I N T R O D U C T I O N

The normal operations of our state government are recorded and controlled on a fund basis in three major operating funds - GENERAL FUND, HIGHWAY FUND and OTHER SPECIAL REVENUE FUNDS. The GENERAL FUND provides the financing of most of the operations of state government and is the largest of the three funds. The GENERAL FUND receives its revenues from GENERAL STATE REVENUE sources, the largest source being from Sales and Use Taxes. The HIGHWAY FUND provides the financing of the Bureaus of Highways and its allied divisions in the Department of Transportation. This fund receives its revenues from three major sources, namely Gasoline, Use Fuel and Motor Carrier Tax, Federal Grants and Motor Vehicle Registrations and Driver Licenses. OTHER SPECIAL REVENUE FUNDS receive their revenues from segregated or dedicated sources and the funds are expended by category for special purposes. The major source of revenue in OTHER SPECIAL REVENUE FUNDS is derived from the Federal Government.

In addition to the three operating funds that are listed above, there are numerous other funds that are used to record specific activities; such as Capital Project, General Long Term Debt, Enterprise Fund, Intra-governmental Services, and Trust and Agency Funds.

The information contained within this report was compiled from the Bureau of Taxation, State Treasury reports, the Maine Revised Statutes Annotated, Department of Finance and Administration Financial Reports and records from the Legislative Finance Office.

SALES AND USE TAX (Adopted 1951) - M.R.S.A. Title 36

- I. A Sales Tax is imposed at the rate of 5% of the sale price of all tangible personal property and telephone and telegraph services sold at retail in this State, and upon the rental charged for living quarters in hotels, rooming houses, tourists or trailer camps, and upon rental charged for automobiles rented on a short term basis. Generally speaking, the exclusions are food for home consumption, fuels for domestic use (with the exception of gas and electricity), agricultural materials used in agricultural production, sales to certain hospitals and schools, prosthetic devices, diabetic medical supplies, hearing aids, new machinery and equipment used for manufacturing and research, water and air pollution control facilities, auto, farm tractor, boat and aircraft trade-ins, items already taxed such as motor fuels, cigarettes, etc.
- II. A Use Tax is imposed at the rate of 5% of the purchase price on the storage, use or other consumption in this State of tangible personal property purchased at retail sale when sales tax is not paid at the time of purchase. This tax is basically a tax upon items purchased outside the State for use in Maine.

NOTE: *Originally enacted 1951 at 2% - amended in 1957 increasing to 3%. Amended in 1959 to include living quarter rentals thus broadening the tax base. Amended in 1963 increasing rate to 4%. Amended in 1965 to include telephone and telegraph service charges. Amended in 1967 increasing to 4 1/2% effective 11/1/67. Amended in 1969 increasing to 5% effective 6/1/69. Amended in 1977 to include rental of automobiles rented on a short term basis.*

INCOME TAX (Adopted in 1969) - M.R.S.A. Title 36

- I. Individual Income Tax. A tax is imposed for each taxable year on the entire taxable income of every resident individual of this State and on the taxable income of every nonresident individual which is derived from sources within this State.

The enclosed rates in effect for 1975 are shown in Table A, 1976 in Table B and 1977 in Table C. Table A was the rate of tax imposed on individual taxable income from July 1, 1969 through December 31, 1975. Table B was the rate applied for the period January 1, 1976 through December 1, 1976 and Table C will apply to tax years on or after January 1, 1977.

The income tax rate change was accompanied by an increase in the standard deduction which also has a low income allowance. The amounts now permitted as a standard deduction are detailed on the attached schedule. These revised standard deductions were effective beginning January 1, 1976.

Effective January 1, 1976, the standard deduction and low income allowance shall be as follows:

Single Persons: A single person's standard deduction for 1976 is the *higher* of (1) a low-income allowance of \$1,700 or (2) 16% of his Maine adjusted gross income up to a maximum deduction of \$2,400.

Married Persons Filing Joint Returns and Surviving Spouses: For 1976, persons filing joint returns and surviving spouses can take the *higher* of (1) a low-income allowance of \$2,100 or (2) 16% of Maine adjusted gross income up to a maximum deduction of \$2,800.

Married Persons Filing Separate Returns: In the case of separate returns by married persons, each spouse is allowed a standard deduction of only up to one-half of the maximum amounts, that is, \$1,050 for the low-income allowance or 16% of the Maine adjusted gross income up to a maximum deduction of \$1,400. (Note: If either spouse uses the low-income allowance, then both must use this deduction, conversely, if either uses the percentage standard deduction, then both must use this method).

The taxable income for a resident individual of this State is his federal adjusted gross income as defined in the laws of the United States with the modifications and less the deductions and personal exemptions provided in the Maine law.

The taxable income for a nonresident individual is that part of his federal adjusted gross income derived from sources within this State, as defined in the Maine law, less allowable deductions and personal exemptions.

NOTE: *Effective date of individual income tax, July 1, 1969. Amended 1976.*

- II. Corporate Income Tax. The Maine corporate income tax is levied at the rate of 5% of the Maine net income not over \$25,000, or \$1,250 plus 7% of the Maine net income over \$25,000. "Maine net income" is the taxable income of the corporation under the federal income tax law, or that portion of such income allocated or apportioned to Maine in the case of a corporation doing business both within and without Maine.

For allocation purposes, the Uniform Division of Income for Tax Purposes Act has been incorporated in the Maine law. This allocates income on the basis of a three-factor formula involving payroll, property and sales.

NOTE: *Effective date of corporate income tax January 1, 1969. Amended 1973 to 4% of the Maine net income not over \$25,000, or \$1,000 plus 6% of the Maine net income over \$25,000. (C 580, P.L. 1973). Amended 1973 to 5% of the Maine net income not over \$25,000, or \$1,250 plus 7% of the Maine net income over \$25,000. (C 592, P.L. 1973).*
