LVWD

Sponsor: CARTER, Crowley, Andrews, Kany
Committee Report: LVWD

SUMMARY: LD 249 proposed to establish a \$1,000,000 venture capital fund to be administered by the Finance Authority of Maine to finance the production of new products, innovations and inventions leading to new products, and new production processes in the State. A ceiling of 60% of total product development costs was placed on the state's investment in any one firm.

Priority of venture capital investments would have been given to businesses which have 100 or less employees. Second in priority would be individual businesses on which a municipality or region has substantial reliance with respect to employment and economic activity. No assistance could be provided to firms employing more than 250 persons.

The venture capital investment fund would be replenished by a royalty of annual sales of the new product. This royalty fee will be negotiated by the firm and FAME.
