COMMITTEE REPORT

AMENDMENTS ADOPTED
S-347 COLLINS

SUMMARY

New Draft Majority Report of LD 1984

The original bill proposed allowing employees an 18 week leave of absence with all benefits for family medical emergencies. The new draft provides an exemption from this requirement for employers with less than 25 employees, allows an employer to require an employee to supply a doctor's certificate for any illness and does not require an employer to provide any benefits during the leave except allowing the employee to continue to purchase group insurance.

A House amendment (H-497), which was not adopted, proposed to delete all the provisions of the bill, and instead simply require an employer to develop a leave policy.

A Senate amendment (S-347) clarified that an employer had to have all 25 employees at one location to come under this provision. The errors bill further clarified this issue by adding language to specifically exempt employees at a work site with less than 25 employees.

SUMMARY

New Draft Of LD 2330

The original bill sought to allow minors to work in the retail sections of candy stores or bakeries. Currently, they are not allowed to work in the same building where goods are manufactured.

The new draft, LD 2557, includes an emergency preamble and exempts the prohibition against employing minors in several industries provided they are employed in retail sales in a clearly separated section of the building. The bill also increases the penalty for violating child labor laws from \$100 to \$500. The fines have not been increased since 1955.
