SUMMARY

This bill increases from one to 3 the number of commissioners of local housing authorities who must be residents of assisted housing and increases from one to 3 the number of Maine State Housing Authority commissioners who must be residents of assisted housing.

The committee amendment (H-264) allows 7 commissioners to be appointed to a municipal housing authority, an increase from 6 commissioners permitted by current law. The amendment also requires that in a municipality with subsidized housing, at least 2 of the commissioners be residents of that housing. The amendment removes the provisions of the bill relating to the Maine State Housing Authority and also adds the necessary state mandate preamble and fiscal note.

H-398

SUMMARY

This bill creates the Maine Cooperative Housing Ownership Act to provide for affordable housing in the State. The housing in the bill is aimed specifically at creating housing cooperatives, with emphasis on providing affordable housing for successive generations.

The committee amendment (H-398) replaces the original bill, although much of the same language remains essentially intact. The amendment makes several technical changes, including placing the legislation in Title 13 and clarifies that the legislation is one means of providing housing on a cooperative basis. The amendment specifies that any cooperative arrangement is subject to property taxes and also adds a fiscal note.

SUMMARY

This bill moves the Maine Job-start Program from the Finance Authority of Maine and places it with the Department of Economic and Community Development. The move also shifts control to the local level by placing the revolving loan fund and the loan approval process with the local community action agency. The bill changes the name of the Maine Job-start Program to the Maine Micro Enterprise Development Program.

The committee amendment (S-126) establishes procedures for the Finance Authority of Maine to approve local community action agency control of portions of the Job-start Revolving Loan Fund. The amendment also adds the necessary fiscal note.

The Senate amendment (S-128) is presented on behalf of the Committee on Bills in Second Reading in order to make technical corrections.
