This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

Committee amendment "A" (S-53) adds an emergency preamble and an emergency clause to the bill. The amendment also changes the date in the bill that pertains to the deadline for the adoption of ordinances by towns that have adopted a comprehensive plan from January 1, 1995 to July 1, 1994. The amendment also strikes that section of the bill that permits the Office of Community Development to issue implementation grants to towns before the adoption of a comprehensive plan.

SPONSOR(S) NICKERSON	COMMITTEE REPORT ONTP	AMENDMENTS ADOPTED
--------------------------------	---------------------------------	---------------------------

SUMMARY

This bill would have imposed a moratorium on a municipality's issuance of new permits for subsurface wastewater disposal systems if that municipality is not in compliance as of August 31, 1993 with the laws that require each municipality to provide for the disposal of all refuse, effluent, sludge and any other materials from all septic tanks and cesspools located in that municipality. The bill would have also amended current law to require that a municipality's disposal capacity be sufficient to handle its share of septage, and to add holding tanks to the list of systems for which the municipality is responsible for the disposal of septage.
