LD 17 **An Act to Prohibit the Use of Jet Skis on Great Ponds** **ONTP**

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
STEVENS A ONTP

SUMMARY

This bill proposed to add restrictions on the use of personal watercraft, such as jet skis. Personal watercraft would have been permitted only on coastal waters and on great ponds larger than 150 acres in surface area, except that personal watercraft would have been banned on any section that is less than 3 miles across. The noise level of the watercraft would have been tested at the peak sound emission, which is when the personal watercraft is bouncing over the water. No operator would have been permitted to operate at any speed within 200 feet of any other watercraft, including rafts, as well as any swimmer or the shore, except if the operator were leaving the shore to reach the area at least 200 feet from the shore. Within 200 feet of shore, however, the water safety zone restrictions would have required that the operator operate at no greater than headway speed within 200 feet of shore.

LD 31 **An Act to Lower the Age at Which Residents Are Entitled to Complimentary Hunting and Fishing Licenses** **ONTP**

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
ANDERSON ONTP

SUMMARY

This bill proposed to lower the age at which complimentary hunting, trapping and fishing licenses are issued from 70 years of age to 65 years of age.

LD 101 **An Act to Amend the Laws Limiting the Number and Size of Fish Taken** **ONTP**

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
LIBBY J L ONTP

SUMMARY

This bill proposed to amend the section of law that deals with the number, amount, weight and size of fish by deleting the part that limits the size of the fish a person may take from Maine waters.

LD 109 **An Act to Improve Safety for Snowmobile and ATV Operators** **ONTP**

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
WINN ONTP

SUMMARY

Under this bill a landowner, lessee or occupant of land who has control over the placement of or continued existence of any potentially hazardous obstruction on that land would have been required to clearly mark the obstruction with fluorescent orange tape or flags. For purposes of this provision, "potentially hazardous obstruction" would have meant any man-made object, including cables, which are
