**SUMMARY**

This bill requires that, prior to terminating a client's probation, the court hold a hearing and notify the probation officer of the hearing, giving the probation officer an opportunity to comment on termination.

Committee Amendment "A" (H-207) adds a fiscal note to the bill, indicating that the court may require additional appropriations in order to hold hearings and provide notice.

House Amendment "A" (H-337) replaces the original bill and Committee Amendment A. It requires that a probationer must notify the probationer's probation officer when a motion is made to terminate probation, and the court may not order termination unless the probationer has provided the notice. Because the probationer is responsible for the notice and the hearing requirement is eliminated, this amendment obviates the need for a fiscal note.

**SUMMARY**

This bill provides statutory authority to counties to establish community home-release monitoring programs for certain prisoners of county jails.

Committee Amendment "A" (H-243) adds an emergency preamble to the bill and moves the language to a more appropriate location in the statutes. For sentences of 30 days or more, the amendment reduces the amount of time that must be served prior to home-release from 2/3 to 1/2 of the sentence, and clarifies that good time and other earned deductions are counted when calculating how much of a sentence has been served. The amendment also removes a provision in the bill which prohibits inmates on home-monitoring from receiving good time. The amendment also adds a fiscal note to the bill.
