records available to the public and to keep lists of employees and make them available to certain public agencies, auditors and employee organizations.

COMMITTEE AMENDMENT "A" (H-865) replaced the original bill but retained the bill's intent to limit the use of public funds to influence employees regarding unionization. The amendment extended the coverage of the bill to employee organizations seeking to unionize employees of covered employers and removed all governmental entities from the application of the bill. The amendment provided an exception to the disclosure requirement of records that would fall within an exception to the freedom of access laws and removed the requirement that a list of employees be provided upon demand. The amendment removed the provision prohibiting discrimination and streamlined the enforcement procedures. The amendment also removed the administrative penalty section and added a fiscal note.

SENATE AMENDMENT "B" (S-575) removes from the committee amendment the provision that makes the records relating to a program or a position funded with state funds fully accessible as public records. It replaces the subsection describing the enforcement procedures and provides that the records must be made available to the investigating department.

SUMMARY

This bill authorizes the Director of the Bureau of Human Resources to approve payment of recruitment and retention adjustments for certain occupations in State Government in connection with the state mental health institutions. The provision is similar to the former Maine Revised Statutes, Title 5, section 7065, subsections 2-A, 2-B and 2-C.

COMMITTEE AMENDMENT "A" (H-892) removes the limitation in the original bill that restricted the use of recruitment and retention adjustments to occupations in the state mental health institutions and adds a fiscal note.
