This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

SUMMARY

This bill would have prohibited clear-cutting of timber within one mile of a great pond.

LD 189 An Act to Facilitate Municipal Road Construction PUBLIC 315

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
LORD	OTP-AM	H–299

SUMMARY

This bill would have exempted the maintenance of roads by a municipality from permits required under the natural resource protection laws, the site location of development laws and the mandatory shoreland zoning laws, provided the municipality stayed within the bounds of the right-of-way.

Committee Amendment "A" (H-299) replaces the bill and limits the exemption to replacement of existing road culverts. Current law permits a person to replace an existing road culvert with a larger culvert without obtaining a shoreland zoning permit or a permit issued under the natural resources protection laws, provided the culvert meets certain conditions. This amendment repeals the condition that the new culvert may not be more than one standard culvert size larger than the existing culvert.
