COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-180

SUMMARY

This bill allows the Maine Emergency Medical Services' Board to eliminate an arbitrary cutoff date by which licensees may no longer use an alternative to relicensure testing.

The bill also provides equal treatment of physician's assistants and nurse practitioners in their ability to provide emergency care to the patients of their supervising physicians.

Committee Amendment "A" (H-180) reconciles 2 sections of the law regulating the relicensing interval for emergency medical services personnel. It eliminates the portion of the law that states the relicensing interval is 3 years and clarifies the portion that states that the Emergency Medical Services Board is to set the interval by rule.

COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-245

SUMMARY

Federal law requires that a health notice concerning formaldehyde emissions be prominently displaced in the kitchen of new manufactured houses and that a copy be placed in the owner's manual.

This bill requires that the notice also be given the purchaser at the time of signing the purchase agreement.

Committee Amendment "A" (H-245) adds a fiscal note to the bill.

LD 933 An Act to Allow Home Buyers to Conduct Inspections for Asbestos, Lead Paint, Radon and Other Hazardous Conditions

COMMITTEE REPORT
ONTP

AMENDMENTS ADOPTED

SUMMARY

This bill allows home buyers the option to condition their purchase of a home on the results of an inspection for hazardous problems such as high radon levels, lead paint or asbestos.

This bill requires that all written home purchase contracts set forth this inspection option. If the buyer decides to have an inspection and, within a set number of days, finds the results unfavorable, the buyer may void the contract and receive back any earnest money already paid. Sellers and buyers may agree in writing to exempt themselves in whole or in part from the requirements of this bill.
