COMMITTEE REPORT

AMENDMENTS ADOPTED

SUMMARY

This bill proposed to address 6 different matters related to whitewater rafting in this State.

1. Under current law, the Commissioner of Inland Fisheries and Wildlife reviews an outfitter's whitewater experience in making decisions about granting commercial whitewater rafting allocations on the Penobscot River and the Kennebec River. There are 2 types of experience that are reviewed: experience on the river for which the allocation is sought and experience on rivers other than the those for which the allocation is sought. There has been some controversy about the proper interpretation of what the 2nd type of experience includes. The bill proposed to clarify this provision.
2. Current law provides that the Commissioner of Inland Fisheries and Wildlife must establish an 800 commercial passenger limit for Sundays on the Kennebec River if the commissioner anticipates sufficient releases of water. The bill proposed to establish an 800 commercial passenger limit for Sundays and to remove the requirement that the commissioner establish the limit by rule.
3. The bill proposed to remove the requirement that there be allocations on the Penobscot River on Sundays.
4. The bill proposed to remove obsolete references to the Whitewater Advisory Committee, which was terminated by sunset on June 30, 1990.
5. Under current law, an outfitter may not transfer allocations, through the Department of Inland Fisheries and Wildlife, to another outfitter unless the first outfitter surrenders that outfitter's license to the department. This stands in the way of an outfitter transferring a portion of the
