SUMMARY

This bill requires malt liquor kegs to be labelled and requires the seller of a malt liquor keg to record the name of the purchaser. The bill also requires the seller to collect a deposit on a keg and provides that the deposit is forfeited if the keg is returned without the label. Finally, the bill imposes a fine on possession of an unlabeled keg.

Committee Amendment "A" (H-490) replaces the bill with a substantially similar proposal. The amendment requires kegs to be labeled, but limits the labeling requirement to kegs sold to licensees who will sell the kegs for consumption off the premises. The amendment requires the purchaser to fill out a form and requires the seller to retain the form. The amendment also creates a civil violation for possession of an unlabeled keg and a criminal penalty for removing or defacing a tag.

House Amendment "B" (H-683) clarifies that a person who purchases a tagged keg and who returns it without a tag is presumed to have removed the tag, and clarifies that the keg wholesaler is responsible for printing and distributing the forms to be filled out by purchasers and the labels for the kegs.

LD 1678 An Act to Establish the Locations of State Liquor Stores**INDEF PP**

SUMMARY

This bill prohibits the State Liquor Commission from closing state liquor stores. If the commission intends to close a store, it would be required to submit legislation to exempt the closure from the operation of this law. This process allows the Legislature to have a stronger voice in the decision to close stores than under current law. Current law only permits the Legislature to advise the commission on whether to close a state liquor store.

Committee Amendment "A" (S-245) replaces the bill but achieves the same purpose as the bill. The amendment places in law the location of each state liquor store currently in operation and requires the commission to continue to operate each of those stores. The amendment also prohibits the commission from operating stores in municipalities not included in the list. The commission may recommend that the Legislature amend the law if the commission believes it is desirable or necessary to close stores in the designated municipalities or to open stores in additional municipalities. The amendment permits the commission to move a store location within a municipality and to temporarily close a store if a flood, fire, or other natural disaster or other event beyond the control of the commission makes the store inoperable. The amendment also adds a fiscal note to the bill.

LD 1678, as amended by Committee Amendment "A", appears as Part Z of the budget bill, LD 1967. The proposal was amended to reflect the required closure of 5 state liquor stores, most likely in municipalities that currently have more than one state store.
