Please give us your suggestions and comments on these summaries and tell us of any inaccuracies.

The Committee Amendment (H-689) retains the current \$40 inspection fee for educational institutions. It amends the appropriation to properly give the money for the attorney and clerical positions to the Department of Human Services and divides the money for the Bureau of Health between Personal Services and All Other. S-503 reduced the appropriation to the Bureau of Health.

SUMMARY

This bill established a health care workers' loan fund available for health care workers if a shortage of workers existed. It also allowed 2 new adjustments to "hospital's financial requirements":

- (1) reasonable educational benefits for hospital employers enrolled in a professional health care education course; and
- (2) reasonable costs for recruiting nurses or other health care professionals.

Committee amendment "A" (H-728) deleted the provisions concerning adjustments to hospital financial requirements and retains the Maine Health Care Workers' Scholarship and Loan Program. It also deleted the section on administrative expense and adds a new appropriation.

Committee amendment "B" (H-729), which was not adopted, would have retained and amended the provisions concerning adjustments to the hospital financial requirements and retained the Maine Health Care Workers' Scholarship and Loan Fund, deleting the administrative cost section, and correcting a grammatical error.

LD 2439 An Act to Create Minimum Standards for Licensing Shelters for Homeless People **LV/WD**

SUMMARY

This bill would have required the Department of Human Services to establish program projects for the homeless and the Maine State Housing Authority to develop a low interest loan program for renovating substandard housing.
