LD 967 An Act to Eliminate the Lobster Management Task Force**PUBLIC 607**

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
BRAWN	OTP-AM	H-765 CHONKO
CARROLL J		S-290
SKOGLUND		

SUMMARY

This bill proposed several changes to the laws governing lobster fishing. The Class II license provision of crew assistance was proposed to be changed from 2 unlicensed crew members to one unlicensed crew member. A Class III license would have been added to permit crew assistance from 2 unlicensed crew members. Age restrictions for Class I licenses were proposed to be removed, and new license fees proposed at \$53 for Class I, \$106 for Class II and \$159 for Class III.

This bill also proposed a moratorium on the sale of licenses in 1992 and 1993 during which time only persons issued 1990 licenses would have been permitted to purchase licenses during the 2-year moratorium. A trap fee of 50¢ per trap was proposed and a trap limit program set up to reduce the number of traps that may be fished from 1,000 to 600 over a 4-year period.

The bill also proposed to establish a Commission to Study Entry into the Lobster Fishery for the purposes of reviewing the entry and exit of lobster harvesters in Maine's lobster fishery and to propose a license cap to manage the lobster fishing effort through the issuance of licenses.

Committee amendment A (S-290) replaced the bill. The amendment proposed to create a 13 member task force to study the lobster fishery.

House amendment B (H-765) replaced the Committee amendment and amended the budget bill (PL 1991, c. 591) by repealing the appropriation that would have funded the study.
