AMENDMENTS ADOPTED

SUMMARY

Service contracts are extended repair agreements that are sold separately from a consumer product and provide the purchaser with protection against breakdowns that are not covered by the product's regular express warranty. Service contracts are often administered or guaranteed by companies separate from the sellers of the consumer goods. This bill provides that the seller of the consumer product must make any repairs or service calls covered by the service contract if the company administering the service contract goes out of business.

COMMITTEE REPORT

AMENDMENTS ADOPTED

SUMMARY

At the recommendation of the Audit & Program Review Committee, a law was passed in 1987 that required a license to practice landscape architecture. Prior to that time persons had to be registered in order to call themselves Maine registered landscape architects. Qualifications were a degree from a college of landscape architecture and 2 years experience. The 1987 law grandfathered persons who were registered (since the qualifications did not change) and gave other practitioners until January 1, 1992 to become licensed.

This bill deletes language added in 1987 forbidding the practice of landscape architecture by unlicensed persons.
