H-1117

SUMMARY

This bill changes the laws governing the Maine Health Care Finance Commission. The bill changes the language governing interim adjustments to specify that the rule change to increase or decrease the amount of the credit must be proposed during the cycle. The bill clarifies the burden of proof governing contests of proposed revenue limits by specifically referring to them in the statutory provision governing the burden to be applied in original proceedings before the commission. Finally, this bill expands the amount of time available to complete formal proceedings in interim adjustment cases, in order to allow the commission to permit informal negotiation for a reasonable period of time after an interim adjustment application has been filed.

Committee Amendment "A" (H-1117) modifies and clarifies the statutory changes made in the bill.

AMENDMENTS ADOPTED
H-1179
S-780 BRANNIGAN

SUMMARY

This bill promotes the early establishment of counseling for children in foster care who can not be returned immediately to their families.

Committee Amendment "A" (H-1179) clarifies the language in the original bill and places it in a more appropriate section of the Maine Revised Statutes. The amendment adds a provision requiring Medicaid coverage by October 1, 1992 for crisis counseling for children who are removed from their homes.

Senate Amendment "A" (S-780) adds language requiring the Department of Human Services to pay for the newly required counseling within available resources and replaces the fiscal note.
