead Management Team for forest fire control anywhere in the State; and develop and maintain sound cooperative working relationships with all municipal fire fighting organizations and town forest fire wardens; and to ensure compliance with the State's forest fire and protection laws.

#### STRATEGIES:

\_\_\_\_\_\_

The Division strategies include the development and maintenance of cooperative agreements with: all municipal subdivisions; State agencies including the Department of Conservation, IF&W, Marine Resources, DEP, State Police, Maine National Guard, Maine Emergency Management Agency; USDA Forest Service, and other states and Canadian Provinces in the region; to maintain a highly competent and professional workforce; and to deliver a highly professional and agressive forest fire prevention and suppression information, education and training program aimed at the general public, forest land owners, woods operators, cooperating agencies and users of the forest resources of the State.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The Division of Policy, Planning and Information is responsible for policy development, acquisition and analysis of forest resource data; development and delivery of mandated reports to the State Bureau of Taxation; long-range forest resource planning; management of the Bureau's Forest Information Services; and the development and implementation of natural resource education programs. The division was combined with Forest Management, Utilization & Marketing in the 1996 Productivity Reorganization Plan. It is now the Division of Forest Policy and Management. A Part II budget request will formalize this change.

#### GOALS:

\_\_\_\_

Division goals include: providing reliable, timely, and accurate information on the forest resources of the State regarding the condition, health, sustainability of the forest resources; to accurately report on current wood supply and predict future demand on forest resources; and to inform the public as to the condition and value of the forest resources of the state.

### OBJECTIVES:

Division objectives include: to annually track the amount of wood cut from the forests of Maine; to annually determine the type of forest management and investments in improving the forest resource; to anticipate pressures on the forest resources of the State and develop strategies for addressing those impacts; to administer the Forest Practices Act (PL 89 c. 666); to maintain and service the Bureau's computer system; and conduct and promote education programs concerning forest resources of Maine.

#### STRATEGIES:

Assessing the forest resources of the State and anticipating future issues surrounding its management is a major effort that can only be effectively carried out with the help and cooperation from many different sources. The Division routinely collaborates and shares information and interpretations with other state agencies, the Federal government, forest landowners and environmental interest groups. The Division actively works to improve in-house expertise to carry out its mission through training, selected hirings and outside contacts.

#### STATEMENT OF MISSION:

\_\_\_\_\_

The mission of the Insect and Disease Management Division (12 MRSA Chap 803 et seq.; 17 MRSA sec 2805, subsec 5) is to protect the forest, shade and ornamental tree resources of the state from significant insect and disease damage, and to preserve the overall health of the resource; to provide pest management and damage prevention and control for homeowners, municipalities, and forest landowners and managers. Beyond the specific mission, the I&DM Division cooperates with other state, local, and federal collaborators to support the overall mission of the Maine Forest Service to protect and enhance the forest resources of Maine for the benefit of present and future generations.

#### GOALS:

The Division works to: provide timely, accurate, and appropriate assessments and predictions of forest health conditions; develop preventive and remedial management prescriptions for major forest resource problems; maintain the capability to generate analyses of pest trends and impacts; develop site-specific management/control strategies; provide technical advice and assistance to forest landowners, municipalities and individuals; conduct and supervise pest control actions when appropriate; and conduct and administer quarantine activities directly relating to Maine's forest resource to protect the resource base and minimize constraint of commerce.

#### **OBJECTIVES:**

In accordance with the legislative charges assigned in 12 MRSA Chap 803 et seq. and 17 MRSA sec 2805, subsec 5 objectives include: Developing a functional unit which meets cost benefit criteria; providing predictive surveys and evaluations of pest and resource conditions/trends; generating effective management strategies for identified stress agents; and delivering programs and services to landowners, resource managers, industry and commodity groups, institutions, homeowners, municipalities, and others so as to allow these managers to make timely and informed site specific pest and resource management decisions.

#### STRATEGIES:

The extent and diversity of the forest and shade tree resource protected on the 17.5 million acres of commercial forest and 498 municipalities, coupled with the small size of the I&DM Division (14 legislated positions), necessitates integrated and interactive operations. The Division collaborates with other agencies within the state, with neighboring jurisdictions, and with the federal government to optimize efficiencies by sharing resources, analyses, and information. At the local level, the Division is actively developing a network of client/cooperators to augment internal capacity and address local problems.

BURFAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

-----

To extend the principles of sound planning, zoning and subdivision control to the 420 unorganized townships and 40 plantations of the State; to preserve public health, safety, and welfare; to prevent inappropriate residential, recreational, commercial and industrial uses detrimental to the proper use or value of those areas; to prevent the intermixing of incompatible land uses; to prevent the development of substandard structures or structures inappropriately located near waterways and roads; to prevent despoliation, pollution and inappropriate uses of waters; and to preserve ecological and natural values.

#### GOALS:

\_\_\_\_

The Commission is charged by the Legislature with land use regulation, planning and zoning authority in the 10.5 million acres of land that lack local land use controls. The Commission directs development and land uses through zoning and planning, identifies and assesses natural resources, reviews and processes permit applications for land use activities, promotes compliance with land use standards and education about sound land use planning and review development practices, and enforces land use laws and standards.

#### **OBJECTIVES:**

\_\_\_\_\_

Refining a system of sound land use planning and regulation that results in a predictable and workable process; increase understanding of sound land use practices and natural resources by frequent direct contact with the regulated community and general public through outreach efforts, assistance, maintaining regional offices; identify, properly respond to, and resolve land use violations in a timely and appropriate manner. Review and process permit applications, advisory rulings, zoning petitions, and general notifications and other applications in a timely fashion.

#### STRATEGIES:

\_\_\_\_\_

O1) Begin implementation of the Commission's Comprehensive Land Use Plan to respond to the growth and development pressures of the past decade and to guide development and natural resources management to meet the challenges of the 1990's. 2) Enhance responsiveness through prompt handling of permit applications by streamlining processes, holding pre-application conferences, special field office hours and conducting public hearings, information meetings and training seminars. 3) Promote voluntary compliance and prevent violations by maintaining regional offices proximate to the jurisdiction to provide prompt on-site inspections and assistance to local businesses and residents.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

### STATEMENT OF MISSION:

-----

There are two areas of primary function of the Maine Geological Survey:(1) Applied Geology; (2) Publication and dissemination of geological information. The MGS's primary mission is to map, interpret and publish land, water and mineral information and provide professional assistance to State agencies and the public. Basic geologic mapping forms the foundation for and has wide applications in natural resource issues, economic development and public health and safety.

### GOALS:

\_\_\_\_

Ensure that quality information is used in decision-making. Provide to State agencies, the public and private institutions quality information on the distribution and nature of bedrock, unconsolidated surficial materials, ground-water resources, and marine resources. Included is information on: geologic hazards (landslides, floods, storms, earthquakes); economic resources (volume, distribution, quality); ground-water(quality, quantity, contamination susceptibility)- all data essential to resource development, public safety, facilities siting. Ensure that information is available to public/private sectors.

### OBJECTIVES:

000001110

Map bedrock, surficial, water resources of currently unmapped areas of the state; update hazard, eco resources, digital geo databases. Map sand/gravel, bedrock aquifer resources: maintain MGS/USGS water coop. Produce 1:100,000-scale marine map atlas of coast/State submerged lands: produce sediment budgets of Maine beaches; map coastal hazards/conduct workshops; revise geologic component of oil spill sensitivity maps. Produce hardcopy and digital publications of bedrock, surficial, aquifer, marine maps. Technical assistance to public/governmental agencies.

### STRATEGIES:

O I I WILL COLL

Map geologoical resources on land and along the coast. Consult State/public/private sectors regarding mapping priorities; automate new maps; inventory economic resources/geo hazards. Improve map and manuscript format to improve utility; provide enhanced access to and utility of data via digital methods. Secure federal and other outside funds for program; report results/provide talks/workshops to public.

BUREAU OF THE BUDGET FORM

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Maine Natural Areas Program's mission is to ensure the maintenance of Maine's natural heritage for the benefit of present and future generations. MNAP facilitates informed decision-making in development planning, conservation, and natural resources management. The program's success relies upon using consistent and objective methods to collect, organize, and interpret information.

### GOALS:

\_\_\_\_

Ensure quality natural resource information is used in decision-making. Provide to the public, state and federal agencies, municipalities, landowners, and private institutions current, unbiased, objective information on the distribution, quality, condition, and location of rare plants and rare and exemplary natural communities throughout Maine. Through voluntary protection, ensure the continued existence in Maine of the state's most significant plants and natural communities. Secure funding for core program positions.

### OBJECTIVES:

\_\_\_\_\_

To inventory and survey known and potential rare plant habitat and rare and exemplary natural communities. To maintain current data in computer and manual form on the quality, condition, and location of rare plants and rare and exemplary natural communities throughout the state. To provide accurate, unbiased data for natural resource decision-making.

### STRATEGIES:

\_\_\_\_\_

Inventory areas of the state where currently little data exist regarding rare plants and rare and exemplary natural communities. Target field surveys for specific plants and natural communities to determine status within state. Work with landowners towards voluntary protection of significant plant habitat and natural community occurrences. Maintain technologically advanced data management system for data organization, analysis, reports, publications and provide that data to appropriate users. Secure funding for core positions, federal and other outside funds for program.

### STATEMENT OF MISSION:

Maine's Bureau of Parks and Lands, by virtue of the parks, historic sites, and other facilities in its care, creates opportunities for people to enrich their lives through a wide range of quality, safe, outdoor recreation and educational experiences. This program protects and provides access to examples of Maine's significant natural and historic resources for present and future generations. The program administers the federal Land and Water Conservation Fund and Symms Trail Fund. The program also includes negotiation for and acquisition of additional significant park, trail and cultural lands for protection and public use and the planning necessary to ensure protection and wise use of lands and facilities.

### GOALS:

Maintain & improve the outdoor recreational & educational opportunities at state parks, historic sites, and on Maine's lands & waters; propose priorities and strategies for acquiring outstanding examples of Maine's natural and historic resources in order to protect them and make them available to Maine people and visitors to the state; maintain high levels of competency and job satisfaction among employees; anticipate & strive to satisfy contemporary public recreation preferences, which cannot be met by the private sector; assist public and private agencies and organizations in their efforts to protect natural & historic resources and provide recreational opportunities.

### **OBJECTIVES:**

Increase satisfaction of users of the bureau's recreational lands and facilities; increase the quality of public and private lands and facilities available for public use; increase revenues to the general fund from the operation of state parks and historic sites while maintaining or increasing current services; achieve the preparation of management plans and associated maps for state parks and historic sites and public reserved lands; achieve the preparation of statewide natural and recreation resource plans and the review of growth management plans and ordinances.

### STRATEGIES:

Identify user satisfaction at state parks & historic sites; maintain state parks, historic sites, boating facilities, & trails to ensure they are safe & attractive; develop staff training & skills to improve user services; implement capital improvements that will increase user satisfaction; identify current acreage of land & water available for outdoor recreation; increase opportunites for public use of undeveloped lands; identify the gap between general fund expenditures & income for the operation of the state park system; reduce operating costs & increase revenue; prepare management plans and maps; develop resource plans.

### STATEMENT OF MISSION:

-----

The mission of the Community Corrections Act is to help address inmate population growth in state correctional facilities by shifting responsibility for short term sentenced offenders to the county and provide counties with reimbursement for this shift in population and to provide funds for community-based programs.

### GOALS:

GO/ IL

The goal of this program is to reimburse counties for the shift in the inmate population, from state correctional facilities to the county jails, to establish community-based programs for adults and juveniles at the county level, and to place less of a burden on local property taxes for correctional services through the reimbursement to counties.

### **OBJECTIVES:**

1) Reduce the state system prisoner population through the courts sentencing all inmates with short-term sentences, one year or less beginning in 1995, to county jails. 2) Minimize the impact on local property taxes by reimbursing counties (70%) for the support of prisoners shifted to the county level. 3) Through the use of 30% of the reimbursement funds, develop and maintain community-based and juvenile programs at the county level to deal with low risk inmate population.

### STRATEGIES:

1) Establish a rate of reimbursement for each county based on actual expenditures for the support of prisoners. 2) Review and monitor vouchers, inmate release computations and court commitment to determine eligibility for reimbursement. 3) Maintain accounting system for all disbursements to counties in accordance with the statutorily required reimbursement ratio. 4) Work with Sheriffs, Jail Administrators and local plannning committees to plan, develop and implement community-based and juvenile programs. 5) Monitor community-based and juvenile programs in place. 6) Establish the amount of capital construction cost to be used in determining the rate of reimbursement based on the net gain of inmates.

### STATEMENT OF MISSION:

Pursuant to the provisions of 34-A MRSA 1209 and of the federal Juvenile Justice and Delinquency Prevention (JJDP) Act of 1974, as amended, the JJAG develops and implements the annual state Comprehensive JJDP Plan, monitors state compliance with the JJDP mandates, manages the annual federal JJDP Formula Grant, and advises the Governor and the Legislature on juvenile justice issues.

### GOALS:

\_\_\_\_

1. Promote a broader reliance throughout Maine's juvenile justice system on an integrated spectrum of diverse strategies for managing offender behavior. 2. Reduce the overrepresentation of ethnic minorities in the system. 3. Support a heightened commitment to equitable treatment for female offenders. 4. Facilitate development of effective programs for chronic offenders. 5. Build support for a greater emphasis on delinquency prevention. 6. Redirect public consciousness of juvenile crime toward concern about causal factors and policies based on outcome-oriented research. 7. Improve the management capacity of the JJAG.

### OBJECTIVES:

1) Redistribute the funds available to the state through JJDP programs in such a way as to maximize progress on the identified priorities. 2) Secure inclusion in the Corrections' budget of funds for full implementation of the Juvenile Intensive Supervision Services model. 3) Develop a data base of minority detention statistics as a base for systemwide planning to address the issue of overrepresentation. 4) Negotiate a joint initiative with the Office of Substance Abuse and the DHS Family Preservation Initiative to make risk and protective factor-based prevention strategies the standard for Maine.

### STRATEGIES:

......

Make subgrants from federal formula grant funds to support programs that promote achievement of goals. Manage distribution of Title V prevention funds and JJDP State Challenge Activity funds to further achievement of goals. Submit recommendations to the Governor and the Legislature in the form of reports, plans, proposed legislation, and testimony on pending bills. Direct available staff resources to accomplishment of identified priorities.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

### STATEMENT OF MISSION:

The Office of Advocacy operates within the structure of the Department of Corrections to receive and investigate the claims and grievances of correctional clients. These include inmates at all adult correctional facilities and institutions operated by the DOC, adults who are being supervised by the Division of Adult Services, juveniles at the Maine Youth Center, and juveniles under the supervision of juvenile caseworkers within the Division of Juvenile Services.

### GOALS:

The goals of this program are to provide advocacy services to Department clients; to provide an avenue for the clients of the Department to have their complaints and grievances addressed; to provide information, advice and assistance to the Commissioner and other Correctional Administrators in matters involving client concerns, legal rights, and real or potential problems which may exist in correctional institutions and agencies.

### **OBJECTIVES:**

Basic objectives are to respond to client complaints and concerns in a timely manner, both for their safety and well-being and for the safety and well-being of the institution or agency involved. Advocates also meet regularly with Administrators and staff to discuss problems and issues which may be vital to all concerned.

### STRATEGIES:

The Chief Advocate, who is based in the Central Office in Augusta, directs the operation of the agency, and meets regularly with the Commissioner and Correctional Administrators, as well as with the other Advocates. The Chief Advocate frequently visits departmental institutions and agencies, meeting with clients and staff in an effort to prevent and resolve problems. One full-time Advocate is stationed at the State Prison complex, which includes the Thomaston institution, the Bolduc facility, and the Maine Correctional Institution in Warren. BUREAU OF THE BUDGET FORM

DATE: 12/06/96

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The mission of the Bangor Pre-Release Center is to provide security in a community-based setting which allows prisoners to enter the final phase between incarceration and release to the community or release to probation. This institution provides the minimum security level to insure the safety of the public, staff, and prisoners.

### GOALS:

\_\_\_\_

The primary goals of the Center are to provide structure, supervision, and security so that prisoners may maintain and strengthen family ties through the visitation and furlough programs, participate in community re-entry programs, which include work, education, and public service release, utilizing community services. This is the most cost effective form of incarceration and serves as an integral part of the prisoners' reintegration into society.

### OBJECTIVES:

-----

1) With the support of the Charleston Correctional Facility Administration, plan, coordinate, direct, and implement all programs, custody and security for its prisoners. 2) Provide for the direct control and supervision of prisoner behavior, activity, and daily living requirements. 3) Classify prisoners and establish individual assessments to meet appropriate needs, evaluate, provide and monitor treatment programs, and community programs. 4) Provide for the maintenance, repair, and upgrading of all facility grounds, buildings, vehicles, and equipment, primarily through the use of prisoner labor.

### STRATEGIES:

\_\_\_\_\_\_

1) Delegate, monitor, review, and direct the day to day operation of a community custody work release program. 2) Maintain all rules in order to maintain the security and good order of the institution. 3) Provide medical services, limited counseling, and educational services that are provided through prisoner participation in community based schools. Evaluate and assess prisoner treatment, custody, security and program needs, and design appropriate treatment plans. 4) Provide personal goods and services for daily functioning. Continue to maintain facility equipment, grounds, and buildings in conjunction with prisoner labor. Continue efforts to increase the amount of public service release program activities.

### STATEMENT OF MISSION:

The mission of the Charleston Correctional Facility is to provide public safety to Maine citizens by confining appropriately classified minimum security prisoners as required by legislative and judicial mandates. The facility serves as a progressive, cost effective, intermediate step between maximum/medium security and community confinement; enabling the Department to better control its total prisoner population. Charleston offers rehabilitative programs to prisoners and provides public restitution benefits to local communities through the utilization of prisoner labor.

### GOALS:

\_\_\_\_

The primary goals of the facility are to provide a secure environment for prisoners that ensures the safety of the public, staff and prisoners while providing programs which increases the likelihood of successful re-entry into society.

### OBJECTIVES:

1) To provide, through direct and indirect supervision, the coordination of all function areas to ensure the successful operation of both the Charleston Correctional Facility and the Bangor Pre-Release Center. 2) To provide for the direct control and supervision of prisoner behavior, activity and daily living requirements. 3) To classify prisoners and establish individual assessments to meet appropriate needs. 4) To provide for the maintenance of all expansion and repairs of the physical plant, establish, prepare, and maintain the prisoner feeding program, and maintain the receipt and issuance of all commodities for the facility.

### STRATEGIES:

1) Coordinate, direct, and oversee the daily operations of the facilities which include all fiscal, personnel, plant operations, and the care, custody and control of its prisoners to ensure efficient and cost effective operation. 2) Maintain all rules and regulations in order to maintain the security and good order of the institution. 3) Provide for educational and vocational programs, and other lifeskills, as well as basic medical and psychological needs. 4) Provide the basic maintenance of multi-faceted operations of the facility, including the operation of a wood-fired steam plant, sewerage treatment plant, motorpool, and various prisoner work crews who provide public restitution assistance.

BUREAU OF THE BUDGET FORM

### STATEMENT OF MISSION:

\_\_\_\_\_

The mission of the Food Account is to provide funding for appropriate nutritious meals that meet the minimum daily requirements for prisoners housed at the Charleston Correctional Facility in accordance with American Correctional Association and National Dietary Standards.

### GOALS:

\_\_\_\_

The primary goal of the Food Account is to provide healthful meals in the most cost effective manner possible.

### **OBJECTIVES:**

The primary objectives of the Charleston Correctional Food Account are to provide for the payment of all food commodities for the facility in order to meet established dietary standards and meet the basic nutritional needs of the prisoner population within available resources.

### STRATEGIES:

\_\_\_\_\_

The strategies for the operation of the Food Service Program are accomplished through a Correctional Cook Supervisor and two Correctional Cooks.

1) To continue to oversee, direct, teach, and discipline a crew of prisoner workers. 2) To reduce meal costs through change in product cost and menu items in accordance with the registered dietitian's recommendations and standards. 3) To provide more alternative "healthwise" choices to the existing menu which may ultimately reduce the overall cost of prisoner incarceration. 4) To continue to utilize U.S.D.A. government commodities and any other surplus food programs that may be available.

### STATEMENT OF MISSION:

The mission of the Central Maine Pre-Release Center is to provide the structure, supervision and security to DOC prisoners for a transition from incarceration to release. Prisoners may maintain and strengthen family ties (visits and furloughs), participate in community re-entry programs (work release, education release, public service release), and utilize community services (counseling, substance abuse treatment, alcoholics anonymous, narcotics anonymous, medical, dental, educational, and social services), while presenting a minimum risk to the public's safety and property.

### GOALS:

To develop, establish and maintain a high quality of services and programs for individualized treatment of prisoners confined at the Central Maine Pre-Release Center. To improve the coordination and interaction of information and services between all programs. To develop a positive organizational climate by addressing and improving personnel issues, labor relations, and communications at all levels. To increase staff professionalism through education and training. To develop a comprehensive construction and renovation plan. To educate and inform the public about the Department of Corrections through increased citizen participation and positive community relations.

### **OBJECTIVES:**

Maximize the utilization of community based rehabilitation programs/volunteers. Assess/evaluate individual public restitution projects for prisoner skills/training development opportunities. Evaluate, assess, and expand work release placement opportunities. Assess/review methods of performance measurement for prisoners participating in the work release program. Expand utilization of TQM. Conduct staff training on DOC Policy and Procedures for Tuberculosis. Complete assessment and audit of facility modifications required under the Americans with Disabilities Act. Maintain open communication with the citizens' advisory group for CMPRC. Continue public restitution projects in local communities.

### STRATEGIES:

To contact any relevant, new community services agencies for provider information. Confer with public restitution CTI's and evaluate projects, training opportunities. Expand the review and monitoring of area employment opportunities through the Maine Job Service Office. Survey work release employers to determine interest/willingness to complete formal written assessment reports of prisoner's performance. Establish PATs and utilize supervisors' training provided by TQM. Utilize Department of Corrections trainers for PAT training to CMPR staff. Work under the direction of the DOC ADA Coordinator.

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Downeast Correctional Facility provides for the public safety of Maine citizens by confining prisoners as required by legislative and judicial mandate. Downeast Correctional Facility provides a public benefit to the community and the State through the utilization of prisoners' labor in completing restitution projects.

#### GOALS:

\_\_\_\_

The Downeast Correctional Facility's major goal for this biennium is to provide for the incarceration of convicted felons and the development of strategies to prevent the victimization of Maine citizens by recidivists.

#### **OBJECTIVES:**

-----

To provide opportunities for convicted felons assigned to the Downeast Correctional Facility to work for the public good, participate in programs which will allow them to contribute to the community and provide prisoners with resources which will allow them to participate in a variety of programs designed to prevent further maladaptive behavior.

#### STRATEGIES:

\_\_\_\_\_\_

Develop and request budget support for specific programs for the treatment of sex offenders, alcoholics and those prisoners dependent on drugs. Continue to emphasize work projects aimed at the repair, restoration and maintenance of public buildings and vehicles. Provide support to other State agencies with specific emphasis on the Department of Conservation, its forest fire fighting mission, and the Department of Inland Fisheries and Wildlife.

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Parole Board's mission is to protect and enhance public safety by providing for the reintegration of selected inmates into the community as law abiding members prior to the expiration of their sentences. Successful reintegration requires a parole program which continues institutional progress toward rehabilitation and is consistent with the safety of the community. Parole is a system designed to provide both supervision and assistance to the parolee in his/her reestablishment into the community.

#### GOALS:

\_\_\_\_

The Parole Board has two primary goals: 1) Grant or Denial of Parole - In considering parole, the Board reviews the entire record of the inmate and also weighs the attitudes and plans expressed in a direct interview with the inmate and his/her representative. Since each person has unique problems and needs, the Board may require a highly individualized parole plan and shall exercise its own judgment in determining whether or not to impose or remove specific conditions of parole. 2) Revocation of Parole - The Board may revoke parole when it finds that the parolee has violated one or more conditions set forth in his/her parole certificate.

#### **OBJECTIVES:**

To reduce the number of hearings to the minimum required to effectively carry out the mandate of the Board and to continue to provide for the public safety through informed decision making.

#### STRATEGIES:

To continue to conduct required hearings in accordance with existing statutes and policies. The Maine Parole Board, which is composed of five members with special training and experience in law, sociology, psychology, and related branches of social science, is mandated to carry out its public safety functions in an effective manner.

#### STATEMENT OF MISSION:

To provide public safety to Maine citizens by confining the State's highest security and most dangerous offenders. The Maine State Prison serves as the first step in the confinement process and provides the State of Maine with the vital security needed to house dangerous felons who have been sentenced by the courts.

#### GOALS:

\_\_\_\_

Protect the public, staff and prisoners at the Maine State Prison, Bolduc Correctional Facility and the Warren Correctional Facility. Maintain constitutional levels of care and develop individualized treatment plans for prisoners. Ensure policies, procedures and standards of care are consistent and meet the needs for humane treatment, protection and civil rights of the prisoners, staff and public. Promote a positive organizational climate, a spirit of cooperation and open lines of communication. Ensure that all staff receive the education and training needed to fulfill their responsibilities. Provide support, education, and information to volunteers, families of the incarcerated, and the public.

#### **OBJECTIVES:**

-----

Continue to monitor and develop staffing policy that will provide for appropriate levels of security staffing at MSP, Bolduc Correctional Facility and Maine Correctional Institution through staffing analysis and budgetary process. Review and revise all treatment policies and provide on-going education and training to the treatment staff. Expand the "TQM" process and increase participation in process action teams. Implement a system to provide for on-going maintenance of mandated training and promote involvement in the training offered. Continue to provide assistance to the public through support groups, emergency response teams, educational seminars, public forums, and volunteer recognition.

#### STRATEGIES:

• .....

Increase the awareness of the public and the legislature of the special needs and funding problems which are inherent in a correctional environment. Implement updated treatment policies and training. Insure all staff receive the education and training they need to provide services. Promote volunteer services and educate the public in correctional awareness.

#### STATEMENT OF MISSION:

-----

To create a viable inmate work activity, a resource utilization program, and an industrial capitalization effort for the Department of Corrections and for the State of Maine.

#### GOALS:

\_\_\_\_

To manage an efficient productive self-supporting farm operation that provides the State Prison with a viable activity as part of an overall rehabilitative effort.

#### **OBJECTIVES:**

\_\_\_\_\_

Develop and implement, progressive and up-to-date, farming techniques. To work in conjunction with the University of Maine Extension Service to increase production. Provide sufficient quantities of produce to provide surplus that can be sold to wholesale markets. Introduce new crops and freezing capabilities to the farm program. Develop a plan to review and organize the beef program for optimum usefulness.

### STRATEGIES:

\_\_\_\_\_

Increase production. Develop a comprehensive soil evaluation process. Generate revenue to reduce general fund assistance. Maintain the beef herd at efficient levels for space requirements and hay production. Increase work options available for rehabilitation.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

To provide the Maine Department of Corrections with the most secure maximum security correctional institution to house those maximum security and special needs prisoners throughout the correctional system who have been found to pose the highest risk to the public, the safety of staff, other prisoners, or the security and orderly management of the institutions, or who are themselves at risk.

#### GOALS:

The goal of the Maine Correctional Institution is to house the Department's most difficult inmates, thus providing all correctional facilities throughout the State with a management tool where all inmates can be sent who assault staff and other prisoners, escape, or create various other management problems.

#### OBJECTIVES:

To ensure all staff are properly trained in all facets of the facility operation and Department Policies and Procedures. Monitor all security systems on an on-going basis. Provide for information of individual treatment programs, to include medical care, psychological services, recreational activity, and to meet legal and advocacy requirements.

#### STRATEGIES:

Provide on-going training of all staff on Departmental Policies and Procedures. Maintain a preventative maintenance program to ensure that all complex security equipment remains operable. Maintain current case treatment program and establish more in depth treatment for the individual prisoner as resources allow. To return high risk prisoners to a maximum or medium security facility by impressing upon the inmate that his past behavior is what got him to the Maine Correctional Facility and only a drastic behavior change for the better will allow him to be transferred out of this facility to one of the other State institutions.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The purpose of the Probation and Parole system is to provide supervisory and investigative services to the Department of Corrections, Criminal Justice System, the courts, and the Executive branch of government. It is also responsible to maintain records, coordinate activities, design and pursue programs and to assist convicted adult and juvenile offenders in remaining in the community. The services are rendered to juveniles and adults from Maine and the other 49 states on a transfer basis. Additionally, such services are provided for correctional institutions or to authorities involved in the criminal justice system.

#### GOALS:

\_\_\_\_

The main goals of the Division are to carry out the primary investigatory and supervisory functions as follows: 1) Perform investigatory services for court-ordered presentence reports. 2) Perform extensive Pardon and Commutation investigations for the Office of the Governor, furlough investigations for the institutions, intensive supervision screening investigation and comprehensive preliminary investigations for juveniles. 3) Perform daily probable cause hearings for juveniles and adults. 4) Supervise and monitor the behavior of offfenders who are on conditional release, informal adjustment, probation, or entrustment for juveniles, or regular probation, intensive supervision, or parole for adults.

#### OBJECTIVES:

1) To implement a newly authorized supervised community confinement program when possible. 2.a) To reinstitute the Intensive Supervision Program when funding is available. 2.b) To continue to restructure juvenile functions in order to be in compliance with the Executive Branch mandate for privatization and medicaid. 2.c) To redesign the adult caseload management's system to provide greater emphasis on higher risk individuals with virtually little or no emphasis on low risk individuals. 2.d) To provide training for staff on a no cost basis and, whenever possible, through the TQM process to enhance safety, security, communications, and to develop a firm plan for prioritization.

#### STRATEGIES:

\_\_\_\_\_

The major strategy within the Division of Probation and Parole is through participatory management and the Total Quality Management practices to enhance the operation to provide a better base for the delivery of services within the allotted funding.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The purpose of the Maine Criminal Justice Commission is to study and report on the state of the criminal justice system, to truthfully spotlight its shortcomings and offer suggestions for making it work better.

#### GOALS:

To comply with the statutory requirements, to report and advise the Legislature and the Governor concerning the Maine Criminal Justice Commission. Furthermore, to allow all the various components of the criminal justice system to work together and focus on long-term solutions to problems inherent in the Maine Criminal Justice Commission.

#### OBJECTIVES:

-----

Employ a part-time Director; act as a catalyst to receive federal and private funds; comply with the statutory mandate to advise the Legislature and the Governor as to issues within the criminal justice system and provide a forum for the various components of the criminal justice system to work together in an integrated manner on long-term problems.

#### STRATEGIES:

\_\_\_\_\_

Will utilize the current appropriation to contract with the Director to provide staff services. Part of the Director's job will be to attempt to raise both federal and private funds to assist in completing the mission and meeting the above-stated goals and objectives. Hopefully, the Commission will be both a resource where the Legislature and Governor's office will have the ability to focus on issues and problems beyond the two-year budget cycle and the Maine Criminal Justice Commission will provide the expertise and broad-based support necessary to not only critique existing problems within the criminal justice system but to propose and spearhead innovative ideas and solutions.

#### STATEMENT OF MISSION:

\_\_\_\_\_

To lessen the effects of disaster on the lives and property of the people of Maine, through leadership, coordination and support in the four phases of emergency management; mitigation, preparedness, response, and recovery.

#### GOALS:

\_\_\_\_

The State of Maine will be at minimum risk from the effects of all disasters and fully prepared to respond to and recover from any emergency or disaster.

#### **OBJECTIVES:**

By 30 September 2000, the level of response and recovery capability of State, county and local jurisdictions will have improved by 100% above current levels.

By 30 September 2001, increase percentage of local communities actively participating in comprehensive mitigation programs from 5% to 40%, in order to reduce potential losses from disaster.

#### STRATEGIES:

Maintain and improve hazard analysis data collection for state, county and local jurisdictions.

Actions for dam safety: Complete update of dam ownership database; Perform in-depth inspection of high and significant hazard dams flagged as needing further analysis by preliminary inspections performed June-August 1996; Review and enhance dam breach hazard planning.

DATE: 12/06/96

### STATEMENT OF MISSION:

OTHERE OF HISSE

The Military Bureau administers the State Military Forces and manages their supporting infrastructure. These forces are Army National Guard and Air National Guard units. The Governor commands these units while they are in State status and uses them to protect the lives and property of Maine citizens and preserve peace, order, and public safety. These forces are also available for voluntary State active duty to complement or multiply Maine State resources in non-emergency situations, i.e., South Portland Youth Center fence. This support is administered in accordance with a Cooperative Funding Agreement between the Federal Government and the State.

#### GOALS:

\_\_\_\_

The Military Bureau will excel in leadership and management of resources. Maine Army and Air National Guard units will achieve top notch readiness for their Federal missions. They will always be completely ready for the State's military and emergency needs.

### **OBJECTIVES:**

ODOLO II V.

Improve Human Resource policies and practices such that employee workplace surveys reflect improvement according to the Department's Strategic Plan. Improve the Facility Management Program to curtail and eventually stop facility deterioration according to the Department's Strategic Plan. Maine National Guard units will rank in the top 10% of like units nationwide according to the schedule outlined in the Department's Strategic Plan.

### STRATEGIES:

O III LOIL

Participate fully in the Department's personnel policies and practices strategies outlined in the Department's Strategic Plan. Identify and quantify the backlog of maintenance and repair by facility. Target sufficient resources to halt further facilities deterioration and meet health and safety standards. Acquire systems, equipment, and training according to approved information technology plans.

### STATEMENT OF MISSION:

\_\_\_\_\_

The Division of Veterans Services was established to provide services to Maine veterans and their dependents who seek assistance through various benefit programs providing housing, medical and hospital care, educational aid and compensation or pension based upon disabilities and survivor benefits. It also provides burial and perpetual grave site care at the Maine Veterans Memorial Cemetery for war veterans discharged under honorable conditions and to eligible members of their immediate family.

### GOALS:

\_\_\_\_

Maintain the delivery of quality services to veterans and their dependents despite fiscal restraints and reduction in work force. Prepare for two new veterans groups and their assistance: (1) Veterans of the Persian Gulf War and the various medical problems they may experience, some without known treatment; (2) Career military personnel who are to be prematurely discharged by reduction in forces. Approximately 12,000 estimated to be citizens of Maine. Continue the traditions of the Cemetery, the first of its kind, as hallowed ground and a memorial to Maine's War Veterans.

### **OBJECTIVES:**

-----

The Division, through its chain of local offices, assists veterans and their dependents in claiming and obtaining the various State and Federal benefits to which they are entitled. The Division also administers a program awarding educational benefits; Issues certificate of eligibility to war time veterans seeking state guarantees of small business loans; Maintains records of military service of Maine veterans; Provides burial and perpetual grave care at the Maine Veterans Memorial Cemetery. Obtains federal grave markers at no charge to the State, veteran, or dependents. Collect plot allowance grant from federal government for use as part of perpetual care cost.

### STRATEGIES:

The Division plans are to continue serving its special constituency with: The quality of service, expertise and knowledge of applicable laws and regulations as in the past. Ongoing actions to know and use changes in the laws and regulations which benefit veterans and their dependents. When requested, serve as a resource person(s) to the Executive and Legislative branches of state government in veterans affairs. Meet the objectives stated through continued implementation of operations and procedures.

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The mission of the Maine Economic Growth Council is to develop a statewide, long-term economic growth strategy, and develop a comprehensive set of performance benchmarks having broad acceptance,

### GOALS:

----

To involve as many stakeholders as possible in the strategy and benchmark development process so as to acheive a broad and comprehensive view of the needs and views of the people of Maine with respect to the economic future of the state. Central to this is the continued active participation and leadership of representatives of both the executive and legislative branches of State Government, the business community, environmental and social interests and individual citizens.

### **OBJECTIVES:**

-----

Major objectives of the Growth Council are to ensure that all major factors affecting the State's economy are addressed, that the most qualified experts possible are involved n the process, and that the strategies and measurement benchmarks are sensible and realistic.

### STRATEGIES:

\_\_\_\_\_

Strategies for achieving these goals and objectives include conducting public forums statewide for the purpose of gathering data on regional/local views and needs, assigning experts and committed citizens to work in specific policy areas where they analyze the issues, draft policy positions and model benchmarks. The results are considered by the Growth Council as a whole, a draft comprehensive growth strategy and benchmarks are written, and additional public participation is held. The final document will be submitted to the legislature and to the Governor for adoption.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

### STATEMENT OF MISSION:

The Pulp and Paper Environmental Investment Fund was established by the 116th Legislature in its second regular session to assist Maine's pulp and paper industry meet the extreemly burdensome costs of emerging federal environmental regulations (collectively referred to as the "Cluster Regulations"), including the Clean Air and Clean Water Acts and any State regulations resulting therefrom. The mission of the fund is to mitigate these costs, which seriously jeopardize the competetiveness of Maine's mills.

### GOALS:

The goals of the program are: (1) to ensure that all applicable firms in Maine's pulp and paper industry are aware of the fund and that they may receive reimbursement for up to 3 percent of their qualifying environmental investments, and; (2) to administer the fund properly and efficiently, including providing technical assistance in the preparation of applications, expediting application review and processing approved payments.

### **OBJECTIVES:**

DECD staff will provide information and training on the fund to the relevent firms and municipal officials, maintain a working relationship with the State's environmental certification authority (DEP), and ensure that all qualifying firms desiring to make use of the fund have equal access.

### STRATEGIES:

DECD will offer training to the approproiate firms and municipalities, including counceling on application preparation. Additionally, DECD will continue to work closely with DEP on the development and adoption of the rules required to administer the environmental certification portion of the program.

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Maine Small Business Commission was created as an independent commision by Chapter 501 of the Public Laws of 1989. Its purpose is to provide contracting, contract administration, and program oversight for the Maine Small Business Development Centers program which is delivered through the University of Southern Maine. Additionally, the commission serves to evaluate other programs affecting Maine small businesses, and develop policy and recommendations for the Governor and the legislature.

### GOALS:

\_\_\_\_

The primary goal of the Small Business Commission is to broaden the availability of direct, one-on-one counseling and assistance to the small business community as a whole, and consistently improve service delivery system-wide. Efficiency, cost effectiveness and program impact are the major areas of focus where the Commission seeks improvement. The specific goals of the program change from year to year with shifts in the economy and the needs of business. The Commission functions that program service delivery is responsive to these changes.

### **OBJECTIVES:**

00000.2.20

Over the biennium the Small Business Development Centers expect to provide direct business counseling to a minimum of 2,000 clients each year, 750 of which will receive indepth support. Additionally, they will deliver a minimum of 42 specific training programs and seminars per year. Specific, detailed objectives for each of the six service delivery subcenters are contained within the Commission's contract documentaion.

### STRATEGIES:

\_\_\_\_\_

The Commission communicates actively with the University of Southern Maine and the Small Business Development Centers program leadership, especially so in the development of the annual work plan and contract. This involvement includes budget and program analysis, policy direction, and contract management. While the commission has no dedicated staff support, it will continue this active involvement and the maintenance of an excellent working relationship with the service deliverers.

BUREAU OF THE BUDGET FORM

### STATEMENT OF MISSION:

The CDBG Program is a flexible funding source for local governments to implement programs to benefit low and moderate income persons and improve economic and housing conditions. The Office develops the method for and distributes the annual federal allocation (\$16.753 million projected for 1997). The Office monitors the administration of local CDBG programs for compliance with state and federal requirements.

### GOALS:

Rooted in federal statute, the CDBG program has three broad goals: To provide decent housing; a suitable living environment; and expand economic opportunity. Additional statutory goals are: elimination of conditions detrimental to health, safety, and public welfare; conservation and expansion of housing stock; conservation of energy resources; alleviation of physical and economic distress; and elimination of slum and blighting conditions.

### **OBJECTIVES:**

Housing Assistance - 8 Community projects, 200 Rehabilitated housing units; Public Facilities/Infrastructure - 9 major water/sewer/downtown projects; 5 health center/senior center/fire station projects, 2 small parks; 6-8 Public Service Projects; 3 Downtown Revitalization Projects; 4 Micro-Loan Programs (60 new jobs); 12 Business Assistance projects (500 new jobs); 2 Business Recovery projects (200 jobs retained); 10 Business Loans (125 new jobs); 15 Planning projects; provision of matching funds to capture \$5 million in other federal funds.

### STRATEGIES:

The State

The State is required to fund one half of program administrative costs minus \$100,000 (\$215,041 in FY97). The CDBG funds are distributed through a competetive application process with set-aside programs in 4 general categories: community development (housing, public facilities, public services, downtown revitalization); economic development (business loan, regional assistance, business assistance, business recovery); planning; and urgent need. Extraordinary statewide benefits accrue given the minimal state funding commitment.

### STATEMENT OF MISSION:

The mission of the Film Office is to market Maine to the film and video production industry. We encourage the production industry to take advantage of the wide variety of locations and skilled technical people that Maine has to offer. The mission of the Office is also to serve as liason between the film and video production community and the State of Maine.

### GOALS:

\_\_\_\_

The goal of the Film Office is for the movie and television industry to see Maine as a desirable location to do business and to employ Maine residents in the production of their film and video product.

### **OBJECTIVES:**

The Film Office's primary objectives for the biennium are to increase production activities of feature films and to expand commercials, industrials, and TV productions in the State. The Film Office will also put a special focus on its near market (NYC and Boston) to encourage more commercial shoots.

### STRATEGIES:

\_\_\_\_\_

In order to accomplish its objectives the Film Office will implement the following strategies: improve response mechanism to all production requests, update and produce a new "Film and Video Production Guide", attend trade shows, expand listings, place ads and general articles in production trade publications, market to specific types of productions, and create and maintain the web site.

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The mission of the Office of Tourism is to promote Maine as a four season vacation destination to consumers and the travel trade, and to provide technical assistance to the travel trade and to the tourism industry in Maine.

### GOALS:

\_\_\_\_

The office's goal is for Maine to be a four season destination with all the areas of the state, coastal and inland/upland, sharing in the economic benefits of a thriving travel trade. To see for every dollar invested by state government in promoting tourism, at a minimum, a dollar is returned in tax revenues. To have a steady and sustainable growth of employed individuals in the hospitality industry.

### **OBJECTIVES:**

\_\_\_\_\_

The objective of the Office will be to identify and target new visitor markets and to maintain and grow market share in existing markets. To find quicker and more cost effective ways to convert potential travelers into travelers. To support and quide Maine's tourism industry in improving and delivering its product.

### STRATEGIES:

\_\_\_\_\_\_

The Office will implement the following strategies to accomplish these objectives; advertise in the development market (2 day drive), preserve and develop market share in the close in market (1 day drive) through technical assistance and marketing support to regions and the industry, expand coverage of shoulder season activity through press relations, provide fulfillment services, attend trade shows, and sponsor familiarization tours.

#### STATEMENT OF MISSION:

The primary mission of the Division of Applied Technology is to serve as the staff of the State Board of Education for the administration of federal funds available to the state through the Carl D. Perkins Vocational and Applied Technology Education Act of 1990 (P.L. 101-392). The division also exercises certain regulatory responsibilities in relation to the statewide network of applied technology regions and centers, under the provisions of 20A MRSA Chapter 313. In addition, the division serves as the coordinating agency for Maine's comprehensive, statewide, school-to-work opportunities system. Career Opportunities 2000, being implemented under the provision of the School-To-Work Opportunities Act.

#### GOALS:

The overall goal of the division is to improve the standard of living of the citizens of Maine by facilitating the emergence of a high skills workforce--through the development and implementation of universal high performance education for all Maine students in grades Kindergarten-10 and a comprehensive, statewide, school-to-work opportunities system in grades 11-13+. Designed to meet the standards of the Carl Perkins Act and the STWOA, the CO2 system will incorporate six clearly articulated career pathways--Youth Apprenticeship, Pre-Apprenticeship, Tech Prep, Occupational Prep, Cooperative Education, and Career Prep--and serve upwards of 75% of all Maine juniors and seniors by the year 2000.

#### OBJECTIVES:

The division's specific objectives for the biennium are to foster integration and reengineering of new and existing education for work programs into a comprehensive school-to-work opportunities system, support continued expansion of the Maine Youth Apprenticeship Program and Jobs for Maine's Graduates, and improve occupational, technical, career development, and school-to-work programming in the State--through administration of funds available under the Perkins Act, the STWOA, and the George Briggs Trust in conformity with those statutes and applicable regulations (including federal match requirements), and the provision of technical assistance to the applied technology centers and technical colleges.

#### STRATEGIES:

Spearhead CO2 implementation, in collaboration with the Governor, the technical colleges, Labor, JMG, other agencies and the statewide network of Local Partnerships; Approve local applications for assistance under the Perkins Act and the Briggs Trust, in collaboration with the State Board and the Maine Council on Vocational Education; Administer programs under Perkins Titles II(B) and III; Coordinate site reviews under U.S. Office of Civil Rights guidelines; Provide technical assistance to the applied technology centers and ensure compliance with applicable statutes and regulations; Foster curriculum and staff development and program improvement, and support youth leadership organizations.

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The primary mission of Jobs for Maine's Graduates, Inc. is to extend necessary, high quality dropout prevention and school-to-work transition services, statewide, to schools and students, especially those at risk, and to do so through networked partnerships with the education and job training activities of the private sector, community and regional agencies, and State Government.

#### GOALS:

\_\_\_\_

The broad, long-range goals of Jobs for Maine's Graduates, Inc. are to provide services to as many students and schools as need and as can benefit from them; to provide those services through service models that are student-centered, effective and highly accountable; and, to promote the effective interdependence of student, family, school, employer and community in securing meaningful employment and further training, and life-long learning skills for our youth.

#### OBJECTIVES:

\_\_\_\_\_

Among JMG, Inc's objectives for 1995/96 are improving the cost-effective use of all public and private resources available; developing a service model for middle-school students as well as a service model for seniors who need extended employer-based learning; involving families of students directly in the program; and, meeting or exceeding outcome and performance standards for Seniors: a 90% graduation rate; an 80% positive outcome rate; and a 100% community service involvement rate. For at risk 10th/11th graders: 90% return to/remain in school rate.

#### STRATEGIES:

\_\_\_\_\_\_

JMG, Inc. has identified school sites as partners in a two-year effort to develop additional program models. Efforts include parent/teacher/student teams at five sites who will articulate student needs, resources and service schedules. JMG, Inc. is involving representative employers in modeling school-based and employer-based learning at three sites during 94/95. JMG, Inc. continues to involve school site administrators closely in the review of program outcomes to promote accountability and effective management. Additional operational standards include a forty-to-one student/specialist ratio and an annual per-student service cost of under \$1,300.

LEAs will have a team to lead systemic improvement in their districts and communities. LEA's will have a variety of partners working together for systemic educational improvement. LEA's will begin to implement the Learning results and other educational initiatives. Internal communications will be established among teams/subteams for achieving the delivery of consistent services and information to the regions. A continuous improvement process will be established to provide feedback for improvement of DOE services by collecting pertinent data on a regular basis from LEA's. The RESTeam will use the strategies and practices of a high performance team.

### STRATEGIES:

Provide statewide leadership/support. Utilize technology to collect/disseminate information; design/implement a data collection process to assess LEAs current Learning Results (LR) status. Identify, establish continuous contact, collaborate with existing/emerging systemic educational improvement (SEI) teams and partners to enhance local capacity/leadership. Develop plan to assist LEAs with SEI and LR implementation. Assist with legislative recommendations for content standards; student performance indicators; foreign language implementation; linking LR achievement to high school completion; LR, MEA and local assessment alignment. Plan regional professional development. Plan LEA assistance as needed.

### STATEMENT OF MISSION:

\_\_\_\_\_\_\_\_

As a result of the redesign of the Department in P.L. Chapter 560 PRTF, services provided by this Division were transferred to the new Support Systems Program. The certification of all teachers, educational specialists and administrators in Maine involves the evaluation, issuance and renewal of certificates, and the screening for possible criminal and immoral conduct. Other purposes: the issuance of authorizations for all educational technicians; providing placement services to individuals seeking employment in Maine school systems; providing technical services and expertise to school personnel, support systems, colleges, and individuals; and providing assistance with certification nationally and

### GOALS:

\_\_\_\_

The major goal of the Division of Certification and Placement is to ensure that students in public and private elementary, secondary and vocational schools are being educated by appropriately qualified personnel. The division also provides technical assistance and expertise to local and regional support systems, school units, administrators, teachers, educational specialists, educational technicians, other divisions, and individuals seeking certification, authorization or employement. The division is a liaison with Northeast Regional Laboratory and six northeastern states in collaborative efforts to advance highly qualified educational personnel to work with our children.

### **OBJECTIVES:**

### **OBJECTIVES:**

- 1. To coordinate permitting programs with state and local land use planning efforts.
- 2. To oversee effective and efficient regulatory programs.

### STRATEGIES:

1.a. Determine land use planning and environmental permitting capabilities for all municipalities over population of 2,500.

1.b. Provide technical assistance to municipalities to upgrade local ordinances and technical capacity and to conduct environmental reviews.

2.a. Complete rulemaking and implement the Stormwater Management Law.

2.b. Institute a pilot in-lieu fee program for wetlands mitigation proposals.

### STATEMENT OF MISSION:

To protect, restore and enhance land and water resources as ecological systems supporting both the natural world and human activities. Our charge is to prevent pollution, encourage conservation and reduce environmental risks to land and water resources, and to practice and promote stewardship of Maine's environmment, in the present and for future generations.

### GOALS:

\_\_\_\_

To manage land and water resources through a mix of regulatory and nonregulatory approaches for the most eficient and effictive results.

### **OBJECTIVES:**

- 1. To promote pollution prevention through collaborative efforts with the regulated community.
- 2. To coordinate with federal and state governments to eliminate redundancy and increase efficiency.
- 3. To collect and maintain high quality, current data on the statue and trends of our surface waters.

### STRATEGIES:

- 1. Establish working teams with DEP staff and paper mills to identify waste minimization/source reduction opportunities.
- 2. Pursue delegation of the National Pollution Discharge Elimination System (NPDES), so wastewater discharges only have to get one permit, rather than two.
- 3. Establish and implement the Surface Water Ambient Toxics Monitoring Program.

### GOALS:

\_---

The program goal is to: conduct emergency response spills of hazardous substances and petroleum products; conduct licensing and enforcement activities associated with the federal Resource Conservation and Recovery Act and various state programs; administer the Ground Water Oil Clean-up Insurance Fund; implement the state uncontrolled hazardous substance sites program and the federal SUPERFUND program; and oversee the development and construction of new drinking water supplies for individuals (and municipalities) who have lost existing supplies as the result of contamination from hazardous substances and petroleum products.

### OBJECTIVES:

ODOLCTIVE.

The objectives of the program are to improve surface oil spill response capabilities through ongoing efforts with the Oil Spill Advisory Committee and the United States Coast Guard, continually update portions of the hazardous waste management and oil discharge prevention rules for consistency with federal requirements, to streamline the licensing process, and to improve the rate at which contaminated sites are cleaned up.

### STRATEGIES:

The program depends heavily upon private sector consultants and contractors to conduct studies and implement clean up actions at a large number of sites.

Ongoing examination of existing systems and procedures continue in order to improve program efficiencies and effectiveness. Utilization of the latest technological advances, such as the Geographic Information System (GIS), allow continued development of a comprehensive, statewide ground water data base which is an integral component of the program. Finalization of the marine oil spill project, also a GIS effort, is planned.

As part of that mission, the agency devotes a significant amount of time in implementing compliance procedures, and in assisting those who rely on it for advice in complying with reporting requirements.

### GOALS:

\_\_\_\_

To maintain a high level of commitment to serving members of both the public and private sector seeking information on the reporting laws and requesting copies of reports filed with the Commission; to continue to analyze and publish reports on the financing of campaigns and lobbying; to continue to improve compliance procedures; to collect and deposit in a timely fashion approximately \$120,000 in fees derived from registrations and late fees.

### **OBJECTIVES:**

To implement a system that permits transmittal of campaign finance and lobbyist reports either via disk or modem. Currently, members of the public and others spend needless hours copying and analyzing reports to obtain the desired information. Automation would streamline reporting, maximize public disclosure; allow public on-line access; and provide a mechanism for flagging violations of the contribution limitations, heretofore unmonitored. Additionally, it would free up staff time for more in-depth analyses. Automation would require some manual entry.

### STRATEGIES:

To continue to seek ways that will make compliance procedures more equitable, effective, and efficient; to attempt to fulfill our current obligations with existing resources; to seek ways in which our objectives can be achieved in the least costly way. Research use of new information systems within current financial boundaries in an effort to fulfill objectives set forth. Continue to promote efficiency in program management through employee involvement and teamwork.

### STATEMENT OF MISSION:

\_\_\_\_\_\_

These funds are used for several programs: the Blaine House Scholars Program, the Maine Student Incentive Scholarship Program, and the Medical Education and Recruitment Program.

#### GOALS:

\_\_\_\_

The Teachers for Maine Program (formerly known as Blaine House Scholar Program) is a State funded program which provides graduating high school seniors, college students planning to go into teaching, and teachers with interest free loans. Students may borrow up to \$3,000 each year for a cummulative total of \$12,000 for four years.

#### **OBJECTIVES:**

\_\_\_\_\_

The Maine Student Incentive Scholarship Program awards grants to undergraduate students attending two and four year colleges in the State of Maine and other states with reciprocal agreements with Maine. Grants are based on a student's financial need. Eligible students attending public institutions may receive a grant award of \$500, while eligible students enrolled at private institutions may receive a grant award of \$1,000.

#### STRATEGIES:

\_\_\_\_\_\_

The Medical Education and Recruitment Program secures seats for Maine residents at four schools of graduate medicine. Entering seats are reserved through capitation payments made by the Finance Authority of Maine. The program also provides loans for medical students based on financial need, and provides incentives for physicans to practice in underserved areas.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

## STATEMENT OF MISSION:

The Maine Historical Society (MHS) was established by special act of the State of Maine Legislature in 1822. It is a charitable, educational, non-profit corporation, which devotes its resources to the discovery, identification, collection, preservation, and interpretation of materials which documented the history of Maine and its people. (Mission Statement, adopted by the Society membership in 1985.)

#### GOALS:

\_\_\_\_

MHS collects Maine's most comprehensive resource for state history: 125,000 volumns of town history; genealogy; biography; social, economic, political history; 575 newspapers; 3,500 maps, 70,000 photographs, 100,000 architectural and engineering drawings; 2 million manuscripts and 8,200 artifacts. MHS maintains the Wadsworth-Longfellow House, built in 1785-86, childhood home of Henry Longfellow. Exhibitions, programs, and publications extend the educational mission throughout the state.

## **OBJECTIVES:**

ODGEO I TVE

To improve knowledge of and access to its collections, the Society adopted the following objectives in 1994: develop exhibitions and educational outreach services in its new building purchased in December 1992; complete automated information access to its Library Collection; undertake collaborative projects with other educational and cultural organizations; expand publications beyond the "Maine Historical Society Quarterly"; increase membership, annual giving, and earned income support; increase resources for staff development.

## STRATEGIES:

\_\_\_\_\_

MHS will organize exhibitions, lectures and school materials serving 25,000 annually; enter library information into MaineCat; and continue as an alternate site for the State Archive's Local Records Program. Approximately 10,000 students, scholars, and other Maine citizens will use the Library. MHS will assist the Maine State Museum, Maine Historical Preservation Commission, UMaine, and USM; continue publishing the "Quarterly", edited at UMaine, and participate on the Maine Historical Records Advisory Board.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

## STATEMENT OF MISSION:

-----

It is the mission of the Maine State Housing Authority to assist Maine People to obtain and maintain decent, safe afforable housing and services suitable to their unique housing needs. In carrying out their mission, MSHA will provide leadership, maximize resources and promote partnerships to develop and impliment sound public housing policy.

## GOALS:

\_\_\_\_

To provide emergency shelter to Maine's homeless citizens.

#### **OBJECTIVES:**

-----

The objectives of the Shelter Operating Subsidy (SOS) Program are: 1. Make available emergency shelters for homeless citizens; 2. Help emergency shelters pay operating costs; 3 Improve the conditions of emergency shelters to comply with code and regulatory requirements; 4. Provide funds to homeless shelters in order to have hours of operation respond to homeless needs.

## STRATEGIES:

MSHA will provide funds to Maine's numerous homeless shelters in order to provide shelter to homeless citizens. These shelter operating subsidies are generally combined with other private funds to pay the homeless shelter operating costs. These SOS funds make up as little as five percent or as much as ninety percent of shelter costs. The increasing numbers of homeless, and particularly the sharp rise in homeless families, raises the demand for and cost of homeless programs.

## STATEMENT OF MISSION:

\_\_\_\_\_

It is the mission of the Maine State Housing Authority to assist Maine people to obtain and maintain decent, safe affordable housing and services suitable to their unique housing needs. In carrying out their mission, MSHA will proviude leadership, maximize resources and promote partnerships to develop and implement sound public policy.

#### GOALS:

\_\_\_\_

The goals of the Temporary Housing Assistance Program (THAP) are to prevent homelessness or to overcome homelessness.

## **OBJECTIVES:**

~ \_ ~ ~ ~ ~ ~ ~ ~ ~

The objectives of the THAP are to: 1. Provide rental payments, security deposits or mortgage payments on behalf of Maine citizens in order to overcome or avoid homelessness; 2. Provide gap funds to those citizens who are unable to secure rental subsidies because of the inadequacy of general assistance or other forms of assistance; 3. To leverage other assistance which when combined with THAP prevent or overcome homelessness; 4. To mitigate the effects of homelessness trends (homelessness is up ten percent in 1994 from 1993) and to help expedite the long waits (average 5 years) for Maine's Section 8 rental vouchers.

## STRATEGIES:

\_\_\_\_\_

THAP's funds are provided from MSHA to Maine's eleven Community Action Agencies. These agencies provide the financial assistance to citizens in their respective areas. The Community Action Agencies, in cooperation with other service providers, provide THAP assistance to selected individuals who can avoid homelessness or overcome homelessness. Typically, THAP is used in concert with other financial assistance. THAP may bridge a period of time or a shortage of funds. Because rental assistance waiting lists are increasingly long, and homelessness is up, THAP monies are more critical to the Community Action Agencies.

#### STATEMENT OF MISSION:

The Maine Human Rights Commission was established in 1971 to promote the full enjoyment of human rights and personal dignity by all inhabitants of the State of Maine by keeping in review all practices infringing on the basic human right to a life with dignity so that corrective measures may be recommended and implimented.

#### GOALS:

The Commission's goal is to resolve complaints of discrimination to the mutual satisfaction of the parties involved.

#### **OBJECTIVES:**

Pursuant to 5 M.S.R.A., Sec.4551 et seq., the Commission investigates charges of discrimination in employment, housing, education, public accommodation and credit extension. Also by statutory mandate, the Commission endevors to resolve complaints by informal methods of persuasion, conciliation and negotiation prior to the determination of whether there are reasonable grounds to believe that unlawful descrimination occurred. The Commission processed 831 charges of discrimination in FY96.

#### STRATEGIES:

The Commission carries out its program by mediation, urging informal settlements, investigating, and conciliation. The Commission pursues litigation only when all alternative solutions have failed.

To initiate forums/processed for coordinated service delivery across state programs; to improve the timeliness of response and investigation of complaints in/out of home placements; to implement outcome-based contracting with standardized policies across Departments; to ensure that all agencies/facilities which receive public funds through DHS and DMH/MR/SAS are audited for both fiscal and performance compliance on an annual basis.

#### STRATEGIES:

(1) Development of coordinated service procurement, contracting and contract monitoring policies and procedures across programs and Departments; (2) Development of outcome-based contracting service area goals, performance indicators, performance neasures; (3) Cross-training of licensing and auditing staff in the full range of program areas in DHS and DMH/MR/SAS; implementation of interactive computer software for all Service Center functions.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The Bureau of Child and Family Services' mission is to promote the safety and well-being of children and families through the provision of social, regulatory and purchased services on a continuum from prevention to protection with professional integrity and respect.

#### GOALS:

(1)Administration of child welfare programs funded with state and federal monies in compliance with relevant laws, rules and regulations; (2)Regulation of foster homes; (3) Administration of an on-line information system for management of Bureau programs and integration with eligibility and payment systems; (4) Administration of related programs and initiatives such as Family Preservation and Adoption.

### **OBJECTIVES:**

Primary objectives of this Bureau are: (1)To develop integrated program plans in compliance with rules and regulations governing them; (2)To develop and maintain operational policies and procedures for the programs; (3)To obtain requests for proposals and contracts with community agencies and programs for delivery of social services; (4)To develop, maintain and implement rules for licensing of foster homes; (5)To accomplish automation of the bureau; (6)To develop resources necessary for children in the Department's custody; (7)To comply with federal rules.

#### STRATEGIES:

The Bureau of Child and Family Services is using a window of opportunity for enhanced federal funds to automate its programs, thereby increasing management capability and reducing paperwork for casework staff. The Bureau will engage in an interdepartmental effort to find alternatives for children needing high cost care who are not abused and neglected rather than bringing them into state custody. Increase the number of child abuse and neglect investigations using casework staff authorized by the legislature.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

To provide temporary monetary assistance for Maine's low income families with children when the parent is unable to provide support due to absence from the home, incapacity or underemployment.

#### GOALS:

\_\_\_\_

To assist parents and other caretaker relatives to maintain a home and to care for their needy, dependent children until the family can become self-supporting. To help AFDC recipients to become self-sufficient. To reduce the length of time that individuals are receiving welfare. To prevent future welfare dependence through positive role models.

#### **OBJECTIVES:**

\_\_\_\_\_

To reduce the amount of money spent on welfare benefits. To increase the amount of money spent for employment related activities. To reduce the number of families eligible for Aid to Families with Dependent Children.

#### STRATEGIES:

To obtain waivers of the Social Security Act which will provide federal financial participation to require all parents and caretaker relatives receiving AFDC to participate in ASPIRE-JOBS; to provide education and training for a maximum of two years. To develop a workforce program which replaces the Aid to Families with Dependent Children benefit with a payment for working at least 20 hours per week at a state, town or city placement. To develop good jobs with good benefits.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The mission of this program is to provide for children in the Department's care or custody while permanent plans are being made, and to provide training for child welfare administrators, supervisors, direct services staff and child care providers.

#### GOALS:

(1)Meeting the needs of children while permanent plans are being made through family rehabilitation and reunification, adoption, preparation for independent adulthood and other means;(2)Increased skills and competencies of all staff involved with child welfare programs and of child providers.

#### OBJECTIVES:

(1)To fund care of children in foster homes, group homes, residential child care facilities, and other appropriate placement resources;(2)To provide permanence for special needs or hard to place children in adoptive homes with assistance;(3)To develop and implement a child welfare training plan for all personnel involved with child welfare;(4)to prepare youth in the Department's custody for self sufficiency.

#### STRATEGIES:

The Bureau of Child and Family Services is endeavoring to increase the number and range of child placement resources in order to better meet the needs of children in the Department's custody. Consolidate the independent living plan with the child welfare services and the Family Preservation plans for better integration of services. Now that pre-service training for caseworkers has been developed, the in-service training curriculum will be expanded.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

To ensure the persons who apply for assistance for basic necessities receive the assistance for which they are eligible while maintaining a decorum of dignity.

#### GOALS:

\_\_\_\_

To provide a specific amount and type of aid for defined needs during a limited period of time. To encourage applicants to apply for other programs and resources to better themselves. To provide incentives to low income customers to be more accountable for their use of income.

#### **OBJECTIVES:**

\_\_\_\_\_

DHS has been mandated, along with municipalities to oversee the administration of General Assistance. Except for unorganized territories, for which the Department has eleven contracted agents plus the assistance of some surrounding municipalities; the program is administered by the local government. Three auditors provide case reviews, reviews upon complaint and maintain a complaint hotline. All municipalities in Maine are mandated to have a General Assistance program which is closely monitored by DHS.

#### STRATEGIES:

To increase on site field reviews in municipalities where expenditures have not decreased as a result of legislative changes. To increase the mail-in review process whereby municipalities which have few cases per year, are monitored without an on-site review unless one-on-one training is requested. To educate and inform advocacy groups of our goals, objectives, responsibilities, and authority.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

To preserve, protect and promote the health and well being of Maine citizens through the organization and delivery of services designed to decrease the risk of disease; to reduce morbidity and mortality with attendant improvements in quality of life; and to reduce health care costs.

#### GOALS:

Perform surveillance (e.g. infectious disease reports, cancer registry, newborn screening, behavioral risk factor-survey); Provide leadership and policy development (e.g. set objectives for health, sponsor legislation); Assure quality of health services, and access to needed services (e.g. inspection of mammographic facilities, support for school-based clinics).

#### **OBJECTIVES:**

-----

Coordinate and integrate data systems to service the needs of health status and public health intervention evaluation (especially Year 2000 Goals); assure that clinical preventive services and core public health functions are fully integrated with health care reform initiatives; and enchance assessments of quality and availability of all population-based services. Core public health functions are provided both directly and through grants to community agencies.

#### STRATEGIES:

-----

Respond to and follow-up on reports of disease outbreaks, cancer clusters, toxic events, injury prevention, etc.; to disseminate Healthy Maine 2000: A Health Agenda for the Decade, promoting Maine's health promotion and disease prevention objectives; and access all appropriate federal and private grants for funding to address health needs of Maine's citizens.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

Cost effective payment to long term health care (nursing care) providers for persons enrolled in the Maine Medicaid Program.

#### GOALS:

\_\_\_\_

Payments to economic and efficient providers that provide quality care to Medicaid recipients. Payments reflect reimbursement for services authorized by federal and state statute.

#### **OBJECTIVES:**

-----

The basis for reimbursement to health care providers serving Medicaid recipients is based on reasonable costs for an economic and effcient provider. Assure the maximum efficiency and effectiveness of the resources of this account through the implementation of a managed care program and through innovative changes in the State's health care delivery system in partnership with the private sector.

#### STRATEGIES:

------

Implement a managed care system. Expand and develop home health modes of delivering health care services to the Medicaid population.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The mission of the program is to assist low income individuals (as determined by the Bureau of Taxation Tax and Rent Refund Program) in paying for medication to treat the following chronic disease: hypertension, cardiac disease, diabetes, chronic obstructive pulmonary disease, and arthritis.

#### GOALS:

\_\_\_\_

The goals are to help eligible Maine residents obtain necessary drugs for treating these illnesses and to assist these residents in both obtaining and subsequently maintaining their highest quality of life.

#### **OBJECTIVES:**

\_\_\_\_\_

By subsidizing the purchase of necessary medications to this population, this program helps avoid other more costly methods of treatment such as institutionalization which often result when these patients are not able to purchase their needed medications.

#### STRATEGIES:

-----

By subsidizing 80% of the cost of the medications for these diseases, and by involvement of the patient, physician, and pharmacist in the selection of drug therapies, we are able to provide a improved quality of life for these patients in a cost effective manner.

#### STATEMENT OF MISSION:

Cost effective payment to health care providers (excluding long term care) for persons enrolled in the Maine Medicaid Program.

#### GOALS:

Payments to providers are cost effective, assure access to medical services for Medicaid recipients and reflect reimbursement for services authorized by federal and state statute.

#### **OBJECTIVES:**

The basis for reimbursement to health care providers serving Medicaid recipients is based on reasonable costs that ensure accessibility to health services. Assure the maximum efficiency and effectiveness of the resources of this account through the implementation of a managed care program AFDC clients and through innovative changes in the State's health care delivery system in partnership with the private sector.

#### STRATEGIES:

Implement a managed care system for AFDC clients. Expand and develop home health modes of delivering health care services to the Medicaid population.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Division of Regional OMB Operations is responsible for providing business services to all DHS Program units housed in the five main regional offices located in Portland, Lewiston, Augusta, Bangor, and Houlton, as well as branch offices in Biddeford, Sanford, Farmington, Rockland, Belfast, Skowhegan, Ellsworth, Machias, Calais, Dover-Foxcroft, Caribou, and Fort Kent.

#### GOALS:

----

These administrative services are provided for the comfort of the public as well as staff. The several office locations enable the public to receive vitally needed services in all areas of the State.

#### **OBJECTIVES:**

\_\_\_\_\_

Office receptionists facilitate the difficult process of seeking public assistance to approximately 1100--1200 Maine citizens who walk into offices each day and telephone operators for approximately 8900 citizens each day. Account Clerks arrange approximately 3900 payments each week to vendors and to providers of services who assist the Department in addressing critical problems regarding child abuse, foster care, adult protective services, support enforcement, ASPIRE training activities, etc. Financial Resources Specialists access maximum Federal Financial Participation for individual children in State custody and for adults in conservatorship.

#### STRATEGIES:

\_\_\_\_\_

The provision by the Division of Regional Administration of the above described administrative services will be attempted within the limited constraints of the available staff and fiscal resources, in order to free up the program staff to focus on its unique function of providing critical services to some of Maine's neediest individuals.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

Determine eligibility for and deliver welfare benefits to low income individuals and families in a timely, accurate manner.

#### GOALS:

\_\_\_\_

Authorize over \$9,000,000 to approximately 22,000 Aid to Families with Dependent Children households a month. Authorize \$9,000,000 to 60,000 Food Stamp households a month. Authorize medical coverage to over 160,000 individuals monthly and to approximately another 3,000 individuals receiving transitional medical coverage monthly. Maintain error rates below the national tolerances.

#### **OBJECTIVES:**

To authorize benefits in a timely fashion. To achieve error rates at or below the national average. To establish various avenues through which the public can access the programs administered by the regions. To assist Aid to Families with Dependent Children households to move toward self sufficiency.

#### STRATEGIES:

\_\_\_\_\_

Continue meeting with staff to gather input and examine possible procedural changes to increase efficiency. Pursue Federal waivers which would improve administrative procedures. Continue staff training on policy issues and processes to help administration.

#### **OBJECTIVES:**

\_\_\_\_\_

(1)To increase the number of investigations of families reported to be abused and neglected;(2)To increase the number and types of placements available for children with the system;(3)To shorten the length of time children are in the Department's custody by earlier decision making regarding family reunification and adoption.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The nine member Indian Tribal-State Commission was created as part of the Maine Indian Claims Settlement Act of 1980 to "Continually review the effectiveness of this Act and the social, economic and legal relationship between the Passamaguoddy Tribe, the Penobscot Nation, and the State. {30 M.S.R.A. Sec. 6212}.

#### GOALS:

- 1. To carry out its functions specified in the settlement to the maximum extent feasible, given the inadequacy of funding to fully discharge it responsibilities.
- 2. To deepen the understanding of Tribal and State leaders of key concepts and issues underlying the settlement and to promote a relationship between them based on mutual trust and respect.
- 3. To increase the public's understanding and appreciation of the Wababaki people.

#### **OBJECTIVES:**

- A. Work with State and Tribal fish and wildlife and environmental officials to ensure that fish and wildlife stocks on land and water within Indian Territory are protected.
- B. Inform the Legislature about key concepts and issues underlying the Settlement.
- Serve as liaison between agencies of the Tribes and State.
- D. Provide information to State officials and personnel and the public about the Wababaki People.

#### STRATEGIES:

To carry out its mission, the Commission will perform research; host meetings and workshops of Tribal and State officials; promulgate fishing regulations; provide information to legislators; and sponsor screenings of and discussions about the Wabanaki vidio produced by the Commission.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

The Bureau of Resource Management is responsible for management of inland fisheries and wildlife throughout Maine.

#### GOALS:

\_\_\_\_

Maintain and enhance the inland fisheries & wildlife resources and habitats. Provide for the conservation of these resources. Management of wildlife sanctuaries, wildlife management areas and access to public waters. Conduct research, collect and analyze data for more effective management. Coordinate animal damage control functions. Develop rules for effective management of resources and coordinate wildlife permitting requirements.

#### **OBJECTIVES:**

\_\_\_\_\_

The program provides for the overall administration of the bureau responsibilities which include the Fisheries and Hatcheries Operations, the wildlife management programs, as well as animal damage control, wildlife permitting, environmental coordination, and data processing functions. The implementation of all of the above programs, except for fisheries and hatcheries operations, are funded under this account.

#### STRATEGIES:

\_\_\_\_\_

Actions provide for a cost benefit to the State of up to 266:1 based on study mandated by the Maine Legislature and conducted by the University of Maine. Two alternatives to operating a wildlife management program are a) to transfer responsibility for management to the Federal government or b) compartmentalize various aspects of the program and use private consultants/contractors with expertise in specific areas to implement specific program areas.

#### STATEMENT OF MISSION:

The primary function of the Maine Warden Service is to enforce Title 12, Chapters 701-721, to enforce all rules promulgated by the Commissioner, and to enforce the U.S. Migratory Bird Treaty Act.

#### GOALS:

The Maine Warden Service responded to 10,723 complaints on all matters of conservation law enforcement, prosecuting 4,994 persons and warning 1,943. To accomplish this, the Warden Service drove 3,212,919 miles. During 1995 Warden Service searched for 162 lost persons, as well as 7 drowning victims and oversaw the administration of fur tagging stations which tagged 27,384 instate raw furs for trappers and hunters, and 1,621 imported raw furs for buyers. Oversaw the administration of big game stations which tagged 27,384 deer, 2,645 bears, and 1304 moose.

#### **OBJECTIVES:**

To enforce Maine boat laws, search for lost persons in the fields and forests of the State of Maine, and search for drowned persons. Wardens have the same duties and power as sheriffs throughout the several counties of the state.

#### STRATEGIES:

The Bureau operates from a central office and 5 regional headquarters and is divided into 95 districts. The Bureau operates as an umbrella for the administration of the hunter, snowmobile, watercraft and ATV safety programs.

#### STATEMENT OF MISSION:

The Governor's Training Initiative, which is funded by a State general fund appropriation, links training directly to actual jobs by providing employers with training resources they need ti either hire new employees or retain existing ones. By using a variety of providers to meet employers' training needs, GTI also strengthens local workforce development capacity.

#### GOALS:

\_\_\_\_

GTI's goals are: to enhance the skills of Maine's workforce; and, to create or retain jobs by providing employers with the resources to train new or existing employees.

#### **OBJECTIVES:**

GTI's specific objectives include: providing Maine's workforce with the occupational skills they need to succeed in high quality employment; and, helping Maine employers find skilled employees they need to succeed and expand.

#### STRATEGIES:

\_\_\_\_\_

One of the main hurdles to economic expansion cited by employers in Maine and nationwide is difficulty finding skilled employees. GTI's resources provide employers with skilled employees they need to expand and create new jobs. The program also maximizes the effectiveness of training dollars by directly linking an individual's training to an actual job. Employers will be able to use a wide range of providers to meet their training needs, hence strengthening the capacity of the State's workforce infrastructure to handle on-going and future training priorities.

#### STATEMENT OF MISSION:

This program which is funded by a State General Fund appropriation, transfers from the Governor's Contingent Account, and federal grants, provides training and employment opportunities to economically disadvantaged unemployed and underemployed Maine citizens.

#### GOALS:

To provide training and employment opportunities to increase the earned income of participants.

#### **OBJECTIVES:**

Specific objectives include providing occupational skills instruction and training leading to unsubsidized employment in expanding industries which provide health benefits.

#### STRATEGIES:

------

The State General Fund appropriation provides for the Maine Training Initiative (MTI) program and the Health Occupations Training (HOT) program. Transfers from the Governor's Contingent Account provide for the Job Development Training program which is administered jointly with the Department of Economic and Community Development. Federal funds are received via grants of the Job Training Partnership Act (JTPA) of 1982 as amended and provide for adult and youth programs (Title II) and Dislocated Workers (Title III). All year-round job training programs provide prevocational instruction, basic educational skills training and job getting and keeping competency instruction.

#### STATEMENT OF MISSION:

The program provides individuals receiving unemployment insurance benefits with training opportunities.

#### GOALS:

To provide training opportunities that lead to jobs in expanding industries with emphasis on those providing health benefits.

#### OBJECTIVES:

To provide new skills in expanding industries to individuals who have lost their jobs in declining industries. To provide assistance and services to these individuals during training that will allow them to successfully complete training and acquire employment. To provide employers with a skilled work force. To reduce the cost to employers of recruiting and hiring new employees. To contribute to providing businesses with a trained work force that will enhance the employer's local, national, and international competitiveness. To provide a skilled work force in an effort to attract new business investment in the State.

#### STRATEGIES:

Training includes instruction as necessary from basic educational skills to specific occupational skills. Supportive services are provided for transportation and day care costs necessary to allow participation in training. The majority of all enrollees receive either on-the-job (OJT) training or classroom training in a specific occupation. Participants receive training based on their occupational interests and abilities thus helping to assure employers that the individual is motivated to work and succeed. During FY'94 a total of 849 unemployed Maine citizens were served in the STAR program. Of the 519 separating from the program, 344 acquired unsubsidized employment at an average wage of \$7.52 per hour.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

To coordinate and support the development of comprehensive career and occupational information systems. To promote communication, coordination, and cooperation among producers and users of career and occupational information. To facilitate the use of career and occupational information through promotion of career education programming initiatives in school and agency settings. To serve as the standard source of occupational information for vocational and technical program planning and career counseling of technical college students.

#### GOALS:

To develop and maintain information dissemination initiatives and training and research initiatives. To reduce duplication through inter-agency communication and commitment to shared activities. To serve as a resource for career development and career guidance activities in Maine schools, colleges, and workforce development centers. To train counselors, teachers, and agency personnel in the use of computerized career information systems, career education curricula, and in the effective use of labor market information.

#### **OBJECTIVES:**

To operate the Career Information Delivery System (CIDS) which consists of computerized career guidance and educational search systems, and print materials to supplement computerized systems. To operate the Micro-OIS for Program Planning and Analysis system to link occupational demand with education supply and to analyze the skill needs of Maine's labor force. To maintain and disseminate the State Training Inventory. To operate the Work education resource Center which is a lending library of career development/information resources available to MOICC client groups. To operate the Improved Career Decision Making training initiative annually.

#### STRATEGIES:

MOICC staff conduct numerous technical assistance, professional development, and related activities in order to maximize the potential which the above objectives are intended to provide to user groups. Recurrent tasks include annual updating of computer data bases, contracting with outside vendors to procure the use of proprietory software at the lowest possible prices for CIDS users, meeting with interagency groups to develop products and services, and developing annual grant applications and budget submittals. Product development and service provision activities are determined annually as a result of intensive preparation of the Federal Basic Assistance Grant, and in direct consultation with user groups.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

To develop alternative proposals for comprehensive health care reform for consideration by the Legislature, pursuant to statute.

#### GOALS:

----

To create alternative comprehensive health care proposals for consideration by the 117th Legislature, providing access to health care for all citizens of the State by July 1, 1997. The Commission completed its work June 30, 1996.

#### **OBJECTIVES:**

1) To develop at least 3 models for health care reform and a proposal for implementation of a uniform data collection system to present to the Governor, the Legislature and the public by November 1, 1995, which meet the requirements set forth in P.L.1993, Ch. 707, Sec. AA-9; 2) To develop and submit implementing legislation for these proposals; 3) To develop a program of public participation and education.

#### STRATEGIES:

1) Create a series of advisory committees to assure broad representation of all interested citizens and groups; 2) Seek outside funding in order to augment the general fund sources available; 3) Develop cooperative relationships with other state agencies and the University of Maine System for the purpose of obtaining access to expertise and information.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

The Bureau is the law enforcement branch of the Department. The Department's enforcement capability is crucial to the attainment of the goals of the department's other two major Bureaus: resource Science and Fisheries Development. In this context the Marine Patrol's responsibility includes enforcement of marine fisheries laws and enforcement of laws pertaining to public health. The patrol also provides search and rescue services in coastal waters and enforcement of boating safety laws. Marine Patrol Officers are fully vested with authority to enforce all laws of the State.

#### GOALS:

\_\_\_\_

Enforcement of Fisheries law is provided on coastal waters, as well as protection of marine resouces. Investigation and resolution of fisheries gear conflicts, marine thefts and related crimes. Protection of public health and safety by preventing contaminated and potentially lethal fisheries products from entering the channels of trade. Search and Rescue on coastal waters. Routinely patrol coastal waters for compliance with boating safety rules.

#### OBJECTIVES:

\_\_\_\_\_

The primary objective of the Bureau of Marine Patrol is to maintain quality law enforcement and related activities with the limited resouces available. In austere times, it is recognized that the main objective is to do as much or more with less. Therefore, the Bureau will be establishing priorities for its enforcement with emphasis on important fisheries enforcement, public health and safety and responding to complaints and other calls for essential service.

#### STRATEGIES:

\_\_\_\_\_

The Bureau is divided into 2 field operational divsion's & 1 special services div. with a Lietenant commanding each div. The operational div. are broken down into 3 sections with a sergeant, who acts as a field supervisor. Presently we have a boat specialist assigned to 5 of 6 sections and approximately 5 marine patrol officers. Officers are assigned to a specific georgraphical area along the coast & are responsible to enforce all marine resource laws. The bureau operates a number of small boats & 4 large patrol boats. Special Svcs. operates an amphibious aircraft.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Bureau is the primary state agency engaged in marine and fisheries assessment focused on management and conservation of marine and estuarine resources of the State. The Bureau conducts and sponsors scientific assessment programs to provide information on fisheries stock levels and ecological conditions as the basis for fisheries management decisions and to conduct surveillance and inspection of seafood products for the presence of marine toxins to protect public health and safety.

#### GOALS:

----

Conduct PSP (red tide) assays and periodic sampling for the presence of amnesic shellfish poison (ASP) as the basis for closing or opening coastal water to harvesting of shellfish given the presence or absence of toxins. Undertake fisheries assessment initiatives concerned with fish stock population. Represent Maine at regional fisheries management deliberations. Operate a library focused on fisheries and marine issues and science used by scientists, the general public and the fishing community.

#### **OBJECTIVES:**

- 1. To maintain toxins monitoring efforts at no less than historical levels in order to protect public health and maintain the shellfish and aguaculture industries as a part of the state economy.
- 2. To maintain fisheries assessment capability in the primary state and regional fisheries as a part of the state, interstate and federal interjurisdictional fishery management programs.

#### STRATEGIES:

The Bureau is organized into 5 divisions which represent function, species or habitat: Fisheries Health (red tide and toxins monitoring); Pelagic Fisheries (midwater species such as herring); Benthic & Demersal Fsiheries (bottom species such as haddock); Lobster Fisheries; Maintenance & Operations; and Technical Information and Public Service.

#### STATEMENT OF MISSION:

In accordance with its Legislative charter, Maine Maritime Academy specializes in marine-oriented education at the undergraduate and graduate levels, emphasizing enginering, transportation, management, and ocean sciences; as well as preparing officers for the Merchant Marine and the uniformed services of the U.S. The college provides an educational environment which stimulates intellectual curiosity, fosters professional competence, encourages rigorous self-discipline, and develops leadership potential through involvement in both the curricular and extracurricular educational process. The college provides public service to the state while perpetuating Maine's heritage of the sea.

#### GOALS:

To serve an enrollment of up to 800 undergraduates, plus 50 graduate students, with the great majority coming from Maine. By continuing to refine B.S. degree programs in marine engineering operations, marine engineering technology, marine systems engineering, power engineering technology, marine transportation, ocean studies, international business and logistics, and nautical science; A.S. degree programs in marina management and small vessel operations; and the M.S. degree programs in maritime and port management, the college seeks to maintain its international reputation for preparing young men and women for responsible and financially rewarding careers and to expand on its past success.

#### **OBJECTIVES:**

To include within its enrollment a significantly increased female representation. To increase levels of annual and capital giving. To respond to concerns about the quality of Maine's environment by offering academic programs dealing with the environment and management of coastal resources. To emphasize in all academic departments the reality that future generations of students will function in a truly global economy, utilizing multi-national computer networks and other sophisticated communications systems.

#### STRATEGIES:

Develop satellite programs and articulation agreements with other Maine organizations, like the existing relationship with Bath Iron Works. Expand communications with Maine secondary school students and those who influence college decisions by students, to encourage them to capitalize on the unique opportunities that the college's career-focused curriculum offers. Retain a unique student lifestyle, focusing on leadership, practical, hands-on experience in appropriate programs, ocean orientation, applied academic programs, and a managed learning experience in the classroom and beyond. Provide for periodic review of all programs by the trustee established Strategic Planning process.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_

The Department's mission is to join with individuals, families and communities to encourage and assist people of all ages with developmental disabilities, mental health disorders and substance abuse disorders to achieve good health and meaningful living, through resources that: build on the strengths and accomplishments of the past; are local and regional; encourage widespread participation in policy decisions and planning; have no barriers in serving all disabilities; are measured in terms of efficiency, outcomes and impact on quality of life.

#### GOALS:

----

The Office of Advocacy advocates for full compliance with the Community Consent Decree and the AMHI Consent Decree, and the Rights of Recipients of Mental Health Services (both versions - adults and children). The office is seeking to have a fair, impartial, and quick resolution of recipients' grievances and for a better system of allocating responsibilities between a confusing array of governmental entitites for children with special needs.

#### **OBJECTIVES:**

-----

The Office of Advocacy tries to maximize the opportunity for each person served by the Department to lead an independent, productive, and happy life, free from abuse, neglect, exploitation, and inhumane treatment practices. To that end, advocates try to make real the promises and practices of the two major consent decrees, laws affecting people with disabilities, constitutional guarantees, and regulations affecting persons served by the Department.

#### STRATEGIES:

\_\_\_\_\_

Advocates attempt to realize goals through highly personalized case-by-case advocacy, and through systematic advocacy. Strategies vary depending on the care, but include representing recipients in administrative hearings, working for legislative changes, working to achieve beneficial results through litigation, providing training and education, and utilizing the press. First preference is generally given to working within the Department, if possible.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Department's mission is to join with individuals, families and communities to encourage and assist people of all ages with developmental disabilities, mental health disorders and substance abuse disorders to achieve good health and meaningful living, through resources that: build on the strengths and accomplishments of the past; are local and regional; encourage widespread participation in policy decisions and planning; have no barriers in serving all disabilities; are measured in terms of efficiency, outcomes and impact on quality of life.

#### GOALS:

----

The primary goal is to create an organizational culture that motivates staff at all levels to: 1) treat patients, families, visitors and each other with respect and dignity; 2) become actively involved in finding opportunities for improvement, and to participate in process improvement teams to understand variation in the process and reduce variation; and 3) take appropriate risks in addressing problems without fear of retribution. Other goals involve continued movement toward full compliance with the Consent Decree, and close collaboration with community providers in developing a comprehensive mental health system.

#### **OBJECTIVES:**

\_\_\_\_\_

AMHI intends to meet its planned goals through: 1)development of specific action steps to compliment the facility's vision; 2) continuing staff education in the principles and practice of Total Quality Management; 3)expansion of process improvement teams to involve as many staff as possible in a variety of quality improvement efforts; 4)refinement of the treatment paradigm and consequent staff training in the most current treatment strategies for the long stay patient; and 5) efforts to maintain full JCAHO accreditation, Medicare certification and state hospital licensure.

#### STRATEGIES:

-----

Among the strategies that will be employed to meet the stated goals and objectives are: 1) development of quality councils on treatment units and other departments to provide both a communication link to the central council, as well as staff level forums for quality improvement initiatives and monitoring of progress toward meeting goals; 2) pilot training sessions in the area of psychoeducation principles and approaches; and 3) establishment of new (and maintenance of existing) communication forums with facility staff, community providers and others regarding all aspects of community development relating to placement of AMHI patients in therapeutic settings.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Department's mission is to join with individuals, families and communities to encourage and assist people of all ages with developmental disabilities, mental health disorders and substance abuse disorders to achieve good health and meaningful living, through resources that: build on the strengths and accomplishments of the past; are local and regional; encourage widespread participation in policy decisions and planning; have no barriers in serving all disabilities; are measured in terms of efficiency, outcomes and impact on quality of life.

#### GOALS:

----

The primary goal is to create an organizational culture that motivates staff at all levels to 1) treat patients, families, visitors, and each other with respect and dignity; 2) become actively involved in finding opportunities for improvement, and to participate in process improvement teams to understand variation in the process and reduce variations; and 3) take appropriate risks in addressing problems without fear of retribution. Other goals involve continued movement toward full compliance with the Consent Decree, and closed collaboration with community providers in developing a comprehensive mental health system.

#### **OBJECTIVES:**

\_\_\_\_\_

AMHI intends to meet its planned goals through 1) development of specific action steps to complement the facility's vision; 2) continuing staff education in the principles and practice of Total Quality Management; 3) expansion of process improvement teams to involve as many staff as possible in a variety of quality improvement efforts; 4) refinement of the treatment paradigm and consequent staff training in the most current treatment strategies for the long stay patient; and 5) efforts to maintain full JCAHO accreditation, Medicare certification, and state hospital licensure.

#### STRATEGIES:

\_\_\_\_\_

Among the strategies that will be employed to meet the stated goals and objectives are 1) development of quality councils on treatment units and other departments to provide both a communication link to the central council, as well as staff level forums for quality improvement initiatives and monitoring of progress toward meeting goals; 2) pilot training sessions in the area of psychoeducation principles and approaches; and 3) establishment of new (and maintenance of existing) communication forums with facility, staff, community providers and others regarding all aspects of community development relating to placement of AMHI patients in therapeutic settings.

#### STATEMENT OF MISSION:

The Department's mission is to join with individuals, families and communities to encourage and assist people of all ages with developmental disabilities, mental health disorders and substance abuse disorders to achieve good health and meaningful living, through resources that build on the strengths and accomplishments of the past; are local and regional; encourage widespread participation in policy decisions and planning; have no barriers in serving all disabilities; are measured in terms of efficiency, outcomes and impact on quality of life.

#### GOALS:

The primary focus of Freeport Towne Square is to ensure the well-being of individuals who live and work at the facility. The staff work closely with consumers, their families and a myriad of community agencies (the network) to promote and maintain the greatest level of independence possible for people served at the facility. Freeport Towne Square is a viable and vital component of the network of mental retardation services.

#### **OBJECTIVES:**

Historically, Freeport Towne Square(FTS) has provided services to individuals who for a variety of reasons have been unsuccessful in other community based programs. FTS will continue to work cooperatively with members of the network to identify individuals in need and to provide supports and services to accommodate their needs. FTS will provide the services in a cost effective manner.

BUREAU OF THE BUDGET FORM

#### STATEMENT OF MISSION:

\_\_\_\_\_

To preserve artifacts of Maine's natural and cultural history and interpret that history through ADMINISTRATION AND EDUCATION which provides for institutional effectiveness, professional cooperation within the state's network of historical and educational institutions, and presents educational services to school groups and museum visitors. Safety and security of visitors is ensured. The PUBLICATION ROTARY FUND provides for a Muserum Store, historical publications, and a Membership program which expand educational effectiveness through earned income.

#### GOALS:

----

ADMINISTRATION AND EDUCATION aim to deliver a quality educational experience to children and adults, including those with special needs or disabilities. We seek to make Maine citizens more aware of the state's natural environment and the ways humans have lived in this region since the last ice age. The PUBLICATION ROTARY FUND produces income to further these general goals beyond the museum's walls. Quality products related to exhibits, well researched books, a newsletter and special events all extend the museum experience.

#### **OBJECTIVES:**

\_\_\_\_\_

ADMINISTRATION works towards these goals through institutional planning, inter-agency and inter-museum cooperation, securing private and federal funds, and overall professional management. EDUCATION's objectives are to develop programs enhancing museum exhibits, provide information directly to all visitors in a safe and pleasant learning environment. Staff and volunteer training is provided as well as an information clearinghouse for Maine's Museum Community. The PUBLICATION ROTARY FUND reaches its goals through producing or purchasing collection-related sales items including books, and through the self-funded Membership Program's lectures, special events, and excellent newsletter.

#### STRATEGIES:

------

With the policy-level guidance of the Maine State Museum Commission, Museum staff will continue cooperative efforts to achieve stated goals in spite of budgets cut drastically from pre-1991 levels. Sharing one Business Office with three other state agencies will continue. The non-profit support group, Friends of the Maine State Museum, is in it's third year of managing the Membership Program, winter lecture series, and outside fundraising. A volunteer/staff committee will continue to improve the quality of services to visitors, especially those with disabilities.

#### STATEMENT OF MISSION:

To preserve artifacts of Maine's natural and cultural history and interpret that history through EXHIBIT DESIGN AND PREPARATION which provides for the planning, design, management, and construction of museum exhibits and special storage facilities.

#### GOALS:

EXHIBIT DESIGN AND PREPARATION personnel aim at producing exhibitions which inform and excite the interest of visitors while properly protecting artifacts.

#### **OBJECTIVES:**

EXHIBIT DESIGN AND PREPARATION works toward this basic goal through assessment of requirements, design, construction, maintenance, and upgrade of exhibits and exhibition environments. Additional objectives of safety, security, and artifact preservation are achieved through unique construction projects and installation of special equipment.

#### STRATEGIES:

-----

Having given up an Architect, Chief Designer, several Museum Technicians and a large percentage of "All Other" funds, the surviving staff have adopted new strategies. Major new exhibits are not possible at present. Planning, incremental improvements, and temporary exhibits on the Museum's fourth floor are preparing the way for a future exhibition of Maine Homelife. Upgrade of existing exhibits continues with special regard to the American with Disabilities Act. Several small exhibits have been changed each year and special guilt shows presented.

#### STATEMENT OF MISSION:

\_\_\_\_\_

To preserve artifacts of Maine's and cultural history and interpret that history through RESEARCH AND COLLECTIONS which provides for acquisition, management, conservation, research, interpretation, and explanation of museum collections with support from the PRIVATE CONTRIBUTION ROTARY FUND.

### GOALS:

----

RESEARCH AND COLLECTIONS aims to build up, protect, and interpret Maine's finest collections of natural, prehistoric, and historic artifacts representing the story of Maine's environment, resources, and people. The PRIVATE CONTRIBUTION ROTARY FUND collects and controls funds from grants, donations, and contracts in support of these goals.

#### **OBJECTIVES:**

------

RESEARCH AND COLLECTIONS personnel, including staff members, unpaid Special Research Associates, and volunteers work towards these goals in several related ways: acquisition of artifacts and scientific specimens; proper documentation of collections; management of secure and accessable storage; cleaning, stabilization, and restoration of collection items; field work, archival study, and interaction with experts in such fields as geology, paleontology, biology, archaeology, ethnology, and history; interpretation through exhibit scripts, lectures and publications.

### STRATEGIES:

\_ . . . . . . . . . . . . . . . . . .

Statehouse Portrait and Flag Collections, the Blaine House Historical Collection, State-owned archaeological resources, and the State Museum collections begun in 1837 all receive care and protection. Limited state resources are stretched through use of volunteers, donations of artifacts and cash, and through grants. Conservation planning and an institutional Disaster Plan help avoid damage and deterioration.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The State Board of Property Tax Review was created by the Legislature in 1986 to consolidate the functions of the Municipal Valuations Appeals Board(1931-titled Board of Equalization prior to 1969), the State Board of Assessment Review, and the Land Classification Appeals Board. At the time of its creation, the Board was also assigned jurisdiction over valuation appeals of non-residential properties assessed at over \$500,000. In 1987, the Board was given jurisdiction over appeals of payments made to municipalities in lieu of taxes by the Maine Low Level Radioactive Waste Authority pursuant to 38 MRSA s.1505,sub-s.2. In 1989, appeals under the Homestead Act were added to the Board's responsibilities.

## GOALS:

The Board endeavors to schedule hearings and render decisions in a timely manner for those cases which come under its jurisdiction.

#### OBJECTIVES:

As an appellate body, the State Board of Property Tax Review hears appeals of cases involving property valuation, tax exempt status decisions, land classification decisions (Tree Growth; Farm and Open Space), municipal valuations established by the Property Tax Division of the Bureau of Taxation, mine site valuations, homestead exemptions, and payments in lieu of taxes by the Maine Low Level Radioactive Waste Authority.

#### STRATEGIES:

The Rules of Practice and Procedure in appeals before the Board are liberally construed to secure just, speedy and economic determination of all appeals presented to the Board.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

### STATEMENT OF MISSION:

\_\_\_\_\_\_

The Archives serves State and local governments by providing: a professional archival program to preserve Maine's permanently valuable government records so they may be used by the government and the public; Records management services for the efficient administration of government records; and photographic services for preserving and copying photographs and for microfilming selected material. The Archives keeps important State records (Legislative bills, major court decisions, Executive Orders, policy statements and background material) for public access. These include paper and electronic records, maps, photographs, tapes and films. No government record may be destroyed without Archives approval.

### GOALS:

\_\_\_\_

The Archives is constantly seeking to apply technology to cope with increasing demands on limited resources and to provide better customer service. Specific goals are: Storage and preservation of long term and permanently valuable records; providing efficient administration and access to records at the State Records Center; providing access to Archival holdings; acquisition of archival and records center materials; identification and intellectual control of official records; providing general, public information about holdings and policies; providing professional microfilming services for State agencies; and supporting historic records needs throughout the state.

# **OBJECTIVES:**

\_\_\_\_\_

1) Prevent unauthorized entry at the State Records Center and the Maine State Archives. 2) At Records Center strive to destroy records at appropriate time, provide low-cost storage; provide access with document security; retrieve and refile records in a timely manner; 3) Bring archival records into storage. 4) Remove unncessary records from high-cost space. 5) Train staff in records preservation. 6) Microfilm selected records. 7) Identify archival records for proper care. 8) Protect public access rights providing information about holdings to encourage research. 9) Insure the preservation of and access to important historical records.

# STRATEGIES:

JIMILUILI

<sup>1)</sup> Monitor and respond to environmental needs. 2) Tighten security by strengthening entrance, requiring ID badges. 3) Computerize indexes, use microfilm readers, explore scanning. 4) Do basic preservation and contract out for major work. 5) Identify policy related records for preservation and/or storage. 6) Increase use of exhibits, brochures, BBS, databases, news releases, and Internet. 7) Modernize equipment. 8) Review proposals, based on priorities for federal funding. Seek resources for priority projects.

# STATEMENT OF MISSION:

The Corporate Division seeks to provide prompt efficient service to domestic and foreign corporations doing business within the state of Maine since the legal, business and nonprofit communities rely on the timely processing of all documents relating to these entities as their very existence, any amendments, even their termination cannot be effective until a document relating the information is filed by the agency. Administrative Services provides fiscal, administrative and clerical support to the Bureau in all financial and personnel matters.

# GOALS:

\_\_\_\_

To collect and deposit, on a timely basis, over 8 million dollars to the General Fund during the biennium while ensuring proper accounting trails are maintained. Our goal is to continue to maintain the high level of commitment to customer service and efficiency. We will continue updating corporate laws to enable the department to undertake many changes which will result in increased efficiency in the processing of corporate documents. Maintain current levels of efficiency in UCC, Reporting, and Recording while seeking ways to streamline and simplify procedures without jeopardizing legal requirements.

# **OBJECTIVES:**

\_\_\_\_\_

1) To complete the revision of existing forms in order to make them more user friendly to customers 2) Achieve a 24 hour turnaround time on documents submitted for filing and requests for information. 3) To provide for electronic filing of certain documents.

# STRATEGIES:

J. 1 (1) 1. L = 1 L (

<sup>1)</sup> Maintain commitment to employee training to fulfill goal of providing the best customer service possible. 2) The workload will continue to be monitored in order to maintain acceptable turnaround time for document processing and requests for information. 3) Continue monthly customer surveys to determine the agency's progress towards its objectives. 4) Statistical reports will be maintained to assess currency and efficiency of operations.

Guided by an international management plan (see Maine Executive order 2 FY95 and New Brunswick Order-in-Council 94-7) 22 policies stress reduced duplication and use of existing resources and management partnering to achieve environmental, resource, recreation, heritage and economic objectives. In support of this, the Commission provides planning, coordination, communication, monitoring and program resources for agencies and user interests on the Maine and New Brunswick sides of the corridor.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The Treasury Department provides funds for capital projects by issuing bonds as required by the Constitution of the State of Maine, Article V, Part 4. Section 5. The bonds issued have been authorized by the legislature and the voters for specific purposes or by the Constitution and implementing legislation.

#### GOALS:

\_\_\_\_

Bonds are to be issued in the most cost effective manner possible, reducing over-all expense to the State while funding projects on a timely basis.

#### OBJECTIVES:

\_\_\_\_\_

Costs are to be minimized by scheduling issues as infrequently as possible to reduce rating service fees and printing expenses of official statements. Revenues are to be generated by investing unspent bond proceeds.

#### STRATEGIES:

-----

If possible, bond issues will be limited to once each year. This can be accomplished by using short-term Bond Anticipation Notes (BAN) to meet the interim financing needs of State departments. The maturity dates of any BANs are scheduled to match the projected date of the next bond issue so that the proceeds from the bond can pay the principal amount of the BANs. Active management is critical to the coordination of departmental needs for financing. Agencies are encouraged to wait as long as possible before requesting cash. Unspent proceeds which were borrowed at tax exempt rates are invested at higher taxable rates. Earnings are used to pay debt service, reducing the appropriation needed.

BUREAU OF THE BUDGET FORM

DATE: 12/06/96

#### STATEMENT OF MISSION:

The Educational & General (E&G) budget provides for undergraduate, graduate, and professional educational programs. It provides non-credit courses, University-sponsored research and services through cooperative extension and other activities. The program also includes support services to students and employees, and administrative activities to assure compliance with federal, state and trustee audit and reporting requirements. The figures show the share of FY96 costs assigned to each activity: Instruction 31.8%, Research 2.6%, Public Service 3.2%, Academic Support 14.3%, Student Services 8.1%, Institutional Support 11.2%, Operations & Maintenance 9.3%, Student Aid 3.3%, and Employee

#### GOALS:

This appropriation provides State support for the University of Maine System's E&G activities; student tuition provides most of the balance of the funds used for this purpose. The E&G program covers education, public service and University-sponsored research at the seven campuses of the University of Maine System, which enrolled 31,115 students in the fall of 1995, 89% of whom are Maine residents. The E&G plan does not cover residence/dining, bookstore and other "auxiliary enterprizes" which are supported entirely from their own revenues, nor does it include research and other activities funded by outside sponsors.

#### **OBJECTIVES:**

The University of Maine System's part 1 (current services) budget plan reflects that funding level which is necessary for the continuation of existing programs at levels comparable to those already authorized and funded by the legislature. The State Appropriation to the University System has been LEVEL over the last 8 years. This has resulted in a reduction of the University's share of the State Budget (from 10.0% in FY90 to 7.6% in FY97). During this same period, tuition (as a percent of the budget) has increased from 24.8% to 36.1%. This part 1 request represents the bare minimum necessary to meet inflation (3.0%) and continue current services, including a small amount for infrastructure and

#### STRATEGIES:

Higher education is clearly the State's best long term investment in economic and social prosperity. The trustees and the campuses continue to work toward providing greater access to higher education at a lower cost to Maine citizens through the development of distance learning and other information technologies. The campuses are redefining missions, reallocating resources, and streamlining their programs in order to revitalize undergraduate education and strenghten research and graduate study in areas of vital importance to the economic development of the State.

BUREAU OF THE BUDGET FORM

DATE: 12/09/96

#### STATEMENT OF MISSION:

-----

The activities performed under this bureau, with the exception of one and one-half clerical positions, have been transferred to other units in the Department as approved by the Productivity Realization Task Force. Activities performed by the former Division of Regulations have been combined with the duties of the Division of Quality Assurance. A description of the newly formed Division can be found under account 0393, Division of Quality Assurance and Regulations. Animal Welfare duties were transferred to account 0394, Division of Animal Health & Industry.

#### GOALS:

\_\_\_\_

To enforce rules and regulations in a fair and impartial manner. To emphasize the importance of education to facilitate a safe food supply. To computerize the system of issuing licenses. To encourage the professional development of staff.

#### **OBJECTIVES:**

\_\_\_\_\_

It has become clear that our objectives must revolve around education and direct public service. Enforcement used to be our primary objective, but with increasing diversification within the Department and growing difficulties resolving enforcement cases, we have shifted our philosophy to education. This change has been well received to date, and we will continue to provide education, and support this new cooperation between inspectors and business owners. Enforcement is still an essential factor in protecting public health, but by working together, problems can be prevented or more easily solved.

#### STRATEGIES:

\_\_\_\_\_

To organize work more efficiently. Through cross-training and education, less enforcement and more direct help will resolve inspection problems satisfactorily.

BUREAU OF THE BUDGET FORM

DATE: 12/09/96

## STATEMENT OF MISSION:

The mission of the eight District Attorneys, who are elected law enforcement officials vested by law with specific duties, is to maintain public order, to prosecute offenders for all crimes except homicides and to make arrests for crimes.

### GOALS:

The District Attorneys have two major goals for the biennium: 1) to continue to work to ensure the safety of their communities and 2) to provide high quality prosecutorial legal services in their districts mindful of the needs of the victims of the crimes.

#### **OBJECTIVES:**

To achieve their goals the District Attorney for each prosecutorial district will appear for each county within the district in all actions and civil proceedings in which the county is a party or is involved. The District Attorney will provide quality and timely legal advice to varies law enforcement agencies, draft warrants and legal paperwork, try traffic, criminal and juvenile cases in the District and Superior Courts, argue appeals to the Maine Supreme Judicial Court and provide legal advice to the County Commissioners and other County officeholders.

#### STRATEGIES:

The District Attorneys shall achieve these objectives in each of the eight districts by maintaining one or more full-time offices and providing a staff of trial attorneys who are Assistant District Attorneys. The District Attorneys will handle over 265,000 traffic, criminal, and juvenile cases. Each attorney will handle an average of 5,000 cases. Further, 85% of the income generated through the counties is attributed to criminal and traffic fines and other revenues.

BUREAU OF THE BUDGET FORM

#### STATEMENT OF MISSION:

\_\_\_\_

To maintain, in a serviceable and safe condition, approximately 2,800 bridges on public highways for public use, including the operation of 9 moveable bridges over navigable waters and the structural maintenance of 9 Ferry transfer bridges. To administer and maintain the inventory and inspection of approximately 3,800 bridges as required by the National Bridge Inspection Standards (NBI). To provide a source of information and engineering advice on the condition and adequacy of all public bridges.

#### GOALS:

\_\_\_\_

Identify needed maintenance and perform repairs with State Forces on approximately 2,800 public bridges on State, State Aid, and Local roads; and to operate 9 moveable bridges. Administer and support Maine's Bridge Inspection Program in accordance with the NBI and provide data collection for DOT's Bridge Management System. Provide structural repair services to other DOT departments including Ferry transfer bridges; to provide engineering advice to municipalities and other agencies for the maintenance and evaluation of bridges.

#### **OBJECTIVES:**

------

Perform routine and structural repairs to approximately 2,800 steel, concrete and wood bridges under state maintenance in a timely and proper manner using State forces. Perform proper and timely statewide inspection of approximately 3,800 bridges on public ways. Maintain 9 moveable bridges in a manner that they can be opened and closed on request for passing vessels in accordance with U.S. Coast Guard regulations. Provide on request advice and documentation to other state agencies, municipalities, and the public regarding the condition and maintenance of public bridges.

#### STRATEGIES:

\_\_\_\_\_

Staff the Augusta central office with a Statewide Bridge Engineer and such engineering support staff as required to properly evaluate statewide bridge safety and maintenance needs. Direct a State work force located in the Divisions to perform bridge repairs consisting of bridge cleaning; painting; and structural steel, concrete and wood repairs. Procure material and equipment to support work force. Contract out specialized and extraordinary services. Support the bridge inspection program with work force by providing traffic control, and access using underbridge crane, staging, and floats.

DATE: 12/09/96

#### STATEMENT OF MISSION:

To address highway capital construction, reconstruction, and rehabilitation needs on 1630 miles of NON FED AID, State Aid and State Highways.

#### GOALS:

----

To investigate and define various funding levels for the program. To plan and develop a project specific construction program based on available funding. To assure timely and efficient construction of the program.

# **OBJECTIVES:**

------

To provide plans for Department consideration about various program funding accomplishment levels and how each effects the short and long term roadway condition goals. To ensure efficient use and a statewide balance of funding and work types within available resource limits. To build the program as soon as reasonable according to stated specs and good construction practices using a mix of private and state forces as appropriate for the time, place and work type.

# STRATEGIES:

The Augusta office of M&O in cooperation with the Bureaus of Planning and Project Development using data supplied by the Pavmt. Mgmt. Sect. assembles programs for consideration. The engineering, technical, and support staff at the Augusta M&O office evaluates pavement management data in conjunction with Pavmt. Mgmt. Sect. to set balanced funding and work type goals for each of Maintenance & Operations 7 Division offices. Division staff personnel define specific project locations based on Pavmt. Mgmt. data and local knowledge, then construct these projects using private contracts in conjunction with the Division's own work crews.

#### STATEMENT OF MISSION:

------

The Island Town Refunds - Highway Program is mandated by law. Title 29, MRSA, Section 258. The Program returns to the island towns of Cranberry Isle, Frenchboro, Swans Island, Isle au Haut, North Haven, Vinalhaven, and Islesboro seventy-five percent of the motor vehicle registration fees received by the island towns. The monies received by the island towns are to be spent in those towns, under the supervision of the Department of Transportation, on the roads on the islands.

# GOALS:

\_\_\_\_

The goal of this Program is to return seventy-five percent of motor vehicle registration fees to the island towns to enable those towns to maintain the roads on the islands.

#### OBJECTIVES:

\_\_\_\_\_

The objective is to have properly maintained roads on the island for the safe, environmently sound, and economical passage of goods and citizens.

# STRATEGIES:

\_\_\_\_\_

After receiving the list and amounts of registration fees for each island town from the Division of Motor Vehicles, the seventy-five percent amount is determined. The island towns are notified of the amount to be returned, and after receiving certification from the selectmen of each island town that the monies they will receive under this Program will be spent on road maintenance, a request for payment is processed to the Bureau of Accounts & Control and the resulting check is mailed to the appropriate island town.

BUREAU OF THE BUDGET FORM

DATE: 12/09/96

# STATEMENT OF MISSION:

Provide for the capital improvement of bridges on townways and State-Aid highways, as required by 23 MRSA, subchapter VII, Local Bridges.

# GOALS:

\_\_\_\_

Satisfied customers using facilities that have lasting and enduring quality that have been produced in a cost effective manner by empowered, highly productive individuals with strong internal and external partnerships.

#### **OBJECTIVES:**

Obligate annually all the Federal aid available for local bridges. Reach local consensus and begin the construction phase of work on at least 50% of the total biennial program each year.

#### STRATEGIES:

\_\_\_\_\_

The Bridge Design Section will develop a needs analysis for local bridges in support of biennial programming; using bridge inventory and inspection information. Project schedules will be established and implemented to maximize the obligation and expenditure of available funds. Project delivery will be measured regularly using available information systems.

BUREAU OF THE BUDGET FORM

DATE: 12/09/96

# STATEMENT OF MISSION:

To provide municipalities with financial assistance for their use in maintaining and improving those roads functionally classified as local roads. This is a legislatively mandated program.

#### GOALS:

Through State financial assistance, it is anticipated that the State's 13,800 miles of local roads, not otherwise eligible for Federal/State funding will be maintained better than would be expected.

#### **OBJECTIVES:**

Provide for an equitable amount of Local Road Assistance Program (LRAP) funding based upon the number of miles of public roads maintained by the municipality in the summer plus the number of miles of public roads maintained in the winter, divided by 2 which yields average miles maintained.

# STRATEGIES:

Distribute LRAP funds at the rate of \$1,200.00 per mile for the average number of miles maintained by a municipality in summer and winter. Total statewide funding available for distribution is approximately \$19,350,000 annually. The Department reviews all municipal, county, and Indian Reservation roads that are eligible to receive LRAP funds on a four (4) year cycle.

### STATEMENT OF MISSION:

To provide and maintain efficient, rapid, and reliable two-way communications throughout the Bureau of Maintenance and Operations' offices and mobile units during normal work hours, storms, and natural and man-made disasters, in support of the maintenance efforts on the state and state aid highway system.

# GOALS:

Provide a reliable mobile and two-way communications system as well as technical support for communication equipment users in the Bureau in order to assure efficiency and safety on the part of a mobile work force deployed to assure efficiency and safety on the part of a mobile work force deployed at sites throughout the State.

#### **OBJECTIVES:**

-----

Maintain and keep functioning 12 base stations, 13 remote tower locations, 1,400 mobile radios, 200 hand held radios and 50 radio activated speed reduction signs.

# STRATEGIES:

Staff the Augusta base station as well as one satellite location in the Bangor area with a small staff of radio technicians receiving directions from a working supervisor, who have the necessary training, equipment and parts to install, maintain and repair the mobile communication system. This group will also maintain sufficient records for justifying personnel and equipment requests. In addition, the Augusta base station is to be staffed with a group of radio operators who have the necessary training and equipment to communicate with the maintenance crews in central Maine and provide a central contact person for the radio bases in other parts of the State.

# STATEMENT OF MISSION:

To provide State support for the enhancement of railroad use throughout Maine and to increase the safety of such use for railroad workers and the general public.

#### GOALS:

1) To improve and enhance safety of public at-grade railroad/highway crossings. 2) To improve and enhance safety on all active tracks in Maine. 3) To preserve inactive rail lines for future rail and/or other transportation uses. 4) To return inactive rail lines to active freight and/or passenger use. 5) To encourage intermodal movement of goods and people in and through Maine.

### **OBJECTIVES:**

1) To decrease train/vehicular accidents at public crossings. 2) To conduct two track inspections per year over each mile of active track. 3) To acquire or lease any rights of way which private owners wish to divest. 4) To develop public/private partnerships to provide impetus & funding for rail reactivation projects on 170 miles of inactive State-owned lines. 5) To provide transportation infrastructure which promotes intermodal transportation economic development.

# STRATEGIES:

Install new or rehabilitate old signal devices at 10 public crossings per year. Rehabilitate 10 public crossing surfaces per year. Improve crossing conditions via Ttl. 23 MRSA Sec. 7730. Coordinate track inspections with Federal inspectors. Conduct analysis of future economic viability of any line identified for disposal by private owners. Acquire or lease properties deemed to have future transportation value. Identify shippers/markets amenable to rail use in geographic areas served by idle lines. Partner with shippers, municipalities, and railroad operators to reactivate rail lines. Fund const. of rail/truck intermodal facilities fund rail/water transload facilities at key locations.

BUREAU OF THE BUDGET FORM

DATE: 12/11/96

# STATEMENT OF MISSION:

To provide a satisfactory public service for the controlled sale and distribution of alcoholic beverages within the state of Maine and to derive revenue from sale and taxation.

# GOALS:

The bureau has three primary goals: 1) administer laws of the state and the policies and rules of the commission; 2) operate state owned retail liquor stores; and 3) purchase and distribute liquor.

# **OBJECTIVES:**

1) Establish sales policy to recapture sales now leaving the state and to increase revenues; 2) establish minimum line item inventories in agency stores in order to improve product selection and customer service; and 3) implement a new computer system to allow for flexibility and improve processing of liquor inventory controls, pricing, sales and agent orders.

### STRATEGIES:

The Bureau plans to develop a task force for evaluation and research in order to update the computer and cash register systems including programming which is over 20 years old and is inadequate for the current volume and mix of business. The Bureau will also develop cost and sales date for comparison study of state and agency store operations and continue with updating the distribution and product availability study.

BUREAU OF THE BUDGET FORM

DATE: 12/11/96

# STATEMENT OF MISSION:

To provide satisfactory customer service in the distribution and marketing of the following lottery games from which the State of Maine derives revenue: \$1 instant scratch ticket. \$2 extended play ticket, pick 3, pick 4, tri-state megabucks and the cash 5 game.

### GOALS:

\_\_\_\_

The Bureau has four primary functions: 1) administer the laws of the state and the rules and policies of the commission; 2) sell, market and redeem the instant and on-line lottery tickets; 3) authorize and issue licenses for the instant and on-line products; and 4) provide data control for the tri-state.

### **OBJECTIVES:**

1) Develop and deliver new lottery games including a rolling jackpot game in order to increase General Fund revenues; 2) introduce extended play games in order to continue to show increased sales and profits; and 3) introduce new ticket distribution system in order to allow next day delivery for instant ticket orders.

### STRATEGIES:

The Bureau continues to modify and refine the instant ticket distribution system in order to find the most efficient ways of distributing the instant ticket.
