**SUMMARY**

This bill would have prohibited the State from contributing to benefits for Legislators on or after December 1, 1993. Legislators could still participate in the Maine State Retirement System health plan by paying the full premium and the State would have to pay a portion of the premium for an otherwise eligible retiree as long as that Legislator retires before December 1, 1993 or is eligible for the payment due to other state service. This bill would have retained all of the provisions of the Maine Legislative Retirement System except that creditable service could not be earned for service after November 30, 1993. Death benefits after November 30, 1993 are limited to the Legislator's accumulated contributions but would be unchanged for a former Legislator receiving a disability retirement allowance as of December 1, 1993. A cost-of-living adjustment may not be made to any legislative retirement allowance after November 30, 1993.

**SUMMARY**

This bill ensures that there is no reduction of earnable compensation and creditable service for teachers affected by the Maine Retirement System for released time spent performing the part-time duties of the office of president of a certified bargaining agent. The released time provision must be negotiated as part of a collective bargaining agreement and appropriate withholdings must be made to the Maine State Retirement System by the school administrative unit on the part-time president's earnings.
