SUMMARY

This bill was reported by a minority of the members of the Joint Standing Committee on Aging, Retirement and Veterans. The bill reduces the share paid by the State for group health insurance premiums for retirees who were first employed by the State after July 1, 1991 and who work for the State for less than 10 years before retiring. The amount of the reduction is based on the number of years that the retiree worked for the State. The bill also provides for a study of alternative retirements that could be provided to new state employees and reserves the right to make any changes resulting from the study applicable to persons first employed by the State after July 1, 1991.

SUMMARY

The purpose of this bill is to amend the judicial retirement laws to reduce the amount of time that must pass before the condition of a recipient of a disability retirement benefit is reviewed for continued payment of the benefit. This will treat judges the way other state employees are currently treated under retirement laws.
