COMMITTEE REPORT
OTP-AM

AMENDMENTS ADOPTED
H-320

SUMMARY

This bill proposed to remove the framework for setting the deer hunting season that is currently in the laws and to give the Commissioner of Inland Fisheries and Wildlife flexibility to establish deer hunting seasons.

The bill also proposed to give the commissioner the authority to regulate deer populations in problem areas, including islands, where the herd is not, or can not, be controlled under the existing system by establishing special hunts to remove deer on a quota basis during early winter.

The committee amendment (H-320) preserves the current framework for setting deer seasons. It provides that the commissioner may establish deer seasons in problem areas.
