This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

The amendment is permissive and does not require any municipal enforcement of the natural resource protection laws or any additional certification or training of code enforcement officers. The amendment does not limit or affect the ability or the duty of the Department of Environmental Protection to enforce environmental laws.

The amendment also encourages the department and municipalities that choose to exercise local natural resource protection laws enforcement authority to discuss options for resolving violations of those laws in a manner that ensures compliance with laws of the State while promoting cooperation between state and municipal government.

House amendment "A" (H-39) added a fiscal note to the committee amendment.
