SUMMARY

This resolve establishes the Academy for Public Service Study Committee. The committee shall review existing documents and reports and examine to what extent the existing education and training resources of the University of Maine System and other higher education institutions meet the personnel education and training needs of State Government and local government. The committee shall also study the feasibility of organizing and coordinating resources within higher educational systems and State Government to create an academy for public service for personnel already in or contemplating direct services, supervisory, administrative or elected positions. The committee is required to hold its first meeting by October 15, 1993 and to report its findings to the First Regular Session of the 117th Legislature.

Committee Amendment "A" clarifies that the University of Maine System can absorb miscellaneous costs associated with the Academy for Public Service Study Committee's report, up to but not exceeding \$500. The amendment also adds a fiscal note.

Senate Amendment "A" to Committee Amendment "A" changes the committee's source of staffing from the Legislative Council to the University of Maine System and other institutions whose members serve on the committee.
