### **C. Changes to MaineHousing's written policies or procedures.**

MaineHousing's Procurement Policy was updated in 2025.

1. Added "emergency repairs" to the procurement threshold that only requires procurement from a single source so long as the emergency repair is under \$5,000.
2. Added "or similar form" as an acceptable way to document procurement as MaineHousing has created additional forms to assist staff.
3. In the "Up to \$250,000" procurement threshold, added clarification that Master Agreements from the State of Maine may only be used as an exception for Non-Federal Funds under the \$250,000 threshold and Federal Funds under the \$10,000 threshold. Also moved the information on where Master Agreements are located and examples of them into the chart under this category rather than having it in the sole source section.
4. Under "Consumable Office Supplies" removed the note about WB Mason as it is covered in the revised language under the "Up to \$250,000" procurement threshold section.
5. Rearranged the order of the sole source procurement reasons and added notes to them to help make clear which can be used for federal funds and which can be used for Non-Federal Funds.

Other minor edits were made to text and formatting for greater clarification. A copy of the Procurement Policy effective May 20, 2025, is included with this report.
