An Act to Correct Volume Deficiencies in Hospital Base-year Budgets Administered by the Maine Health Care Finance Commission

COMMITTEE REPORT

**AMENDMENTS ADOPTED** 

BERUBE

ONTP

#### SUMMARY

The Maine Health Care Finance Commission annually adjusts the financial requirements to which a hospital is entitled based on a comparison of current hospital volume and volume budgeted for the base year. The Maine Health Care Finance Commission has taken the position that it is not authorized to adjust a hospital's base-year volume statistic under the Maine Revised Statutes, Title 22, section 396-D, subsection 9-A unless a very specific set of circumstances exists. This bill provides the Maine Health Care Finance Commission with the authority to rectify that situation in those cases when it is unable to do so under Title 22, section 396-D, subsection 9-A by allowing the substitution of actual hospital volume in the base year for estimated base-year volume.
