Committee Report: OTP-A Amendments Adopted:

S-61 COMMITTEE H-155 MANNING

SUMMARY: This bill amended the Medical Laboratory Act by listing which tests are exempt from regulation under this act, increasing the licensing fees, and making other administrative changes to the current law. The committee amendment (S-61) replaced the list of exempt tests with a provision allowing the Department of Human Services to provide for exemptions by rule-making, included physicians and family nurse practitioners under the exemptions of the Act (consistent with current practice) and included a technologist in the membership of the Maine Medical Laboratory Committee. H-155 added an appropriation and a fiscal note.

LD AN ACT TO REQUIRE COMMUNITY MENTAL HEALTH AND PL 1987

520 MENTAL RETARDATION INVOLVEMENT IN SOCIAL c. 404

SERVICES PLANNING

Sponsor: TAYLOR, Gauvreau, Rolde, Committee Report: OTP-A Amendments Adopted: H-316 COMMITTEE

SUMMARY: The original bill would have required an additional report by the Department of Mental Health and Mental Retardation (DMH & MR) to identify community needs in its budget planning process and identify the funding level of those needs. The committee amendment (H-316) replaced that bill and incorporated in statutory language the need to involve community service agencies, consumers and families in the development of the state mental health and mental retardation needs and related biennial budget requests. In addition, the amendment required biennial, instead of annual, development of a comprehensive state mental health plan.
