SUMMARY

This bill would have prohibited the killing of certain plant species in coastal sand dune systems and coastal wetlands. The bill would have allowed harvesting of portions of certain plant species in those areas in accordance with rules adopted by the Commissioner of Conservation.

Committee amendment "A" (H-255) changed the title and replaced the bill. The amendment allows persons lawfully harvesting marine organisms or vegetation under marine resource laws to engage in those activities in a coastal wetland without a permit from the Department of Environmental Protection. The amendment also clarifies that soil disturbances or removal of vegetation in coastal wetlands during the conduct of those lawful activities is not a violation of the natural resources protection laws.

House amendment "A" (H-275) was presented on behalf of the Committee on Bills in Second Reading to correct a technical error.

LD 968 **An Act to Establish a Moratorium on the Search for a
Maine Site for Low-level Radioactive Waste Disposal, to
Impose Additional Duties on the Low-level Radioactive Waste
Authority and to Provide for a Review of the State's Role
in the Storage and Disposal of Low-level Radioactive Waste** ONTP

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
FARNSWORTH ONTP

SUMMARY

This bill would have imposed a 2-year moratorium on the low-level radioactive waste disposal facility siting process. During that period, the Advisory Commission on Radioactive Waste would have been charged with reviewing the State's role and policy in the siting process; the structure and composition of, and the procedures used by, the Maine Low-level Radioactive Waste Authority; and the existing state law and its relationship with federal law, precedent and municipal ordinances.

LD 975 **An Act to Allow for the Use of Multi-layered Packages** CARRIED OVER

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
BUSTIN
ALIBERTI

SUMMARY

This bill amends the State's ban on composite beverage containers to clarify that only those containers that are not lightweight and can not be recycled through commercially available technological processes are banned. The bill also exempts this type of beverage container from coverage by the beverage container deposit law. The committee voted to carry over the bill. (See also LD 256)

LD 990 **An Act to Supplement Environmental Enforcement** CARRIED OVER

SPONSOR(S) **COMMITTEE REPORT** **AMENDMENTS ADOPTED**
COLES

SUMMARY

This bill allows a Maine resident to initiate an enforcement action for an alleged violation of laws protecting the environment and the State's natural resources. The committee voted to carry over the bill.
