#### **SUMMARY**

This bill amends several of the provisions relating to the group life insurance program administered by the Maine State Retirement System for state employees, teachers and employees of participating local districts and their dependents. Specifically, the bill:

- Provides that information relating to designation of beneficiaries and amount of coverage of persons participating in this group life insurance program is confidential and not "public records";
- 2. Designates the effective date for increased coverage when a participant's compensation increases;
- 3. Makes it clear that a participant who is employed by 2 or more employers whose employees are eligible to participate in this program may insure dependents no more than once;
- 4. Requires that a designation of beneficiary or a change of designation of beneficiary must be received in the retirement system office to be in effect;
- 5. Changes the procedures for application for coverage; and
- 6. Makes several technical changes relating to continuation of coverage for participants who retire.

Committee Amendment "A" (S-223) changes the original bill to adopt a simplified and more stable process for setting the amount of group life insurance coverage based on gross earnings under the plan administered by the Maine State Retirement System. The retirement system would implement this process beginning in April of 1992.
