Under current Medicaid regulations, which have also been adopted by the Maine Health Program, licensed psychiatric hospitals may be reimbursed only for providing inpatient services to patients under 22 years of age or over 64 years of age, while general hospitals may be reimbursed for providing these services to individuals of all ages. LD 1080 An Act to Require the Department of Human Services to Adopt Criteria for Competitive Reviews of Hospital Certificate of Need Projects and for Other Purposes

LV/WD

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
FOSTER CONSTANTINE CARROLL J PEARSON	LV/WD	

SUMMARY

This bill modifies provisions of the laws governing certificates of need that affect the manner in which certain hospital projects are reviewed and approved. Under existing law, all so-called major hospital projects must be grouped for a one-time annual review within the constraints of the Certificate of Need Development Account. This bill requires the department to adopt rules setting forth criteria for establishing priorities among such projects based on consideration of the factors enumerated.
