The resolve would have increased the state-funded portion of the project from 5% to 25% in light of State Government's impact on the streets surrounding the State House and state offices and the tax-exempt status of state property in Augusta's total valuation.

LD 1779, which was enacted, authorizes special registration plates for a variety of veterans, including those who participated in the Iwo Jima campaign.

**LD 446      An Act Relating to the Dissemination of Driver Record Information      LV/WD**

| DORE<br>HEESCHEN<br>O'DEA<br>MILLS | LV/WD            |                    |

**SUMMARY**

This bill would have expanded the definition of which records maintained by the Secretary of State are confidential. Currently, all records pertaining to applications and registrations of vehicles and operators' licenses are open for public inspection, except for "complaints in writing" and "control numbers used in titling motor vehicles." This bill would have added to the list of confidential documents driver record information concerning convictions, adjudications, accidents and license/registration suspensions or revocations, if that information was entered more than 3 years before the request for information. Law enforcement officials, employees of the court, prosecutors, and other people designated by the Secretary of State would still have had access to this information.

The bill would have required that those seeking to inspect records do so in person, provide I.D., and complete a written statement as to their reason for inspecting the documents.
