COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-127

SUMMARY

This bill requires municipalities to classify composting activities as agricultural activities for the purpose of applying land use and zoning ordinances.

Committee Amendment "A" (H-127) replaces the bill. It amends the definition of "farm operation" in the so-called "right-to-farm" law to include composting of material from the farm or composting of material to be used at least in part on the farm. This change to the "right-to-farm" law means that a farmer is not considered to be causing a nuisance by engaging in composting activities, provided the composting is performed in accordance with best management practices as set out by the Department of Agriculture, Food and Rural Resources. Under current law, composting may also be subject to regulation by the Department of Environmental Protection.
