PHYSICIANS' FACILITIES

PL 1987 c. 363 EMERGENCY

Sponsor: BOUTILIER, Rolde, Martin J, Pray Committee Report: Maj. New Draft of LD 1611

SUMMARY: The original bill sought to allow a magnetic resonance imaging device in a physician's office to be used to provide services to hospital inpatients, even though they were not purchased with certificate of need approval. The majority new draft replaced the original bill and provides a one-year grace period on the certificate of need requirement for use by inpatients of any existing magnetic resonance imaging machines which were acquired on or before July 1, 1987. The grace period is repealed on July 1, 1988 in anticipation of a more permanent resolution being enacted.

The new draft amends the provisions of that licensing law to include facilities for adults under 60 years of age, to require the Department of Human Services to consult with interested agencies on rulemaking, to delay the effective date until July 1988 and to waive compliance with the licensing requirement for facilities already licensed.
