**ONE HUNDRED EIGHTEENTH LEGISLATURE
FIRST REGULAR AND FIRST SPECIAL SESSIONS**

**Summary Of Legislation Before The Joint Standing Committees
August 1997**

We are pleased to provide this summary of bills that were considered by the 15 Joint Standing Committees of the Maine Legislature staffed by this office. The document is a compilation of bill summaries which describe each bill, committee amendments and other relevant amendments, as well as the final action taken on the bill. Also included are statistical summaries of bill activity this Session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills handled by the joint standing committees. It is organized alphabetically by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

- CARRIED OVER*.....*Bill carried over to Second Regular Session*
- CON RES XXX*.....*Chapter # of Constitutional Resolution passed by both Houses*
- CONF CMTE UNABLE TO AGREE*.....*Committee of Conference unable to agree; bill died*
- DIED BETWEEN BODIES*.....*House & Senate disagree; bill died*
- DIED IN CONCURRENCE*.....*One body accepts ONTP report; the other indefinitely postpones the bill*
- DIED ON ADJOURNMENT*.....*Action incomplete when session ended; bill died*
- EMERGENCY*.....*Enacted law takes effect sooner than 90 days*
- FAILED EMERGENCY ENACTMENT/FINAL PASSAGE*.....*Emergency bill failed to get 2/3 vote*
- FAILED ENACTMENT/FINAL PASSAGE*.....*Bill failed to get majority vote*
- FAILED MANDATE ENACTMENT*.....*Bill imposing local mandate failed to get 2/3 vote*
- INDEF PP*.....*Bill Indefinitely Postponed*
- ONTP*.....*Ought Not To Pass report accepted*

established a shrimp harvesting license, and it would have established the Shrimp Research Fund, a dedicated fund capitalized through commercial shrimp fishing license revenues.

The bill would have provided that a commercial shellfish harvester not licensed by the State could apply to a town for a municipal license but that a municipal commercial shellfish license could not be issued unless that applicant possessed a state commercial shellfish license.

LD 436 **An Act Authorizing the St. George River Shellfish Management Committee to Determine Availability of and Fees for Clam Licenses** **PUBLIC 247**
See LD 1837

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SKOGLUND PINGREE	OTP-ND-NT	

LD 436 would have allowed the municipalities of St. George, Cushing South Thomaston, Thomaston and Warren to determine the cost of municipal shellfish licenses. These five municipalities have entered into a regional shellfish management agreement and have formed the St. George River Shellfish Management Committee. The committee unanimously voted “ought to pass, new draft” on an amended version of the bill. This version was printed as LD 1837. LD 1837, which was enacted as Public Law 1997, chapter 247, removes, on a statewide basis, the \$200 cap that a municipality may set for a local resident shellfish license.

LD 456 **An Act to Return Revenue from Lease Sites for Aquaculture to Municipalities** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GOODWIN	ONTP MAJ OTP-AM MIN	

LD 456 proposed that the proceeds from an aquaculture lease be transferred to the municipality in which the leased site is located.

LD 468 **An Act Pertaining to the Aquaculture Lease Law** **PUBLIC 138**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HONEY	OTP-AM	H-167

LD 468 proposed to accomplish the following.

1. Provide for an experimental lease that may be for commercial aquaculture research as defined by the Commissioner of Marine Resources;
2. Eliminate the acreage cap for individual aquaculture leases and raise the individual ownership cap to 250 acres;

3. Provide that a hearing be held for an experimental lease only in the event that 5 or more individuals request one;
4. Provide that the biological assessment of an aquaculture site will take place during that time of the year determined to be biologically significant;
5. Add the Department of Inland Fisheries and Wildlife to the list of state agencies to be notified of an aquaculture hearing;
6. Raise the cap for total acreage to be owned by one individual to 250 acres in the context of lease renewals;
7. Raise the cap for total acreage owned by one individual to 250 acres in the context of transferring of leases;
8. Provide that a lease may be amended; and
9. Repeal that section of the statutes which provides for a lease by rule.

Committee Amendment "A" (H-167) proposed to strike from the bill an experimental aquaculture lease, an emergency aquaculture lease, authority for a person to hold an interest in up to 250 acres of aquaculture leases and authority for the Commissioner of Marine Resources to amend aquaculture leases. The amendment also proposed to strike a requirement that an aquaculture lease applicant assess the impact of an aquaculture operation on other potential uses of a site. It also proposed to expand the time period during which the Department of Marine Resources must conduct an assessment of a proposed aquaculture site from May to September to April 1st to November 15th. It also proposed to provide the Commissioner of Marine Resources the authority to establish by rule levels of assessment appropriate to the scale or potential environmental risk posed by a proposed lease activity.

Enacted law summary

Public Law 1997, chapter 138 strikes a requirement that an aquaculture lease applicant assess the impact of an aquaculture operation on other potential uses of a site. It also expands the time period during which the Department of Marine Resources must conduct an assessment of a proposed aquaculture site from May to September to April 1st to November 15th. It also provides the Commissioner of Marine Resources the authority to establish by rule levels of assessment appropriate to the scale or potential environmental risk posed by a proposed lease activity. The law also adds the Department of Inland Fisheries and Wildlife to the list of state agencies to be notified of an aquaculture hearing and repeals that section of the statutes which provides for a lease by rule. It also repeals a requirement that aquaculture leases be issued in five-acre tracts.

LD 482 An Act Regarding the Harvesting of Periwinkles in the Unorganized Townships DIED BETWEEN BODIES
