SUMMARY:

The current statutes give the powers of warden to special agents of the federal government. This bill broadens the term to officers. This change will permit 3 more federal officers to have the powers of state game wardens and enforce the laws of this State.

SUMMARY:

Hunters are allowed to hunt on private property unless it is posted. This bill is to encourage hunters to seek permission from the landowner before proceeding to hunt. It is felt that this will act to mitigate an increasing incidence of posting of private land.

Committee Amendment A changes the wording of the notice to be placed on the license. The change is to insure that the license does not give the impression that it is a legal requirement that permission must be obtained before someone may hunt.
