This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

The committee report or reports, the prime sponsor for each bill and the lead co-sponsor in each house if one has been designated are listed below each bill title. all costs if the animal suspected of having rabies is undomesticated. The municipality pays if the animal suspected of having rabies is domesticated but has no known owner. The amendment also gives animal control officers, local health officers and game wardens the authority to immediately kill an undomesticated animal, a domesticated ferret, wolf or wolf hybrid if that animal has bitten a person and is suspected of having rabies; and clarifies a municipality's responsibilities with respect to animal control.

The amendment also requires the Commissioner of Human Services to report back to the Joint Standing Committee on Agriculture on efforts regarding rabies prevention and protection and to include legislation to implement recommendations in the report.

LD 1085 **An Act Repealing Advisory Boards on Agriculture Matters** PUBLIC 251

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
	OTP-AM	H-302

SUMMARY

This bill was submitted in compliance with Public Law 1991, chapter 844, section 8, which requires the Secretary of State to submit legislation repealing certain advisory boards and commissions. The bill repeals the Maine Agricultural Viability Advisory Committee, the Integrated Pest Management Advisory Committee, the Animal Welfare Board, the Animal Welfare Advisory Committee and the Commission on Biotechnology and Genetic Engineering.

The committee amendment (H-302) strikes sections of the bill repealing the Animal Welfare Board, the Animal Welfare Advisory Committee and the Commission on Biotechnology and Genetic Engineering. Those boards would continue to operate, as under current law. The amendment leaves intact parts of the bill that repeal the Maine Agricultural Advisory Committee and the Integrated Pest Management Advisory Committee, which have not been active in the past year. The amendment strikes a reference to the Integrated Pest Management Advisory Committee which was not stricken in the bill.
