AMENDMENTS ADOPTED

SUMMARY

This bill proposed to require the Commissioner of Inland Fisheries and Wildlife to establish alternate-year opening and closing of certain ponds to ice fishing. The bill also proposed to establish a 2-line limit for ice fishing on great ponds managed for cold-water species. The committee's majority report amendment (H-132) struck the language of the bill and proposed instead to lower the ice fishing line limit on Class B waters from 5 lines to 3 lines. The amendment proposed to permit the Commissioner of Inland Fisheries and Wildlife to set a different line limit not to exceed 5 lines. This provision would have been repealed on June 30, 1993.
