Agricultural Fairs that Conduct Harness Racing

There were nine (9) licensed agricultural fairs that conducted harness racing during their annual exhibition. The total number of days awarded to these nine agricultural fairs to conduct harness racing is 56 days. In 2011 Windsor Fair lost one day due to a hurricane that arrived the last weekend in August which was their opening day.

The information required to be reported in 8 MRS Section 1037 subsection 2 is contained on the following page.

It should be noted that absent a requirement in the statute to keep the funds received from the racino operating in Bangor, most fairs comingled these funds in either their general operating account or in the horsemen's purse account. Therefore, there is not an independent accounting for the funds received pursuant to 8 MRS Section 286 and 7 MRS Section 86. However, after reviewing the annual reports required for submission to this office, it has been determined that these funds have been used in accordance with the provisions found in 8 MRS Section 286 and 7 MRS Section 86.

Agricultural Fairs that do not Conduct Harness Racing

There were sixteen (15) licensed agricultural fairs that did not conduct harness racing during their annual exhibition. In 2011 Pittston Fair experienced extreme heat conditions that caused a marked decrease in its attendance. Piscataquis Valley Fair and Action Fair were unable to operate their closing Sunday due to a hurricane that struck that day. Other fairs experienced days where heavy rainfall interrupted the normal activities planned on those days.

The information required to be reported in 8 MRS Section 1037 subsection 3 is contained on the following page.

It should be noted that absent a requirement in the statute to keep the funds received from the racino operating in Bangor, most fairs comingled these funds in their general operating account. Therefore, there is not an independent accounting for the funds received pursuant to 8 MRS Section 286 and 7 MRS Section 86. However, after reviewing the annual reports required for submission to this office, it has been determined that these funds have been used in accordance with the provisions found in 8 MRS Section 286 and 7 MRS Section 86.

Standardbred Sire Stakes Program

The industry has experienced an increase in the number of Sire Stakes eligibles participating in overnight events at the various licensed racetracks. However, it is not sufficient enough to replace the number of horses that are no longer able to participate in our overnight racing program. Therefore, we continue to import horses from other racing jurisdictions that are unable to compete favorably in their racing program.

Off-track Betting Facilities

There were four (4) licensed off-track betting facilities that operated in 2011. In December 2011, Sportech LTD sold its interest in John Martin's Manor OTB to Pioneer Gaming LLC, Donald Barberino. Due to the limited time of operations by Pioneer Gaming LLC there is not a separate report for them for 2011.

The information required to be reported in 8 MRS Section 1037 subsection 5 is contained on the following pages.

It should be noted that the requirement for Section 1037 subsection 5 paragraph A is not included in this report. None of the off-track betting facilities were able to extract this information from the totalizator records that were in their custody.

The information requiring the amount of capital investments made by each licensee varies by the reporting entity.

RE: The Reporting Requirements are Found in 2011 Public Laws Chapter 358.

The First Regular Session of the 125th Legislative enacted Legislative Document 393 requiring certain reporting requirements regarding the funds received from the operation of the Slot Facility in Bangor. The distribution of the funds generated at the Slot Facility in Bangor are found in 8 MRS Section 1036, sub-section 2.

As you can see we have very little time to prepare and have available to the Joint Standing Committees identified in the enacted legislation the information required. Therefore, please provide me with the required information on or before February 9, 2012.

I am enclosing a copy of 2011 Public Laws Chapter 358 as a guideline of the reporting requirements of each licensee and recipients of the funds indentified in the legislation. Also, I am enclosing a copy of 8 MRS Section 1036, sub-section 2.

I will try to answer any questions you may have regarding this reporting requirement.
