LDAN ACT TO REVIEW THE NEW ENGLAND ELECTRICLVWD1788POWER AGREEMENT

Sponsor: KANY, Andrews, Clark, H., Vose Committee Report: LVWD

SUMMARY: The bill requires the Public Advocate to review the New England Electric Power Pool (NEPOOL) agreement and allocates \$50,000 from the PUC Regulatory Fund for that purpose. The PUC would consider the findings of that review in future rate cases. The agreement as a whole has never been subject to regulatory review.

Central Maine Power and Bangor Hydro are members of that agreement which dispatches power centrally for most of New England. Members are paid by the pool for power and capacity which they supply and are paid for that which they receive. Recently, NEPOOL voted to increase the reserve margin requirement frodm 20% to 23%. This will cost Maine utilities money.
