OTP-AM**AMENDMENTS ADOPTED**
S-54**SUMMARY**

This bill increases employer contributions to the Unemployment Compensation Fund and limits unemployment benefits to eliminate the deficit for 1993 and 1994. The fund is projected to have a deficit of \$14,400,000 for 1993 and \$43,600,000 for 1994, based on insured unemployment rates of 4.8% and 4.6%, respectively, for these years. Benefits are reduced by freezing the maximum weekly benefit amount until June 1, 1995 and by reducing the weekly benefit amount by \$6 for all new claims filed from April 1, 1993 to December 31, 1994. A flat surtax is imposed on employers which is .7% of covered wages for 1993 and .8% for 1994. In addition, the contribution rate for employers who have the maximum rate is increased by 1.0%.

This bill extends the sunset dates for the alternate base period and the dislocated worker benefits program, or DWB, through March 31, 1995 and allows that program to continue to exist through that date despite the low Unemployment Compensation Fund reserves. The bill makes one change to the extended benefit program by eliminating the special work search and suitable work requirements from March 6, 1993 to January 1, 1995. This is a change required by federal law.

The Committee Amendment (S-54) adds a fiscal note and transfers funds from the Department of Labor's Special Administrative Expense Fund to the General Fund to cover the cost of the increased contribution rate for the Department of Agriculture, Food and Rural Resources.
