Sen. Bustin

HSE-ENACT. SEN-ENACT. GOV-SIGNED PL 83, c. 575

SUMMARY: The new draft of LD 800 clarifies that the adults must be protective services clients of the Department of Human Services, and that the training team will be an interdepartmental one, rather than just within DHS. The levels of care were redefined; the different reimbursement rates were removed from statute, since they may be set by departmental regulations. It also added an appropriation, for 3 staff members and services.

One Senate Amendment which was not adopted (S-243) would have delayed the effective date of the Act to October 1, 1984, and reduced the personnel count to 2; Senate Amendment S-260, which was finally adopted, maintained the original effective date, but cut back further to only 1 position.
